LaFrance,1971      *Reader Response in Secondary and College Classrooms* Nicholas J. Karolides,2013-04-15 This text based on Louise M Rosenblatt s transactional model of literature focuses on the application of transactional reader response theory in the classroom It grows from frequent requests from secondary school and college teachers for teaching suggestions on how to put theory into practice This is not a What should I do on Monday cookbook but an expression of the practice of theory in college and secondary school classrooms The chapters portray a spectrum of strategies including biopoems expressive and imaginative writing journal writing readers theater role playing and unsent letters using as examples individual works from several genres Recognizing that teachers who may have been trained in other theories and methodologies may be hesitant about their quite different role and expectations in the reader centered classroom the authors provide stepping stones to develop readiness and confidence suggestions and insights to ease the transition to the transactional model of teaching and learning Pedagogical features An explanatory introduction to each section defines its orientation and describes the content and direction of the chapters it contains Invitations elicit engagement of readers with concepts attitudes or strategies presented in the chapters they invite readers as individuals or members of a small group to consider ideas or to practice a strategy among other activities in order to enhance understandings A glossary defines key concepts and strategies discussed in the text A bibliography provides an extensive list of resources books and journal articles both theoretical and applied New in the second edition Six new chapters three deal with the roles of film as literature in the English classroom and three with enhancing multicultural understandings Updates and revisions to several chapters that appeared in the first edition Invitations new in this edition have been added to focus and expand readers thinking      A New Jersey Reader ,1961      **Florida Studies** Claudia Slate,2009-03-26 Florida was the first region of the United States to be discovered explored and after a fashion settled by Euroamericans Its population in the early 21st century is approaching 17 million Within years the number of people living in the state will surpass those living in New York and the Sunshine State will become the most populous area east of the Mississippi The first book in English about Florida was written by Jean Ribault A French adventurer Ribault established a colony of Huguenots near present day Jacksonville He was captured by the very able Spanish commander Pedro Menendez who ordered his French rival and all his minions killed The state s long and colorful past is matched by its equally long and colorful literary production Strangely critical assessment of Florida literature has lagged far behind With this volume the Florida College English Association has formally begun an effort to correct this lamentable oversight Included are papers on every aspect of Florida literature and history by scholars from every part of the state who are employed in every kind of institution of higher learning Of special interest are the studies of Florida literature in the 19th century and in the late 20th and early 21st centuries areas that are generally ignored in national journals The papers on the contributions of African American literary figures such as Zora Hurston and James Weldon Johnson are noteworthy Of particular interest are the suggestions for teaching Florida studies in the classroom which can be adapted for

high school as well as college students      **The Aesthetics and Politics of the Crowd in American Literature** Mary Esteve, 2003-02-27 Mary Esteve provides a study of crowd representations in American literature from the antebellum era to the early twentieth century As a central icon of political and cultural democracy the crowd occupies a prominent place in the American literary and cultural landscape Esteve examines a range of writing by Poe Hawthorne Lydia Maria Child Du Bois James and Stephen Crane among others These writers she argues distinguish between the aesthetics of immersion in a crowd and the mode of collectivity demanded of political liberal subjects In their representations of everyday crowds ranging from streams of urban pedestrians to swarms of train travellers from upper class parties to lower class revivalist meetings such authors seize on the political problems facing a mass liberal democracy problems such as the stipulations of citizenship nation formation mass immigration and the emergence of mass media Esteve examines both the aesthetic and political meanings of such urban crowd scenes      The Portable American Realism Reader Various, 1997-12-01 During the pivotal

period of America's international emergence between the Civil War and WWI the aligned literary movements of Realism and Naturalism not only shaped the national literature of the age but also left an indelible and far reaching influence on twentieth century American and world literature Seeking to strip narrative from pious sentimentalities and according to William Dean Howells to paint life as it is and human feelings in their true proportion and relation Realism is best represented by this volume's masterly pieces by Twain Henry James Stephen Crane Kate Chopin and Willa Cather among others The joining of Realist methods with the theories of Marx Darwin and Spencer to reveal the larger forces biological evolutionary historical which move humankind are exemplified here in the fiction of such writers as Jack London Frank Norris and Theodore Dreiser

**A Companion to the American Short Story** Alfred Bendixen, James Nagel, 2020-08-24 A COMPANION TO THE AMERICAN SHORT STORY A Companion to the American Short Story traces the development of this versatile literary genre over the past two centuries Written by leading critics in the field and edited by two major scholars it explores a wide range of writers from Edgar Allen Poe and Edith Wharton at the end of the nineteenth century to important modern writers such as Ernest Hemingway William Faulkner F Scott Fitzgerald and Richard Wright Contributions with a broader focus address groups of multiethnic Asian and Jewish writers Each chapter places the short story into context focusing on the interaction of cultural forces and aesthetic principles The Companion takes account of cutting edge approaches to literary studies and contributes to the ongoing redefinition of the American canon embracing genres such as ghost and detective fiction cycles of interrelated short fiction and comic social and political stories The volume also reflects the diverse communities that have adopted this literary form and made it their own featuring entries on a variety of feminist and multicultural traditions This volume presents an important new consideration of the role of the short story in the literary history of American literature

**Reader's Adviser and Bookman's Manual** , 1921      *Reader's Guide to Military History* Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention

operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

**Reading America** Elizabeth Boyle,2009-03-26 This specially commissioned volume of essays offers a refreshing and unusual perspective on classic novels from the American literary canon Accessible to students scholars and the interested reader this engaging collection explores familiar novels through unfamiliar lenses and in so doing sheds light on surprising and previously overlooked aspects of each text Reading America presents a new approach to American literature by showcasing a cross section of recent research into previously untapped areas of interest Each chapter attempts to re read classic American texts using new or unorthodox theoretical frameworks including such diverse topics as an Emersonian reading of Don DeLillo decoding Thomas Pynchon with eco criticism and understanding Paul Auster s New York Trilogy by exploring the graphic novel version of City of Glass Other authors explored in this way include Henry James Truman Capote Ralph Ellison Toni Morrison Joyce Carol Oates and F Scott Fitzgerald This type of approach widens the reader s knowledge of each well known text and encourages new critical evaluations of contemporary American literature The collection moves through six large topic areas from Naturalism and an idea of the Great American Novel at the end of the nineteenth century through politics sexuality language and nature to a contemporary engagement with postmodernism Each essay deals with its own particular subject and author but the full impact of each on the notion of the American novel as a phenomenon can only be understood when read in conjunction with the others Of interest to both undergraduate and postgraduate students Reading America would be a valuable asset to any American Studies or American Literature degree course and a useful companion to American History or Politics courses The volume will also attract strong interest from established academics especially those researching the fields of literature critical theory cultural history and politics
