Stephen Antonakos David Ebony,2023-09-12 A retrospective of the preeminent Greek born American artist who was a pioneer in the use of neon in the realm of fine art Prolific multimedia artist Stephen Antonakos 1926 2013 is best known for his resplendent abstract neon sculptures instantly recognizable for their vibrant colors and crisp geometry Along with well known artists Lucio Fontana Bruce Nauman Keith Sonnier and his compatriot Chryssa Antonakos brought new perceptual and formal possibilities to the medium of neon This comprehensive book comprises Antonakos s diverse output of neon canvases drawings travel collages chapels and gold works all of which reflect an abiding concern with illumination incomplete geometric shapes and an almost mystical spirituality that is manifest throughout his oeuvre from his overtly religious pieces to his playful assembled collages from his trips to Greece His later works feature neon lights placed behind painted or gold leaf panels often bathing the surfaces and the surrounding space in gold halos like Byzantine icons a tradition that has long fascinated this extraordinary artist Author David Ebony provides research on Antonakos as a central figure in the international avant garde of the 1960s and 70s He also discusses the artist s Greek heritage and legacy as well as the spiritual and mystical aspects of his later works **Stephen Antonakos, Neons and Works on Paper** Sally Yard,1984

late nineteenth century London to its fading popularity today Christoph Ribbat follows writers artists and musicians from cultural critic Theodor Adorno British rock band the Verve and artist Tracey Emin to Vladimir Nabokov Langston Hughes and American country singers through the neon cities in Europe America and Asia demonstrating how they turned these blinking lights and letters into metaphors of the modern era He examines how gifted craftsmen carefully sculpted neon advertisements introducing elegance to modern metropolises during neon s heyday between the wars followed by its subsequent popularity in Las Vegas during the 1950s and 60s Ribbat ends with a melancholy discussion of neon s decline describing how these glowing signs and installations came to be seen as dated and characteristic of run down neighborhoods From elaborate neon lighting displays to neglected diner signs with unlit letters Flickering Light tells the engrossing story of how a glowing tube of gas took over the world and faded almost as quickly as it arrived
