Stephen Sondheim A Casebook:

Stephen Sondheim Joanne Gordon, 1999-11 A collection of 14 original essays examine the contemporary US dramatist's plays in chronological order highlighting how each evolved from his previous work Among the topics are images of women in the musicals Nixon's American and Follies Sondheim as master games player on performing Sondheim the art of illusion in Pacific Overtures and Assassins and the concept musical Annotation copyrighted by Book News Inc Portland OR **Reading**

Stephen Sondheim Sandor Goodhart, 2013-10-28 Stephen Sondheim is arguably the most important writer for the American musical stage today the equivalent in his field of Miller Albee O'Neill and Williams Yet he has rarely been treated seriously within the academy Reading Stephen Sondheim A Collection of Critical Essays is an attempt to remedy that situation Bringing together scholars and critics from a wide variety of literary and theoretical perspectives this book undertakes to examine all of Sondheim's major productions and themes **How Sondheim Found His Sound** Steve Swayne, 2010-02-09 The research is voluminous as is the artistry and perceptiveness Swayne has lived richly within the world of Sondheim's music Richard Crawford author of America's Musical Life A History Sondheim's career and music have never been so skillfully dissected examined and put in context With its focus on his work as composer this book is surprising and welcome Theodore S Chapin President and Executive Director The Rodgers the songs of Tin Pan Alley Broadway and Hollywood the theatrical innovations of Oscar Hammerstein II and his collaborators the cinematic elements found in certain film schools and the melodramatic style of particular plays and films Ultimately Sondheim found his sound by amalgamating these seemingly disparate components into his unique patois How Sondheim Found His Sound is the first book to provide an overview of his style and one of only a few to account for these various components how they appear in Sondheim's work and how they affect his musical and dramatic choices **The Stephen Sondheim Encyclopedia** Rick Pender, 2021-04-15 Praise from Jesse Green New York Times Chief Theater Critic Arts in the 2023 Holiday Gift Guide From A the director George Abbott to Y You Could Drive a Person Crazy The Stephen Sondheim Encyclopedia by Rick Pender offers an astonishingly comprehensive look in more than 130 entries at the late master's colleagues songs shows and methods The Stephen Sondheim Encyclopedia is a wonderfully detailed and comprehensive reference devoted to musical theater's most prolific and admired composer and lyricist Entries cover Sondheim's numerous collaborators from composers and directors to designers and orchestras key songs such as his Academy Award winner Sooner or Later Dick Tracy and major works including Assassins Company Follies Sweeney Todd and West Side Story The encyclopedia also profiles the actors who originated roles and sang Sondheim's songs for the first time including Ethel Merman Angela Lansbury Mandy Patinkin and Bernadette Peters Featuring a detailed biographical entry for Sondheim a chronology of his career a listing of his many awards and discussions of his opinions on movies opera and more this wide ranging resource will attract musical theater enthusiasts again and again Stephen Sondheim and the Reinvention of the American Musical Robert L. McLaughlin, 2016-08-11 From West Side Story in 1957 to

Road Show in 2008 the musicals of Stephen Sondheim 1930 2021 and his collaborators have challenged the conventions of American musical theater and expanded the possibilities of what musical plays can do how they work and what they mean Sondheim's brilliant array of work including such musicals as Company Follies Sweeney Todd Sunday in the Park with George and Into the Woods established him as the preeminent composer lyricist of his if not all time Stephen Sondheim and the Reinvention of the American Musical places Sondheim's work in two contexts the exhaustion of the musical play and the postmodernism that by the 1960s deeply influenced all the American arts Sondheim's musicals are central to the transition from the Rodgers and Hammerstein style musical that had dominated Broadway stages for twenty years to a new postmodern musical This new style reclaimed many of the self-aware performative techniques of the 1930s musical comedy to develop its themes of the breakdown of narrative knowledge and the fragmentation of identity In his most recent work Sondheim who was famously mentored by Oscar Hammerstein II stretches toward a twenty-first century musical that seeks to break out of the self-referring web of language Stephen Sondheim and the Reinvention of the American Musical offers close readings of all of Sondheim's musicals and finds in them critiques of the operation of power questioning of conventional systems of knowledge and explorations of contemporary identity **The Oxford Handbook of Sondheim Studies** Robert Gordon, 2014 This handbook presents a comprehensive introduction to all aspects of composer lyricist Stephen Sondheim's oeuvre Chapters come from a remarkably wide range of disciplines as they offer new insights into Sondheim's work not only for the stage but also for film and television describing in full how Sondheim has re-shaped American musical theater

Stages of Struggle John Louis DiGaetani, 2015-01-27 One way or another all playwrights use their work to explore the issues that interest them The characters in a play may trumpet their creator's political views from the stage or an unusual structure or set design may result from the playwright's interest in theatrical form It is also common particularly in the plays of the 20th and 21st century to see a playwright delving into psychological issues raised by his own mental struggles or those of people he loves Luigi Pirandello tormented by the schizophrenia of his wife and other family members repeatedly explored the problems caused by different visions of reality Noel Coward's self-obsessed characters reflect his own narcissism Alcoholism is a recurrent theme in the works of many playwrights including Eugene O'Neill Edward Albee and Brian Friel Through their exploration of these issues and more the great writers of the theater have turned suffering into art This book looks at the work of 20 playwrights to see how their examination of the disturbed mind has influenced the modern theater

Horton Foote Gerald C. Wood, 2014-07-16 This study is the first general critical introduction to the writing of Horton Foote recipient of two Academy Awards and the Pulitzer Prize These original essays survey Foote's career his work for theater television and film with analysis of Foote's major themes and characteristic style in all three media The casebook concludes with a list of Foote's produced work as well as a selective annotated bibliography of primary criticism on the playwright This book demonstrates the influence of personal biography and Southern literature on Foote's career The

essayists also investigate the writer's contribution to American dramatic realism and independent filmmaking emphasizing his experimentation with musical structure, de-dramatization and complex subtexts. Foote's disarmingly simple stories with their radically understated language are explained in many articles as the product of the subtle influence of the psychological and religious views of the author.

Arnold Wesker Reade W. Dornan, 2014-05-01 The only collection of essays on one of Britain's Angry Young Men, this book contains discussions of most of Wesker's published plays with an emphasis on the more recent works. Essays re-evaluate the plays that made Wesker a household name in Britain: the Trilogy, *The Kitchen* and *Chips with Everything*. Clive Barker, co-director of *Centre 42*, gives a fresh account of that movement, and playwright Paul Levitt provides a previously unrecorded history of *Caritas*, *Blood Libel* and *Shylock*. A personal profile of Wesker by novelist Margaret Drabble is reprinted from an earlier article. Original essays cover the theory and practice of theatre, Wesker's in-text stage directions, British television's adaptation of his plays, and an actor's and a director's perspectives on working with the playwright. Major international Weskerian critics are assembled here: Klaus Peter Müller and Heiner Zimmermann from Germany, Rossana Bonadei, Angela Locatelli and Alessandra Marzola from Italy, Keith Gore, Glenda Leeming, Martin Priestman, Jeremy Ridgman, Margaret Rose and Robert Wilcher from Great Britain, Menakshi Ponnuswami from India, Robert Gross, Kimball King and Robert Skloot from the United States. These essays take a wide range of critical approaches, from an exploration of gender to semiotics, biography and the New Historicism. This is the most comprehensive collection of criticism on Arnold Wesker to date. Every major Weskerian scholar writing in English has contributed a piece to this casebook. Originating in Germany, Italy, Great Britain, India and the United States, their essays create an international cultural context for Wesker's plays. They also position his work among his contemporaries in his historical era and in the political and theatrical environment that defines his world. Furthermore, they form a biographical profile of Wesker, often giving us firsthand accounts of turning points in his career. Finally, some essays evaluate and interpret the major plays, dissecting and scrutinizing the formal elements that make them distinct. Their critical approaches are varied in that they make liberal use of semiotics, Bakhtinian and communication theory, cultural studies and traditional readings. Their contributions compose a multi-faceted view of Wesker's life and work, setting out fresh arguments for all his plays.

Musicological Identities Jacqueline Warwick, 2017-07-05 No music scholar has made as profound an impact on contemporary thought as Susan McClary, a central figure in what has been termed the new musicology. In this volume, seventeen distinguished scholars pay tribute to her work with essays addressing three approaches to music that have characterized her own writings: reassessing music's role in identity formation, particularly regarding gender, sexuality and race; exploring music's capacity to define and regulate perceptions and experiences of time; and advancing new modes of analysis more appropriate to those aspects and modes of musicking ignored by traditional methods. Contributors include, in overlapping categories, many fellow pioneers, current colleagues and former students, and their essays like McClary's own work address a wide range of repertoires ranging from

the established canon to a variety of popular genres The collection represents the generational arrival of the new musicology into full maturity dividing fairly evenly between pre eminent scholars of music and a group of younger scholars who have already made their mark in significant ways But the collection is also and fundamentally interdisciplinary in nature in active conversation with such fields as history anthropology philosophy aesthetics media studies film music studies dramatic criticism women s studies and cultural studies **Sondheim in Our Time and His** William Anthony Sheppard,2022

Sondheim in Our Time and His offers a wide ranging historical investigation of the landmark works and extraordinary career of Stephen Sondheim a career which has spanned much of the history of American musical theater Each author uncovers those aspects of biography collaborative process and contemporary context that impacted the creation and reception of Sondheim s musicals In addition several authors explore in detail how Sondheim s shows have been dramatically revised and adapted over time Multiple chapters invite the reader to rethink Sondheim s works from a distinctly contemporary critical perspective and to consider how these musicals are being reenvisioned today Through chapters focused on individual musicals and others that explore a specific topic as manifested throughout his entire career plus an afterword by Kristen Anderson Lopez by digging deep into the archives and focusing intently on his scores from interviews with performers directors and bookwriters and close study of live and recorded productions volume editor W Anthony Sheppard brings together Sondheim s past with the present thriving existence of his musicals *Musical Theater* Alyson

McLamore,2016-09-16 For Surveys of Musical Theater Music Appreciation courses and Popular Culture Surveys This unique historical survey illustrates the interaction of multiple artistic and dramatic considerations with an overview of the development of numerous popular musical theater genres This introduction provides more than a history of musical theater it studies the music within the shows to provide an understanding of the contributions of musical theater composers as clearly as the artistry of musical theater lyricists and librettists The familiarity of the musical helps students understand how music functions in a song and a show while giving them the vocabulary to discuss their perceptions *Encyclopedia of Gay and Lesbian Popular Culture* Luca Prono,2007-12-30

During the 20th century through today gay and lesbian artists writers political activists and sports figures contributed their talents to all areas of popular culture Authors such as E Lynn Harris and Patricia Highsmith write bestselling novels Rupert Everett follows in the footsteps of Rock Hudson and others who starred in multimillion dollar films George Michael and k d lang have been the creative forces behind dozens of hit songs and the TV programs of Ellen DeGeneres Rosie O Donnell and the cast of *Queer Eye for the Straight Guy* are enjoyed in gay and straight households alike The *Encyclopedia of Gay and Lesbian Popular Culture* identifies the people films TV shows literature and sports figures that have made significant contributions to both gay and lesbian popular culture and American popular culture **Storytelling in Opera and Musical Theater** Nina Penner,2020-10-06

Storytelling in Opera and Musical Theater is the first systematic exploration of how sung forms of drama tell stories Through examples from opera s origins to

contemporary musicals Nina Penner examines the roles of character narrators and how they differ from those in literary and cinematic works how music can orient spectators to characters points of view how being privy to characters inner thoughts and feelings may evoke feelings of sympathy or empathy and how performers choices affect not only who is telling the story but what story is being told Unique about Penner s approach is her engagement with current work in analytic philosophy Her study reveals not only the resources this philosophical tradition can bring to musicology but those which musicology can bring to philosophy challenging and refining accounts of narrative point of view and the work performance relationship within both disciplines She also considers practical problems singers and directors confront on a daily basis such as what to do about Wagner s Jewish caricatures and the racism of Orientalist operas More generally Penner reflects on how centuries old works remain meaningful to contemporary audiences and have the power to attract new more diverse audiences to opera and musical theater By exploring how practitioners past and present have addressed these issues Storytelling in Opera and Musical Theater offers suggestions for how opera and musical theater can continue to entertain and enrich the lives of 21st century audiences

Extreme Exoticism William Anthony Sheppard, 2019 Extreme Exoticism explores the role of music in shaping American perceptions of the Japanese the influence of Japanese music on American composers and the place of Japanese Americans in American musical life over the past 150 years

The American Musical and the Performance of Personal Identity Raymond Knapp, 2010-06-21 The American musical has long provided an important vehicle through which writers performers and audiences reimagine who they are and how they might best interact with the world around them Musicals are especially good at this because they provide not only an opportunity for us to enact dramatic versions of alternative identities but also the material for performing such alternatives in the real world through songs and the characters and attitudes those songs project This book addresses a variety of specific themes in musicals that serve this general function fairy tale and fantasy idealism and inspiration gender and sexuality and relationships among others It also considers three overlapping genres that are central in quite different ways to the projection of personal identity operetta movie musicals and operatic musicals Among the musicals discussed are Camelot Candide Chicago Company Evita Gypsy Into the Woods Kiss Me Kate A Little Night Music Man of La Mancha Meet Me in St Louis The Merry Widow Moulin Rouge My Fair Lady Passion The Rocky Horror Picture Show Singin in the Rain Stormy Weather Sweeney Todd and The Wizard of Oz Complementing the author s earlier work The American Musical and the Formation of National Identity this book completes a two volume thematic history of the genre designed for general audiences and specialists alike

Music in American Life Jacqueline Edmondson, 2013-10-03 A fascinating exploration of the relationship between American culture and music as defined by musicians scholars and critics from around the world Music has been the cornerstone of popular culture in the United States since the beginning of our nation s history From early immigrants sharing the sounds of their native lands to contemporary artists performing benefit concerts for social causes our country s musical expressions reflect where

we as a people have been as well as our hope for the future This four volume encyclopedia examines music s influence on contemporary American life tracing historical connections over time Music in American Life An Encyclopedia of the Songs Styles Stars and Stories That Shaped Our Culture demonstrates the symbiotic relationship between this art form and our society Entries include singers composers lyricists songs musical genres places instruments technologies music in films music in political realms and music shows on television [The Musical](#) William Everett,2004-12-01 First published in 2005 Routledge is an imprint of Taylor Francis an informa company

How Sondheim Can Change Your Life Richard Schoch,2024-11-19 Discover the powerful and universal lessons from the music and lyrics of Stephen Sondheim the genius behind such musical theater masterworks as Company West Side Story and Into the Woods Stephen Sondheim died on November 26 2021 but for countless fans around the world he is still here to quote one of his lyrics With acclaimed revivals of his landmark shows occurring around the world and introducing new generations to the man who transformed American musical theater Sondheim s legacy has only grown What is it about such classic songs as Rose s Turn from Gypsy Send in the Clowns from A Little Night Music and Children Will Listen from Into the Woods that speaks to us so intimately and profoundly How Sondheim Can Change Your Life makes the case that Sondheim s greatness beyond the clever lyrics and adventurous music rests in his ability to tell stories that relate to us all From Louise s desire for freedom as Gypsy Rose Lee to Sweeney Todd s thirst for revenge we as an audience relate easily to Sondheim s characters His works understand us as much as we understand them Following the arc of Sondheim s career How Sondheim Can Change Your Life is rich with stories about productions and iconic performers deep readings of his music and lyrics and insights into his creative process But more than that it reveals how Sondheim s works can enrich our own lives
