**Modernism, Space and the City** Andrew Thacker, 2019-01-22 This innovative text examines the development of modernist writing in four European cities London Paris Berlin and Vienna Who's Who in Gay and Lesbian History Vol.1 Robert Aldrich, Garry Wotherspoon, 2005-10-25 Who's Who in Gay and Lesbian History From Antiquity to the Mid Twentieth Century is a comprehensive and fascinating survey of the key figures in gay and lesbian history from classical times to the mid twentieth century Among those included are Classical heroes Achilles Aeneas Ganymede Literary giants Sappho Christopher Marlowe Arthur Rimbaud Oscar Wilde Royalty and politicians Edward II King James I Horace Walpole Michel de Montaigne Over the course of some 500 entries expert contributors provide a complete and vivid picture of gay and lesbian life in the Western world throughout the ages Travel Narrative and the Ends of Modernity Stacy Burton, 2014 Combining theoretical arguments with close reading this text traces how twentieth century writers have reinvented travel narrative for new purposes **Princeton Alumni Weekly**, 1999 **The Aesthetic Cold War** Peter J. Kalliney, 2024-12-10 How decolonization and the cold war influenced literature from Africa Asia and the Caribbean How did superpower competition and the cold war affect writers in the decolonizing world In *The Aesthetic Cold War* Peter Kalliney explores the various ways that rival states used cultural diplomacy and the political police to influence writers In response many writers from Africa Asia and the Caribbean such as Chinua Achebe Mulk Raj Anand Eileen Chang C L R James Alex La Guma Doris Lessing Ngũgĩ wa Thiong'o and Wole Soyinka carved out a vibrant conceptual space of aesthetic nonalignment imagining a different and freer future for their work Kalliney looks at how the United States and the Soviet Union in an effort to court writers funded international conferences arts centers book and magazine publishing literary prizes and radio programming International spy networks however subjected these same writers to surveillance and intimidation by tracking their movements tapping their phones reading their mail and censoring or banning their work Writers from the global south also suffered travel restrictions

deportations imprisonment and even death at the hands of government agents Although conventional wisdom suggests that cold war pressures stunted the development of postcolonial literature Kalliney s extensive archival research shows that evenly balanced superpower competition allowed savvy writers to accept patronage without pledging loyalty to specific political blocs Likewise writers exploited rivalries and the emerging discourse of human rights to contest the attentions of the political police A revisionist account of superpower involvement in literature *The Aesthetic Cold War* considers how politics shaped literary production in the twentieth century *The Advocate* ,1999-11-09 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *The Agon of Modernism* Anne Quéma,1999 Lewis s political writings present ambiguities his stated belief in the autonomy of art from life is contradicted by other statements he made and by his critical analyses of writers and his political writings blur any a priori generic distinction between art and non art Given this blurring between art and life artistic genre and non artistic genre Quema claims that Lewis s political texts present characteristics usually attributed to avant gardism However this radicalism has to be balanced against Lewis s conservatism Thus his political writings can be read as allegories with two pragmatic aims to organize the life of the polis from an artistic standpoint and to persuade the reader to adhere to authoritarian politics **BOOK JACKET Who's who in Gay and Lesbian History** Robert Aldrich,Garry Wotherspoon,2002 500 entries from more than 100 contributors profiling gay and lesbians throughout history ranging from Sappho to Andre Gide most entries are accompanied by a bibliography **Modernism and the New Spain** Gayle Rogers,2012-10-03 How and why did a country seen as remote backwards and barely European become a pivotal site for reinventing the continent after the Great War *Modernism and the New Spain* argues that the Spanish problem the nation s historically troubled relationship with Europe provided an animating impulse for interwar literary modernism and for new conceptions of cosmopolitanism Drawing on works in a variety of genres Gayle Rogers reconstructs an archive of cross cultural exchanges to reveal the mutual constitution of two modernist movements one in Britain the other in Spain and stretching at key moments in between to Ireland and the Americas Several sites of transnational collaboration form the core of Rogers s innovative literary history The relationship between T S Eliot s *Criterion* and Jos Ortega y Gasset s *Revista de Occidente* shows how the two journals joined to promote a cosmopolitan agenda A similar case of kindred spirits appears with the 1922 publication of Joyce s *Ulysses* The novel s forward thinking sentiments on race and nation resonated powerfully within Spain where a generation of writers searched for non statist forms through which they might express a new European Hispanicity These cultural ties between the Anglo Irish and Spanish speaking worlds increased with the outbreak of civil war in 1936 Rogers explores the connections between fighting Spanish fascism and dismantling the English patriarchal system in Virginia Woolf s *Three Guineas* along with the international anti fascist poetic community formed by Stephen Spender Manuel Altolaguirre and others as they sought to establish Federico Garc a Lorca as an apolitical Spanish European poet Mining a

rich array of sources that includes novels periodicals biographies translations and poetry in English and in Spanish  
Modernism and the New Spain adds a vital new international perspective to modernist studies revealing how writers created alliances that unified local and international reforms to reinvent Europe not in the London Paris Berlin nexus but in Madrid

**The Longman Anthology of British Literature** David Damrosch, Kevin J. H. Dettmar, 2006 The goal of this anthology is to present a wealth of poetry prose and drama from the full sweep of the literary history of the British Isles and its empire and to do so in ways that will bring out both the works original cultural contexts and their lasting aesthetic power Pref

*Modernism* Michael H. Whitworth, 2008-04-15 This guide helps readers to engage with the major critical debates surrounding literary modernism A judicious selection of key critical works on literary modernism Presents a critical history from the earliest reviews to the most recent theoretical assessments Shows how modernist writers understood and constructed modernism Shows how succeeding generations have developed those constructions and brought new interpretations to bear on the subject Discusses how modernism relates to modernity and modernization and to other literary and cultural movements Texts have been selected for their relevance to the questions surrounding modernism and for their accessibility to readers with a limited knowledge of the modernist canon Includes a glossary and an annotated bibliography

**Asian English** Myles Chilton, Steve Clark, Yukari Yoshihara, 2022-01-24 Contesting the idea that the study of Anglophone literature and literary studies is simply a foreign import in Asia this collection addresses the genealogies of textual critique and institutionalized forms of teaching of English language and literature in Asia through the 19th and 20th centuries along with an examination of how its present options and possible future directions relate to these historical contexts It argues that the establishment of Anglophone literature in Asia did not simply happen there were extra literary and academic forces at work inserting and domesticating in Asian universities both the English language and Anglo American literature and their attendant cultural and political values Offering new perspectives for ongoing conversations surrounding the globalization of Anglophone literature in literary and cultural studies the book also considers the practicalities of teaching both the language and its canon of classic texts and that the historical formation and shape of English studies in Asia offers lessons that relate not only to the discipline but also may be applied to the humanities as a whole

**The Nature of Modernism** Elizabeth Black, 2017-11-22 This book presents the first extended study of the relationship between British modernist poetry and the environment Challenging reductive associations of modernism as predominantly anthropocentric in character and urban in focus the book's central argument is that within British modernist poetry there is a clear and sustained interest in the natural world which has yet to receive adequate critical attention Whilst modernist studies continues to emphasize the plurality of the movement and the breadth of voices and concerns within it the environmental consciousness of modernist literature and its response to changes to human nature relations following the experience of war and modernity remain largely unexamined Exploring British modernist poetry from an ecocritical perspective offers a fresh approach to the movement and its context

and produces original readings of both canonical and more marginalized modernist voices This book opens by discussing the relationship between modernism and ecocriticism and the benefits of creating a dialogue between the two It then presents new readings of Edward Thomas T S Eliot Edith Sitwell and Charlotte Mew that reveal a shared preoccupation with environmental issues and a common desire to find new ways of achieving physical psychological and artistic reconnection with nature Building on the continuing growth of ecocriticism this book demonstrates how green approaches to modernist studies can produce new insights into both individual poets and the modernist movement as a whole making it an essential resource for students of modernism ecocriticism and early twentieth century literature **Commonwealth of Letters** Peter J. Kalliney, 2013-07-26 Commonwealth of Letters examines midcentury literary institutions integral to modernism and postcolonial writing Several organizations central to interwar modernism such as the BBC influential publishers and university English departments became important sites in the emergence of postcolonial literature after the war How did some of modernism's leading figures of the 1930s such as T S Eliot Louis MacNeice and Stephen Spender come to admire late colonial and early postcolonial literature in the 1950s Similarly why did late colonial and early postcolonial writers including Chinua Achebe Kamau Brathwaite Claude McKay and Ngugi wa Thiong'o actively seek alliances with metropolitan intellectuals Peter Kalliney's original and extensive archival work on modernist cultural institutions demonstrates that this disparate group of intellectuals had strong professional incentives to treat one another more as fellow literary professionals and less as political or cultural antagonists Surprisingly metropolitan intellectuals and their late colonial counterparts leaned heavily on modernist theories of aesthetic autonomy to facilitate their collaborative ventures For white metropolitan writers T S Eliot's notion of impersonality could help recruit new audiences and conspirators from colonized regions of the world For black colonial writers aesthetic autonomy could be used to imagine a literary sphere uniquely resistant to the forms of racial prejudice endemic to the colonial system This strategic collaboration did not last forever but as Commonwealth of Letters shows it left a lasting imprint on the ultimate disposition of modernism and the evolution of postcolonial literature

Modernist Fiction R.W. Stevenson, 2014-09-11 In the revised edition of this popular text Randall Stevenson has expanded re-emphasised and amended his work to make it even more relevant to today's student studying the Modernist period in literature The book covers a wide range of modernist novelists and novels and also provides an invaluable guide to key developments in the genre Stevenson has developed his text by adding a discussion of Conrad's Heart of Darkness which is now taught more regularly than Lord Jim In addition he takes a fresh look at the politics of the Modernists in conjunction with the politics of their texts pointing out the drawbacks of politically progressive readings of many modernist novels Finally in the section on gender Stevenson includes discussions of such significant figures as Djuna Barnes HD Katherine Mansfield and Rebecca West as well as expanding the reference to Gertrude Stein throughout The revisions in this updated text serve to make the author's arguments sharper and allow the text to remain central to the discussion of modernism modernity and
