Stewardship Nathan Meador, Heath Curtis, 2021-08-04 Stewardship isn't just managing resources it's soul care Stewardship of time talents and treasure isn't just about sustaining the material of the church It's about guiding those resources in service of the church's primary mission proclaiming the good news of Jesus Christ Stewarding the lambs of Christ that make up your congregation encompasses all aspects of their lives material and spiritual Nathan Meador and Heath R Curtis present a practical theology of stewardship focused on ministry in service of the gospel Guiding pastors away from the pitfalls of idolatry around money they instead call stewards to embrace their identity in Christ and encourage their congregations to do the same This fresh approach to stewardship reorients both individuals and congregations toward their true purpose as stewards who have been baptized into Christ Stewardship will help pastors to teach and preach stewardship as a call to repentance and new life

Product Stewardship in Action Helen Lewis, 2017-09-08 Product Stewardship in Action describes how and why leading companies are taking responsibility for the environmental impact of their products and packaging Product stewardship often referred to as extended producer responsibility or EPR is the idea that everyone that benefits commercially from a product including manufacturers distributors and retailers has a shared responsibility to minimize its environmental impacts Written primarily for a business audience it draws on the knowledge and experience of industry practitioners and other experts to provide a structured approach to product responsibility within firms This will help those new to the field as well as more experienced practitioners to develop an effective response to stakeholder concerns about the environmental impacts of their products and packaging Unlike other resources on product stewardship and EPR which tend to focus on the design or evaluation of public policy this book highlights the business case for action It argues that companies can achieve shared value both public and commercial value when they take a proactive and knowledge based approach to the life cycle management of their products Product Stewardship in Action focuses on product stewardship as an effective business strategy rather than a philanthropic exercise To be effective it needs to be based on a good understanding of product impacts and stakeholder concerns and the risks and opportunities that these present to the business The most effective responses will be those that address material issues in the product life cycle while supporting the achievement of other corporate goals and priorities

Soulsunami Leonard Sweet, 2009-10-14 Road rage animal rights cyberporn crystal healing doctor assisted suicide everywhere we look the signs all tell us we're living in a post Christian culture Or are we Leonard Sweet cultural historian preacher futurist creatologist and preeminent thinker firmly believes we live today in a pre Christian society fraught with challenges dangers critical choices and above all tremendous potential for the church The outcome will depend on our response to today's flood of religious pluralism that threatens to sweep us away What will we do Deny the reality of the incoming surge Hunker in the bunker hermetically sealing ourselves in an increasingly out of touch church counterculture Or will we boldly hoist our sails and looking to God for guidance and strength move with confidence and

purpose over the waves SoulTsunami is a fascinating even mind numbing look at the implications of our changing world for the church in the 21st century With uncanny wisdom and trademark wit Leonard Sweet explores ten key futuribles precision guesses that fall short of predictions expanding on and relating topics ranging from the reentry of theism and spiritual longing in contemporary society to the impact of modern technology to the global renaissance to models for the church to reach people caught in the cultural maelstrom Here are eye opening perspectives on the church from within and from without from its surrounding society Lively well written and provocative SoulTsunami is a clarion call for Christians to remove their tunnel vision glasses and take a good look at the swelling postmodern flood It also is a voice of encouragement affirming the church in its role as God s lifeboat And it is a passionate prophetic guide pointing the way to reach a world swept out to sea

Stewards of God Milo Kauffman,2001-12-28 The great promises of God in his word to his faithful stewards are by no means idle words nor exaggerations God is still waiting to open the windows of heaven and pour out his blessings Kauffman examines the implications of the Bible s teachings regarding the proper stewardships of our lives our abilities and our possessions His emphasis is much broader than money but he makes a vigorous plea for increased giving and assures the reader of new blessings from God Is it fair for one family to have more food than they can eat more money than they can spend more clothes than they can wear and more houses than they can live in while other families have no food to eat no money to spend only rags to wear and no roof over their heads Christian stewardship demands that we share and that we teach others to share Energy crises depletion of natural resources and the hunger in the world call into question the morality of affluence If humanity is to survive we must become better stewards Those who read this book will develop a new appreciation for God s generosity to us and a new sense of responsibility for making the best use of his gifts

Relational Children's Ministry Dan Lovaglia, 2016-04-05 Children's ministry has the power to change the lives of kids and families Unfortunately it's not always clear that the work a person does with kids is really making a lasting difference Ask children's ministry leaders and kid influencers if they are making the impact on children's lives as they had hoped and most likely the responses will be mixed And for good reason Research over the past decade has revealed an alarming lack of long term growth in the faith community as children progress through student ministries into adulthood Clearly something needs to change Relational Children's Ministry seeks to reverse this trend by equipping children's ministry leaders with practical tools to disrupt the status quo approach to discipleship with children and realign their ministries for greater long term impact Ministry leaders will learn how to relate intentionally to kids and families by putting five discipleship invitations modeled by Jesus into practice Explore practical approaches to realign their children's ministry for a new trajectory by hitting three reset buttons to ensure long term discipleship is embedded Encounter examples of disruptive disciple makers in action and learn key principles that can be translated into their own ministry context Children's ministry leaders will receive practical training to refocus their children's ministry along with time tested tools to personally recommit to lifelong discipleship Kid influencers can become a disciple making community that redirects the current trajectory for this and future generations

Is It Too Late? John B. Cobb, 2021 In the fifty years since its initial publication Is It Too Late has proven its prescience in ways both significant and dire As the first book length philosophical and theological analysis of the environmental crisis this work introduced a generation to the key elements of crisis while suggesting ways that religion can be a force for hope rather than an instrument of despair Covering an ambitious range of issues from deforestation to abortion from religious views of the natural world to the need for technological innovation to avoid nature's destruction John Cobb moves deftly from philosophical to theological to scientific learning and integrates these interdisciplinary insights into a

Borden, 2016-05-18 Discover how the Holy Spirit s vital and unique role in God s design for the New Testament Church impacts the stewardship of our life Whether our material resources talents and abilities or time the Christian needs to depend totally upon the permanently indwelling Holy Spirit for direction and enablement Is tithing as practiced in the Old Testament the norm for Christian giving today Discover Gods New Testament principles precepts and directions as they related to the Christians stewardship responsibilities and how they are distinct from Gods plan for Israel Learn how a consistently literal approach to Scripture helps us clearly define biblical stewardship and identify our distinct stewardship obligations during this Church age **Environmental Management Handbook** Sven-Olof Ryding, 1994
