Still Waiting For Nike To Do It

Dana L. Brown, Ngaire Woods

Still Waiting For Nike To Do It:

Still Waiting for Nike To Do It Tim Connor, 2014 On May 12 1998 Nike's CEO and founder Mr Phillip Knight spoke at the National Press Club in Washington DC and made what were in his words some fairly significant announcements regarding Nike's policies on working conditions in its supplier factories The announcements received favorable treatment from the press with a New York Times editorial suggesting that Nike's new reforms set a standard that other companies should match Nike's critics were more cautious expressing concern that Knight's promises represented an attempt to sideline their demands for decent wages and rigorous factory monitoring and replace them with a significantly weaker reform agenda This report represents a comprehensive examination of Nike's labor performance in the three years after that speech was made That performance is first assessed against the commitments Knight announced and is then compared with the human rights standards and independent monitoring practices labor rights organizations have demanded of the company

Still Waiting for Nike to Do it Tim Connor, 2001 In 1998 Nike's CEO and founder Phillip Knight announced in a speech at the National Press Club in Washington DC that Nike would undertake a series of reforms noting that the controversy over sweatshop conditions had made his company's products synonymous with slave wages forced overtime and arbitrary abuse Three years later this report concludes hardly surprisingly that Nike continues to treat sweatshop abuses as a public relations inconvenience rather than a serious human rights issue Workers making Nike products are still forced to work excessive hours are not paid enough to meet the basic needs of their children and are subject to harassment dismissal and violent intimidation if they try to form unions or tell journalists about labor abuses in the factories As ever it's business as usual in the corporate world

Reconfiguring Public Relations David McKie, Debashish Munshi, 2007-05-24 Innovative and timely this PR book is the first to address environmental questions within the context of global business An excellent counterpoint to the existing US oriented literature on this topic here the authors set out ways to equip public relations to respond to and re-imagine itself in the light of current major forecasts and trends for

Globalization, Governmentality and Global Politics Ronnie Lipschutz, James K. Rowe, 2006-03-07 Globalization is moving fast impacting on the life of all nations with accelerating force In this new study Ronnie Lipschutz shows how it is being handled by specific groups seeking positive outcomes for the people and causes they represent Globalization Governmentality and Global Politics details how the widespread failure of states and corporations to regulate the impact of increased globalization has given rise to non-governmental organizations and movements aiming to influence corporations regarding social responsibilities and address key issues such as human rights environmental destruction unhealthy working conditions and child labour Assessing the effectiveness of these efforts it examines both the new movements and the issues they are tackling With three key case studies on the clothing industry sustainable forestry and corporate social responsibility it explores the tensions between politics and management examining the theoretical implications of regulation for politics citizenship and the state Finally it

takes a fresh look at what is to be done calling for a return to politics centred on the direct participation of the individual in the social choices that affect quality of life working conditions and the global future

Management of Sports

Development Vassil Girginov,2009-06-04 Management of Sports Development is the first book to offer a holistic approach to a field which has been growing in importance for some years Although many books exist on various aspects of development never before has there been a text which addresses the process of development in such a comprehensive manner This book offers everything needed to develop an understanding of the process of sports development The book provides comprehensive coverage of the major themes in the process of sports development with contributions from an internationally renowned author team These themes include models of sports development funding of sports development mega sporting events networks and partnerships in sports development sports development and social change It is also supplemented with a dedicated accompanying website featuring updates and extra material This accessible book is essential reading for students or lecturers in the field of sports development and is set to be a vital contribution to the literature in this area

Global

Activism Reader Luc Reydam,2011-01-13 Suitable for undergraduate students this title combines essays on actual causes and issues that mobilize activists with theory and concepts of social mobilization It introduces the various causes actors and organization of transnational mobilization to provide a survey of cases and theory

Globalisation and Labour Rights

Christine Kaufmann,2007-01-17 In a world of work that has changed dramatically over the last few years states see themselves confronted with new actors and conflicting international legal obligations This book examines the tensions between core labour rights as defined by the International Labour Organisation and the interests of international economic institutions e g WTO IMF World Bank OECD It provides an analysis of the legal interactions between international regulations and state policy with regard to potential regulatory conflicts at both the horizontal and vertical level The study suggests a model of multilevel consistency as a way of reconciling the highly specialised and fragmented legal systems of core labour rights on the one hand and trade liberalisation on the other to form the coherent framework of a consistent legal order Its detailed analysis and recommendations are designed for both academic readers and practitioners in international organisations and governments

Beyond the Boycott Gay W. Seidman,2007-09-13 As the world economy becomes increasingly integrated companies can shift production to wherever wages are lowest and unions weakest How can workers defend their rights in an era of mobile capital With national governments forced to compete for foreign investment by rolling back legal protections for workers fair trade advocates are enlisting consumers to put market pressure on companies to treat their workers fairly In *Beyond the Boycott* sociologist Gay Seidman asks whether this non governmental approach can reverse the race to the bottom in global labor standards *Beyond the Boycott* examines three campaigns in which activists successfully used the threat of a consumer boycott to pressure companies to accept voluntary codes of conduct and independent monitoring of work sites The voluntary Sullivan Code required American corporations operating in an apartheid era

South Africa to improve treatment of their workers in India the Rugmark inspection team provides social labels for handknotted carpets made without child labor and in Guatemala COVERCO monitors conditions in factories producing clothing under contract for major American brands Seidman compares these cases to explore the ingredients of successful campaigns as well as the inherent limitations facing voluntary monitoring schemes Despite activists emphasis on educating individual consumers to support ethical companies Seidman finds that in practice they have been most successful when they mobilized institutions such as universities churches and shareholder organizations Moreover although activists tend to dismiss states capabilities all three cases involved governmental threats of trade sanctions against companies and countries with poor labor records Finally Seidman points to an intractable difficulty of independent workplace monitoring since consumers rarely distinguish between monitoring schemes and labels companies can hand pick monitoring organizations selecting those with the lowest standards for working conditions and the least aggressive inspections Transnational consumer movements can increase the bargaining power of the global workforce Seidman argues but they cannot replace national governments or local campaigns to expand the meaning of citizenship As trade and capital move across borders in growing volume and with greater speed civil society and human rights movements are also becoming more global Highly original and thought provoking Beyond the Boycott vividly depicts the contemporary movement to humanize globalization its present and its possible future A Volume in the American Sociological Association's Rose Series in Sociology *Renewing International Labour Studies* Marcus Taylor, 2013-09-13 This volume seeks to re energise the paradigm of the New International Labour Studies by detailing how struggles over the construction reproduction utilisation and restructuring of labour forces are the contested social foundations upon which the global economy stands Through a combination of theoretical works and a series of case studies the volume highlights the cutting edge of international labour studies Its expands on three pivotal areas of study within the discipline 1 the social construction of new labour forces across an expanding international division of labour 2 the self organising potential of workers particularly within non traditional sectors and 3 the possibilities for transborder labour movements to help address the asymmetrical power relationships between globalised capital and localised labour In addressing these themes the volume helps explain not only how the contemporary international division of labour is produced and reproduced but also the strengths and limits to current attempts to overcome its unequal and divisive nature This book was published as a special issue of Third World Quarterly **The ^AOxford Handbook of Business Ethics** George G. Brenkert, Tom L. Beauchamp, 2009-12-08 The Oxford Handbook of Business Ethics is a comprehensive treatment of the field of business ethics as seen from a philosophical approach The volume consists of 24 essays that survey the field of business ethics in a broad and accessible manner covering all major topics about the relationship between ethical theory and business ethics **Managing Reputational Risk** Jenny Rayner, 2004-03-05 Managing Reputational Risk shows how any organisation can apply simple risk management principles to build stakeholder

confidence and safeguard and enhance reputation It positions reputation and its associated threats and opportunities where they rightfully belong in the domain of the board room at the heart of good corporate governance leading edge strategy development effective risk management corporate responsibility comprehensive assurance and transparent communications Illustrates through numerous examples of good and not so good business practice the importance of respecting and nurturing reputation as a critical intangible asset Demonstrates how mastery of reputation risks can enable an organisation to be seen as responsible and responsive as well as equipping it to meet the challenges that lie ahead *Rigged Rules and Double Standards* Kevin Watkins,Penny Fowler,2002 A critical and detailed analysis of inequalities of world trade systems

Business Education and Ethics: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources,2017-07-13 In the increasingly competitive corporate sector organizational leaders must examine their current practices to ensure business success This can be accomplished by implementing effective educational initiatives and upholding proper ethical behavior Business Education and Ethics Concepts Methodologies Tools and Applications is a comprehensive source of academic knowledge that contains coverage on the latest learning and educational strategies for corporate environments as well as the role of ethics and integrity in day to day business endeavors Including a broad range of perspectives on topics such as globalization organizational justice and cyber ethics this multi volume book is ideally designed for managers practitioners students professionals and researchers actively involved in the corporate sector

Handbook of Research on Global Indicators of Economic and Political Convergence Das, Ramesh Chandra,2016-07-27 The development of a nation can be influenced by a wide range of factors In the modern era of globalization under developed countries must strive to catch up to developed nations and establish themselves in the global market The Handbook of Research on Global Indicators of Economic and Political Convergence is a pivotal reference source for the latest scholarly research on social political and environmental variables that affect the ability of developing countries to reach an equal standing in the global economy Highlighting theoretical foundations critical analyses and real world perspectives this book is ideally designed for researchers analysts professionals and upper level students interested in emerging convergence and divergence trends in modern countries International Perspectives on Socio-Economic Development in the Era of Globalization Sen, Saurabh,Bhattacharya, Anshuman,Sen, Ruchi,2016-03-08 In today s world globalization bears intense interdependencies between countries and the impact global business transactions have on society and economics is more palpable than ever Despite this many developing countries in the global market find themselves struggling to support perpetual population growth These countries must find ways to attain sustainable development in the economic social and environmental sectors International Perspectives on Socio Economic Development in the Era of Globalization seeks to examine the existing variability of development in the global marketplace and to identify the catalysts responsible for this disparity of success This title analyzes the economic frontiers social norms and infrastructural

capabilities that factor into the socio economic growth of the developing and under developed world This book will become a definitive text for policy makers academics students and business executives *Political Consumerism* ,2005

Insurrection Kevin Danaher,Jason Mark,2003-09-25 From uncovering major retailers links to sweatshop abuses and revealing the deception of American tobacco companies to questioning corporations ties to repressive dictators shaming food processors into selling dolphin safe tuna and demanding that businesses stop destroying old growth forests citizens have become far more aggressive in directly Operations Management David Barnes,2018-01-30 This fascinating new core textbook authored by a highly respected academic with over a decade of industry experience takes a global and strategic approach to the important topic of operations management OM Integrating contemporary and traditional theories the text covers everything a student needs to understand the reality of operations in the modern world and combines the latest cutting edge thinking with innovative learning features Written in a concise and engaging style and based on up to date research in the field the book provides a range of international case studies and examples that help students to apply theoretical knowledge to real world practice This is a must have textbook for students studying operations management modules on undergraduate postgraduate and MBA programmes In addition this is an ideal textbook to accompany modules on operations strategy production management and services management Accompanying online resources for this title can be found at bloomsburyonlineresources com operations management These resources are designed to support teaching and learning when using this textbook and are available at no extra cost Corporate Bodies and Guilty Minds William S. Laufer,2008-10-31 We live in an era defined by corporate greed and malfeasance one in which unprecedented accounting frauds and failures of compliance run rampant In order to calm investor fears revive perceptions of legitimacy in markets and demonstrate the resolve of state and federal regulators a host of reforms high profile investigations and symbolic prosecutions have been conducted in response But are they enough In this timely work William S Laufer argues that even with recent legal reforms corporate criminal law continues to be ineffective As evidence Laufer considers the failure of courts and legislatures to fashion liability rules that fairly attribute blame for organizations He analyzes the games that corporations play to deflect criminal responsibility And he also demonstrates how the exchange of cooperation for prosecutorial leniency and amnesty belies true law enforcement But none of these factors according to Laufer trumps the fact that there is no single constituency or interest group that strongly and consistently advocates the importance and priority of corporate criminal liability In the absence of a new standard of corporate liability the power of regulators to keep corporate abuses in check will remain insufficient A necessary corrective to our current climate of graft and greed *Corporate Bodies and Guilty Minds* will be essential to policymakers and legal minds alike This timely work offers a dispassionate analysis of problems relating to corporate crime Harvard Law Review **Making Global Self-Regulation Effective in Developing Countries** Dana L. Brown,Ngair Woods,2007-10-04 As companies go global they increasingly use factories and facilities spread across the

world But who regulates their activities in far flung corners of the world economy In many sectors such as textiles and apparel chemicals and forestry the answer is that companies regulate their own behaviour through codes and standards which they agree among themselves The recent growth in corporate self regulation of labour environmental and financial practices has attracted the attention of scholars who have detailed the number and content of self regulatory efforts in various sectors Missing so far however has been an analysis of the effectiveness and impact of self regulation Does self regulation actually work and under what conditions is it most likely to be effective The answer to this question is particularly important for developing countries where corporate self regulation is often seen as substitute for weak governance structures The chapters in this volume evaluate the effectiveness of self regulation compared to other forms of global regulation Across sectors and states corporate self regulation works best when those who are regulated have a voice in deciding the content of codes and standards and when some mechanism of compliance exists at the level of the state Unfortunately opportunities for voice and state capacity for regulation are often lacking in developing countries Given this the book suggests some minimal forms of government action and participation by global actors that can make global corporate self regulation more effective in bettering conditions in the developing world

The Captivating World of Kindle Books: A Thorough Guide Unveiling the Advantages of E-book Books: A World of Convenience and Versatility E-book books, with their inherent mobility and simplicity of access, have freed readers from the constraints of hardcopy books. Still Waiting For Nike To Do It Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and

manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Still Waiting For Nike To Do It PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Still Waiting For Nike To Do It PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Still Waiting For Nike To Do It free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

sum of the number 5 is 14 find the number brainly in - Aug 05 2022

web apr 29 2020 answer 9 the answer i think its 9 step by step explanation since it says that sum of the number 5 that means you need to add 5 with some number to equal 14

the sum of a number x and 5 equals 14 brainly com - Nov 08 2022

web mar 4 2020 we have the sum of a number x and 5 equals 14 this can be written as $x + 5 = 14$ subtract 5 on both sides $x + 14 - 5 = 14 - 5$ $x + 9 = 9$ thus the value of the number x is 9
