Still No Problem Here:

No Problem Here Neil Davidson, Minna Liinpää, Maureen McBride, Satnam Virdee, 2018-03-15 Does Scotland have a problem with racism With its civic nationalism and welcoming attitude towards migrants and refugees Scotland is understood to be relatively free of structural and institutional racism As the contributors to this book show such generalisations fail to withstand serious investigation Their research into the historical record and contemporary reality tells a very different story Opening up a debate on a subject that has been shut down for too long No Problem Here gathers together the views of academics activists and anti racism campaigners who argue that it is vital that the issue of racism be brought into the centre of public discourse Scotland's role in maintaining and extending slavery across the British Empire is finally beginning to receive the attention it deserves Yet there is much more that needs to be said about racism in Scotland today Over the Falls Rebecca Hodge, 2021-09-07 For fans of The River at Night Rebecca Hodge's next thrilling read explores how far one woman will go to find her sister Bryn Collins moved to the Eastern Tennessee mountains and never looked back when fourteen years ago her fiancé Sawyer jilted her for her despised sister Del Sawyer was later killed in a plane crash but Bryn has never been able to forgive her sister for what she did and instead chooses to spend her days in the idyllic beauty of the rugged landscape Although a life threatening accident ended her days navigating the perils of whitewater she still finds refuge kayaking in the local lakes But Bryn's placid life hits the skids when an unwelcome cast of characters reenters her life Del goes mysteriously missing leading her fourteen year old son Josh to Bryn's doorstep for help Then Carl a trouble making outcast the sisters knew years before is desperate to find Del because she owes him money pulling Bryn into the orbit of his schemes On the hunt for Del Bryn and Josh follow an ever elusive trail to Colorado and at the annual Mountain Games competition in Vail they finally confront the truth For Bryn all roads lead to the river and on vicious Colorado whitewater she is forced to muster every ounce of courage and strength she has to piece her family back together again **Decisions and Orders of the National Labor Relations Board** United States. National Labor Relations Board, 1958 The Consciousness Paradox Rocco J. Gennaro, 2012 A defense of a version of the higher order thought HOT theory of consciousness with special attention to such topics as concepts and animal consciousness Consciousness is arguably the most important area within contemporary philosophy of mind and perhaps the most puzzling aspect of the world Despite an explosion of research from philosophers psychologists and scientists attempts to explain consciousness in neurophysiological or even cognitive terms are often met with great resistance In The Consciousness Paradox Rocco Gennaro aims to solve an underlying paradox namely how it is possible to hold a number of seemingly inconsistent views including higher order thought HOT theory conceptualism infant and animal consciousness concept acquisition and what he calls the HOT brain thesis He defends and further develops a metapsychological reductive representational theory of consciousness and applies it to several importantly related problems Gennaro proposes a version of the HOT theory of consciousness that he calls the

wide intrinsicity view and shows why it is superior to various alternatives such as self representationalism and first order representationalism HOT theory says that what makes a mental state conscious is that a suitable higher order thought is directed at that mental state Thus Gennaro argues for an overall philosophical theory of consciousness while applying it to other significant issues not usually addressed in the philosophical literature on consciousness Most cognitive science and empirical works on such topics as concepts and animal consciousness do not address central philosophical theories of consciousness Gennaro s integration of empirical and philosophical concerns will make his argument of interest to both philosophers and nonphilosophers *'Race', Sport and British Society* Ben Carrington,Ian McDonald,2002-01-04 Contrary to the popular belief that sport is an arena largely free from the corrosive effects of racism this book argues that racism is evident throughout British sport From playing fields and boardrooms of sports organisations to the offices of sports policy makers and the media this book breaks new ground in showing how discourses of race and nation continue to pervade our sporting life Looking at a range of sports including football rugby league and cricket this book covers key topics such as British nationalism and nationalist ideology racial science and the images of Asian and black physicality sport racism and the law black feminism and the issues of race gender and sport the role of the media in perpetuating and challenging racial stereotypes Challenging the prevailing liberal view that sport is one area of society where good race relations are developed this book offers a wealth of research material and a strong theoretical perspective on contemporary British sport It will therefore be of vital interest to sociologists sports studies students sport policy makers and anyone with an interest in contemporary British sport *Uniting for Progress* ,1996 [Wall Street and the Financial Crisis](#) United States. Becoming Better Muslims David Kloos,2017-11-28 How do ordinary Muslims deal with and influence the increasingly pervasive Islamic norms set by institutions of the state and religion *Becoming Better Muslims* offers an innovative account of the dynamic interactions between individual Muslims religious authorities and the state in Aceh Indonesia Relying on extensive historical and ethnographic research David Kloos offers a detailed analysis of religious life in Aceh and an investigation into today's personal processes of ethical formation Aceh is known for its history of rebellion and its recent implementation of Islamic law Debunking the stereotypical image of the Acehnese as inherently pious or fanatical Kloos shows how Acehnese Muslims reflect consciously on their faith and often frame their religious lives in terms of gradual ethical improvement Revealing that most Muslims view their lives through the prism of uncertainty doubt and imperfection he argues that these senses of failure contribute strongly to how individuals try to become better Muslims He also demonstrates that while religious authorities have encroached on believers and local communities constraining them in their beliefs and practices the same process has enabled ordinary Muslims to reflect on moral choices and dilemmas and to shape the ways religious norms are enforced Arguing that Islamic norms are carried out through daily negotiations and contestations rather than blind conformity *Becoming Better Muslims* examines how ordinary people develop and exercise their religious agency

Explanation and Linguistic Change Willem F. Koopman,1987 This volume presents the outcome of a workshop held in Amsterdam in 1985 on the nature even possibility of explanation in Historical Linguistics why changes take place and others do not and why they occur at a particular time and place The workshop and this volume aim to explore questions such as i are the factors which explain the actuation of a change different from those that explain its implementation ii is it possible to give a typology of changes iii should linguistic explanation hope to meet the same requirements as explanation in the pure sciences iv are all linguistic changes necessarily the product of variation v should there be a formal theory of change apart from a general theory of grammar

Osmin's Rage Peter Kivy,2018-09-05 In his new concluding chapter Peter Kivy advances his argument on behalf of a distinctive intellectual and musical character of opera before Mozart He proposes that happy endings were a musical as opposed to a dramatic necessity for opera during this period and that Mozart's *Idomeneo* is properly enjoyed and judged only when listeners are attuned to its seventeenth and eighteenth century forebears

Lady C. Investigates: The Complete Collection Issy Brooke, 2018-06-03 FIVE full length standalone light historical mysteries in one volume Join Cordelia Lady Cornbrook and her eclectic household as she fights crime unearths secrets and fends off the advances of unsuitable men These Victorian murder mysteries are set in Britain in the 1840s and take a light frothy look at the fun side of history It's not quite Dickens Maybe Dickens at a party after a few too many brandies They are rooted in accuracy though there are author's notes at the back and everything which makes it legit In *An Unmourned Man* we meet Cordelia for the first time She's widowed titled entitled and plunged into an exciting adventure which features a country doctor wearing only his shirt and breeches There's callisthenics a surly coachman a cad with copious facial hair laudanum and society balls Riots and Revelations takes us to the grim north which is all mills and rain and working class uprisings There's a dashing cavalry officer and a passionate rabble rousing Chartist trouble at the mill wayward servants night time escapades with weaponry and a large pig In *The House of Secrets and Lies* returns Cordelia to London and to the heart of British politics which is actually more interesting than it sounds Cordelia vows

to stop a miscarriage of justice But she is too rich to go into the lowest parts of Victorian London too female to go into the clubs and coffee houses and too scandalous to go to the parties and balls The fourth book Daughters of Disguise leaves England and takes Cordelia and her household to Wales It s a different country with its own language its own traditions and its own history of justice Cordelia has joined forces with the local constable and together they are up against not only the murderer but the local council and even the local people And finally in The Continental Gentleman she confronts her past It s not pleasant but luckily she s armed with a short stabby sword It s late summer and Cordelia is rattling around her Surrey estate annoying the servants and causing the gardeners to hide in the bushes Her old friend or nemesis Hugo Hawke turns up and he s closely followed by his own past It s good news at first These novels contain innuendo but no graphic scenes or language and may be considered clean and suitable for all readers **Black Oot Here** Francesca Sobande,layla-roxanne
