The Harp Of Ethiopia:

The Harp of Ethiopia Maurice N. Corbett,1971 The Columbia History of American Poetry Jay Parini,1993-12-23
New York Times Book Review *Greater Ethiopia* Donald N. Levine,2024-05-31 Greater Ethiopia combines history anthropology and sociology to answer two major questions Why did Ethiopia remain independent under the onslaught of European expansionism while other African political entities were colonized And why must Ethiopia be considered a single cultural region despite its political religious and linguistic diversity Donald Levine s interdisciplinary study makes a substantial contribution both to Ethiopian interpretive history and to sociological analysis In his new preface Levine examines Ethiopia since the overthrow of the monarchy in the 1970s Ethiopian scholarship is in Professor Levine s debt He has performed an important task with panache urbanity and learning Edward Ullendorff Times Literary Supplement Upon rereading this book it strikes the reader how broad in scope how innovative in approach and how stimulating in arguments this book was when it came out In the past twenty years it has inspired anthropological and historical research stimulated theoretical debate about Ethiopia s cultural and historical development and given the impetus to modern political thinking about the complexities and challenges of Ethiopia as a country The text thus easily remains an absolute must for any Ethiopianist scholar to read and digest J Abbink Journal of Modern African Studies *The Traditional Interpretation of the Apocalypse of St John in the Ethiopian Orthodox Church* Roger W. Cowley,2014-11-13 The aim of this study is to describe the traditional Biblical and patristic Amharic commentary material of the Ethiopian Orthodox Church and to present in translation a sufficient sample of the Amharic and also the Geez commentary material that its character can be clearly seen Accordingly the study is divided into three parts a general introduction an annotated translation of a Geez commentary and an annotated translation of an Amharic commentary The book chosen for parts II and III is the Apocalypse of John **The Orthodox Church of Ethiopia** John Binns,2016-11-28 Surrounded by steep escarpments to the north south and east Ethiopia has always been geographically and culturally set apart It has the longest archaeological record of any country in the world indeed this precipitous mountain land was where the human race began It is also home to an ancient church with a remarkable legacy The Church of Ethiopia is the only pre colonial church in sub Saharan Africa today it has a membership of around forty million and is rapidly growing This book is the first major study of a community which has developed a distinctive approach different from all other churches John Binns explains how its special features have shaped the life of the Ethiopian people and how political changes since the overthrow of Haile Selassie have forced the Church to rethink its identity and mission He discusses the famous rock hewn churches the Ark of the Covenant claimed by the Church and housed in Aksum medieval monasticism relations with the Coptic Church centuries of co existence with Islam missionary activity and the Church s venerable oral traditions of poetic allegorical reflection **Cine-Ethiopia** Michael W. Thomas,Alessandro Jedlowski,Aboneh Ashagrie,2018-08-01 Over the past decade Ethiopian films have come to dominate the screening schedules

of the many cinemas in Ethiopia's capital city of Addis Ababa as well as other urban centers. Despite undergoing an unprecedented surge in production and popularity in Ethiopia and in the diaspora, this phenomenon has been broadly overlooked by African film and media scholars and Ethiopianists alike. This collection of essays and interviews on cinema in Ethiopia represents the first work of its kind and establishes a broad foundation for furthering research on this topic. Taking an interdisciplinary approach to the topic and bringing together contributions from both Ethiopian and international scholars, the collection offers new and alternative narratives for the development of screen media in Africa. The book's relevance reaches far beyond its specific locale of Ethiopia as contributions focus on a broad range of topics such as commercial and genre films, diaspora filmmaking, and the role of women in the film industry, while simultaneously discussing multiple forms of screen media from satellite TV to video films. Bringing both historical and contemporary moments of cinema in Ethiopia into the critical frame offers alternative considerations for the already radically changing critical paradigm surrounding the understandings of African cinema.

Songs of Ethiopia's Tesfaye Gabbiso Lila W. Balisky, 2018-10-19. Tesfaye Gabbiso, a prominent Ethiopian soloist, began composing song texts and tunes as a young lad in the early 1970s during a period of social and political upheaval in Ethiopia. This national ferment strengthened a creative surge among a generation of youth as the Ethiopian revolution of 1974-91 was taking hold. An explosion of indigenous spiritual songs was one result. The indigenous song style was in contrast to the imported and translated European hymnody that had earlier been sung in Ethiopia's evangelical churches. Because of his testimony, both in life and song, Tesfaye was imprisoned for seven years during the revolution, during which time he continued to compose and sing. Thus his songs reflect suffering, endurance, and hope in the Babylonian and Zionist experience. The human voice in song, rooted in the flow of the *missio Dei*, is perhaps the greatest testimony that may be lived out, whether in a prison cell or in the larger, complex world. A special feature of this book is the inclusion of 104 of Tesfaye's songs on cassettes, 17 in English translation. This study is valuable as a cross-cultural textbook, offering rich lyrics and embodying a challenge to Christian commitment in the arts.

Ethiopia Mary Anne Fitzgerald, Philip Marsden, 2017-11-20. A lavishly illustrated photographic journey through the history and traditions of the ancient churches of Ethiopia. The ancient Aksumite Kingdom, now a part of Ethiopia, was among the first in the world to adopt Christianity as the official state religion. In AD 340, King Ezana commissioned the construction of the imposing basilica of St. Mary of Tzion. It was here, the Ethiopians say, that Menelik, son of King Solomon and the Queen of Sheba, brought the Ark of the Covenant, containing the Ten Commandments. By the fifth century, nine saints from Byzantium were spreading the faith deep into the mountainous countryside, and over the next ten centuries, a series of spectacular churches were either built or excavated out of solid rock, all of them in regular use to this day. Lalibela, a UNESCO World Heritage Site, has the best-known cluster, but the northern region of Tigray, less well-known and more remote, has many churches that are architectural masterpieces of the basilical type. *Ethiopia: The Living Churches of an Ancient Kingdom* traces the broad sweep of ecclesiastical history, legend, art,

and faith in this sub Saharan African kingdom as seen through the prism of sixty six breathtaking churches unveiling the secrets of their medieval murals their colorful history and the rich panoply of their religious festivals all illustrated with more than eight hundred superb color photographs by some of the most celebrated international photographers of traditional cultures This magnificent large format full color volume is the most comprehensive celebration yet published of Ethiopia s extraordinary Christian heritage Ethiopia is the third book on iconic places of worship published by Ludwig Publishing and the American University in Cairo Press following the bestselling success of *The Churches of Egypt* and *The History and Religious Heritage of Old Cairo*

Seekers of the Naked Truth Paul LeValley,2018-01-01 Why would I spend a good portion of my time over the last 35 years gathering information on the Gymnosophists The story begins even earlier As an undergraduate student in the Flint College of the University of Michigan I pursued an English major with a strong history minor always looking for something between the two and rarely finding it Then in my practice teaching I happened into one of the early experimental high school courses in Interdisciplinary Humanities With the exciting interrelationships between art literature music philosophy and history I said YES this was what I had been looking for So I pioneered in teaching high school Humanities for the next few years Interdisciplinary Humanities was a bottom up movement Gradually colleges began offering Masters programs to give teachers the rich background they needed I decided I was not tied to Michigan where it was cold I would find the best Masters program in Humanities anywhere in the world and go there Well it turned out that the best Masters program in the world was at Wayne State University in Detroit of all places Unlike other programs that were really just double majors Wayne offered truly interdisciplinary classes Moreover they offered an Eastern track and a Western track Knowing that I would never find that Eastern track anywhere else I studied interdisciplinary courses in the cultures of India China Japan and Egypt The middle eastern professor was on sabbatical when I was there I especially liked India perhaps because I had already travelled around the world and India impressed me the most

Sing and Sing On Kay Kaufman Shelemay,2022-01-11 A sweeping history of Ethiopian musicians during and following the 1974 Ethiopian revolution Sing and

Sing On is the first study of the forced migration of musicians out of the Horn of Africa dating from the 1974 Ethiopian revolution a political event that overthrew one of the world's oldest monarchies and installed a brutal military regime. Musicians were among the first to depart the region their lives shattered by revolutionary violence curfews and civil war. Reconstructing the memories of forced migration Sing and Sing On traces the challenges musicians faced amidst revolutionary violence and the critical role they played in building communities abroad. Drawing on the recollections of dozens of musicians Sing and Sing On details personal cultural and economic hardships experienced by musicians who have resettled in new locales abroad. Kay Kaufman Shelemay highlights their many artistic and social initiatives and the ways they have offered inspiration and leadership within and beyond a rapidly growing Ethiopian American diaspora. While musicians held this role as sentinels in Ethiopian culture long before the revolution began it has taken on new meanings and contours in the Ethiopian diaspora. The book details the ongoing creativity of these musicians while exploring the attraction of return to their Ethiopian homeland over the course of decades abroad. Ultimately Shelemay shows that musicians are uniquely positioned to serve this sentinel role as both guardians and challengers of cultural heritage.
