The Haunted Land:

The Haunted Land Tina Rosenberg, 2010-11-24 The Pulitzer Prize winning look at the collapse of Communism in Eastern Europe The Haunted Land Tina Rosenberg, 1997-05-20 In four newly democratic countries in Eastern Europe communism's former victims and jailers are struggling to make sense of their history and sometimes rewrite it In this groundbreaking stylishly reported book a journalist travels across the battlefields of memory and asks Who is guilty How should they be punished And who is qualified to judge them in states where almost every citizen was an accomplice In East Germany Tina Rosenberg follows the trial of the border guards charged with the last shooting at the Berlin Wall In the Czech Republic she meets a heroic dissident who has now been ostracized for having once cooperated with the old regime In Poland she speaks with General Wojciech Jaruzelski the one time architect of martial law who now presents himself as his country's savior Out of these stories of conscience and complicity courage and optimism *The Haunted Land* delivers the final chapter of the greatest moral drama of our time **The Haunted Land** Katy Ewing, 2018 *Haunted Land* Bert Wall, 2001

Haunted Land Bert M. Wall, 2001-01-01 *Haunted Land The Devil's Backbone 3* is the third in this popular Texas series of ghosts the supernatural and the mysterious It picks up where *Ghostly Chills The Devil's Backbone 2* and *The Devil's Backbone Ghost Stories* from the Texas Hill Country left off This volume brings the reader 20 more mysteries including *A Child's Handprint The White Buckskin Mystical Lady* and many more Bert Wall a fifth generation Texan grew up in Houston where he graduated from the University of Houston with a degree in history and political science But he also spent a lot of time growing up in the Texas Hill Country where he heard the stories and folklore that permeated the area He started gathering and documenting the stories of supernatural occurrences that took place on or near the Devil's Backbone a rugged area between the towns of Blanco and Wimberley In the 1980s Wall started writing about the spooky tales of the area such as *The Mystic Herd The Mystery Riders* and *The Haunted Valley* His stories have been published in the *Canyon Lake Times* *Guardian* the *New Braunfels Herald Zeitung* and the *Houston Chronicle* In 1996 four of his stories were featured on the CBS television series *Unsolved Mysteries* **The Haunted Land** Val Clery, 1983 This Haunted Land Nancy Roberts, 1973

A Covert Action Seth G. Jones, 2018-09-11 A tale of victory for peace for freedom and for the CIA a trifecta rare enough to make for required reading Steve Donoghue *Spectator USA* In 1981 the Soviet backed Polish government declared martial law to crush a budding democratic opposition movement Moscow and Washington were on a collision course It was the most significant crisis of Ronald Reagan's fledgling presidency Reagan authorized a covert CIA operation codenamed QRHELPFUL to support dissident groups particularly the trade union Solidarity The CIA provided money that helped Solidarity print newspapers broadcast radio programs and conduct an information campaign against the government This gripping narrative reveals the little known history of one of America's most successful covert operations through its most important characters spymaster Bill Casey CIA officer Richard Malzahn Solidarity leader Lech Walesa Pope John Paul II and the Polish patriots

who were instrumental to the success of the program Based on in depth interviews and recently declassified evidence A Covert Action celebrates a decisive victory over tyranny for US intelligence behind the Iron Curtain one that prefigured the Soviet collapse The Return of the Peasant A.L. Cartwright,2017-11-22 This title was first published in 2001 Of the many far reaching issues facing post communist states in the wake of the collapse of communist rule few have continued to pose such dilemmas for future progress as the land question This book provides a historical account of national and local attempts to reform land ownership and agricultural production and in particular the way in which land law defined the land question Using archive work to demonstrate the selectivity of the law in righting wrongs and case studies to illustrate the practical obstacles to attempts at reconstructing the pre communist system this work is a critical and detailed portrait of the forces that stand to shape the future of post communist rural life **The Chinese Lady** Nancy E. Davis,2022 In 1834 a Chinese woman named Afong Moy arrived in America as both a prized guest and an advertisement for a merchant firm a promotional curiosity with bound feet and a celebrity used to peddle exotic wares from the East This first biography of Afong Moy explores how she shaped Americans impressions of China while living as a stranger in a foreign land *Preparing for Martial Law* ,200? Between July 1980 and December 1981 Poland stumbled through the most serious political crisis faced by a Warsaw Pact member since the Prague Spring in Czechoslovakia in 1968 The resolution of this crisis through the declaration of martial law by the Polish authorities provided only a temporary respite The rise and suppression of the trade union Solidarity followed by the inability of Polish communist authorities to restore political credibility or economic activity were key developments that created the conditions that led to the eventual collapse of the Warsaw Pact by the end of the decade In 1972 Ryszard Kuklinski a senior officer on the Polish General Staff volunteered his services to the United States at a time of increased friction between the Soviet Bloc and the Free World During the Polish crisis from the initial outbreak of labor unrest in July 1980 until the declaration of martial law in December 1981 Col Kuklinski provided periodic reporting and commentary on the chaotic progression of events He focused on the increasing refinement of the plans for introducing martial law the internal political debates surrounding these preparations and the almost constant pressure from Moscow for the Poles to do something to contain and destroy Solidarity Legal Symbolism Jiří Přibáň,2016-04-22 Jir Prib n s book contributes to the field of systems theory of law in the context of European legal and political integration and constitution making It puts recent European legislative efforts and policies especially the EU enlargement process in the context of legal theory and philosophy Furthermore the author shows that the system of positive law has a symbolic meaning reflecting how it also contributes to the semantics of political identity democratic power and moral values as well as the complex relations between law politics and morality Transitional Justice in Eastern Europe and the former Soviet Union Lavinia Stan,2009-01-13 During the last two decades the countries of Eastern Europe and the former Soviet Union have attempted to address the numerous human rights abuses that characterized the decades of communist rule This book examines the main

processes of transitional justice that permitted societies in those countries to come to terms with their recent past It explores lustration the banning of communist officials and secret political police officers and informers from post communist political ordinary citizens access to the remaining archives compiled on them by the communist secret police as well as trials and court proceedings launched against former communist officials and secret agents for their human rights trespasses Individual chapters explore the progress of transitional justice in Germany the Czech Republic Slovakia Poland Hungary Romania Bulgaria Albania Slovenia and the successor states of the former Soviet Union The chapters explain why different countries have employed different models to come to terms with their communist past assess each country's relative successes and failures and probe the efficacy of country specific legislation to attain the transitional justice goals for which it was developed The book draws together the country cases into a comprehensive comparative analysis of the determinants of post communist transitional justice that will be relevant not only to scholars of post communist transition but also to anyone interested in transitional justice in other contexts
