Ordering Women's Lives Julie Ann Smith, 2016-12-05. This book takes an innovative approach to the study of the penitentials and nunnery rules and the ways in which these texts impinged upon the lives of female audiences. The study emphasises the importance of the texts for the promotion of Christian values and of the expectations of churchmen in the construction of appropriate Christian behaviour for women in the early medieval West. These texts constitute the only written works which would have had direct influence upon the lives of lay and religious women. The work focuses upon the elements of the penitentials which provided female specific expectations and these fall largely into two categories of sexuality and pre-Christian practices. The nunnery rules seldom provided comprehensive sets of behavioural expectations. Rather, rules emphasised expectations relating to issues of enclosure, work and abstinence which came to be perceived as the defining characteristics of religious women.

For Peace and For Good Helen Stanton, 2017-02-27. For Peace and For Good is the history of the influential Anglican religious order, the Community of St Francis. Written with the full co-operation of the community, it sets their story against the wider backdrop of the lives of St Clare and St Francis and the extraordinary surge of women's vocations to the religious life during the Catholic revival in the Church of England. It explores the lives of its founding members, its growth, the various branch houses and the work and ministries in which they engaged in response to God's call. First-hand accounts by Sisters bring to vivid life the story of a community responding with courage and imagination to the needs, opportunities and challenges of their times. Their

stories provide significant insight and inspiration into what Christian discipleship might need to look like in the twenty first century
