Sitar Technique In Nibaddha Forms:

Sitār Technique in Nibaddh Forms Stephen Slawek, 1987-01-01 Students of Indian music are well aware of the emphasis their gurus place on the development of correct technique through rigorous practice This book focuses on sitar technique and shows how that technique comes into play during the improvisatory music making endeavours of master sitarists A series of systematic descriptions and analyses reveals how instrumental technique acts as a generative structure at the broad level and provides a corpus of factors of variation at the specific level A unique feature of this study is the inclusion of musical transcriptions detailing not only the line of melody but also the physical gestures techniques necessary to produce melody Though technically complex in appearance these transcriptions and the accompanying analyses provide valuable information to students interested in learning Sitar and to musicologists and ethnomusicologists inquiring into the basic improvisational processes that underlie contemporary styles of Sitar performance Sanskrit Play Production in Ancient India Tarla

Mehta, 1995-01-01 Sanskrit Play Production in Ancient India moves through three levels of understanding 1 What the components of the traditional Natya Production are as described in Natyasastra and other ancient Indian dramaturgical works how they are interrelated and how they are employed in the staging of Rasa oriented sanskrit plays Probing deep into the immense reaches of time to India's archaic past the author pieces together a fascinatingly intricate design of play production down to the units and subunits of expression and executive **The Playworld of Sanskrit Drama** Robert E.

Goodwin, 1998-01-01 The Playworld of Sanskrit Drama is the poetic universe kavyasam posited by Anandavardhana and other poeticians Each of the seven plays studied here works of Bhasa Kalidasa Sudraka and Visakhadatta provides us with a different angle of approach to the crucial issues of kavya and their fundamental ambivalence which cannot be understood or even delineated by the conventional approach to Indian aesthetics **NAD** Sandeep Bagchee, 1998 This book is perhaps the first comprehensive guide to understanding all the aspects and finer nuances of Hindustani classical music It is aimed at the serious listener that is someone who may not have had any formal lessons himself in this performing art but who nevertheless has picked up an initial interest in listening to classical music and is therefore seeking to know more about its underlying structure system and traditions By explaining in a straightforward and extremely readable style the basic features of Indian music how time and melody are structured the main principles of raga delineation and development and the various genres and styles of vocal as well as instrumental performances the book aims to enhance the serious listener's understanding of Hindustani music and heighten his appreciation of this art form This book includes a glossary of musical terms a select discography and a select bibliography
