Six Great Ideas:

Six Great Ideas Mortimer J. Adler, 1997-12-01 This enlightening study is the result of group discussions at Dr Adler's annual seminar in Aspen Colorado and conversations between Dr Adler and Bill Moyers filmed for public television Each summer Mortimer J Adler conducts a seminar at the Aspen Institute in Colorado At the 1981 seminar leaders from the worlds of business literature education and the arts joined him in an in depth consideration of the six great ideas that are the subject of this book Truth Goodness and Beauty the ideas we judge by and Liberty Equality and Justice the ideas we act on The group discussions and conversations between Dr Adler and journalist Bill Moyers were filmed for broadcast on public television and thousands of people followed their exploration of these important ideas Discarding the out worn and off putting jargon of academia Dr Adler dispels the myth that philosophy is the exclusive province of the specialist He argues that philosophy is everybody's business and that a better understanding of these fundamental concepts is essential if we are to cope with the political moral and social issues that confront us daily *A Catalog of Programs for the USIS Video Library* United States Information Agency. Television and Film Service, 1985

Eternalism Politics Dale Armon Eaton, 2025-07-17 Eternalism is the philosophical appeal of the restored gospel It is the rational basis for understanding Christ Elder John A Widtsoe said The Gospel may be said to be the philosophy of Eternalism It is the philosophy that explains the whole of man's relationship to the universe It invites the deepest study and the severest scrutiny The previous Eternalism book discussed only the first three branches of philosophy metaphysics epistemology and ethics In this book we pick up where the previous volume left off and deal specifically with primacy issues related to the higher philosophical branch of politics Mortimer Adler explained In discussing the philosophical branch of politics we focus on the ideas we act on in governing our social political and economic affairs So when we say Eternalism Politics we simply mean the principles of interaction between two or more people Six Great Ideas Mortimer Jerome Adler, 1984

Managing Toward the Millennium James E. Hennessy, Suki Robins, 1991 As corporate managers look toward the 1990s there is general consensus that the corporate environment will become one of continual change This volume offers some extremely perceptive insights into the issues that will affect management in the 1990s and suggests a philosophy for successfully dealing with these issues The contributors comprise a mix of outstanding corporate leaders and members of the academic community from Fordham University's Graduate School of Business Administration and the Wharton School of Business at the University of Pennsylvania

Haiku Holiday Jason Flick, 2014-06-26 What happens when a struggling author and student is being followed by the cops at the end of his probation He takes a Haiku Holiday and spends a week at home in his underwear drinking beer smoking cigars and writing haikus Will he pass his class Will he find love on the internet Will he sell his car so he can pay his bills Will he succeed at gaining his freedom Will he finally do his dishes Find out what happens when one man takes a journey of self discovery on a Haiku Holiday This book is a work of adult humor and haiku poetry It is based on the very esteemed and academic Mortimer

Adler's Great Books Movement Haiku Holiday combines lowbrow humor with the highbrow works of classical literature and considers a new approach to classical ideas Mortimer J. Adler, 2009-08-01 In this classic work Adler explores how man differs from all other things in the universe bringing to bear both philosophical insight and informed scientific hypotheses concerning the biological and behavioral characteristics of mankind Rapid advances in science and technology and the abstract concepts of that influence on man and human value systems are lucidly outlined by Adler as he touches on the effect of industrialization and the clash of cultures and value systems brought about by increased communication between previously isolated groups of people Among the other problems this study addresses are the scientific achievements in biology and physics which have raised fundamental questions about humanity's essential nature especially the discoveries in the biological relatedness of all living things Thrown into high relief is humanity's struggle to determine its unique status in the natural world and its value in the world it has created Ultimately Adler's work develops an approach to the separation between scientific and philosophical questions which stands as a model of thought on philosophical considerations of new scientific discoveries and its consequences for the human person **Pursuing Justice** Ralph A. Weisheit, Frank Morn, 2025-09-15 Pursuing Justice Fourth Edition examines the issue of justice by considering the origins of the idea formal systems of justice current global issues of justice and ways in which justice might be achieved by individuals organizations and the global community Part I demonstrates how the idea of justice has emerged over time starting with religion and philosophy and then to the concept of social justice Part II outlines the very different mechanisms used by various nations for achieving state justice including systems based on common law civil law and Islamic law with a separate discussion of the U S justice system Part III focuses on six contemporary issues of justice war immigration domestic terrorism genocide slavery and the environment Finally Part IV shows how individuals and organizations can go about pursuing justice and describes the rise of global justice This updated book uses current events and debates to help students understand the complexities and nuances of a society's pursuit of justice It provides students with the foundations of global justice systems integrating Greek philosophies and major religious perspectives into a justice perspective and contributes to undergraduate understanding of international justice bodies NGOs and institutions The Eight Biggest Mistakes Personal Trainers Make , John Adair's 100 Greatest Ideas for Effective Leadership John Adair, 2011-04-06 Everything You Need to Lead Your Team in An Instant John Adair's Greatest Ideas for Effective Leadership is full of accessible advice and practical exercises from one of the world's best known and most sought after authorities on leadership and management Inside you will find 9 Greatest Ideas for Leadership Skills 3 Greatest Ideas for Setting and Achieving Your Objectives 6 Greatest Ideas for Teambuilding 4 Greatest Ideas for Leadership Qualities 8 Greatest Ideas for Managing Your Time and 70 other fantastic ideas tips and tricks that will give you the confidence answers and inspiration you need to succeed *The Great Ideas of Religion and Freedom* , 2021-08-30 This volume tests a hypothesis philosophy and science are identical forms of behavioristic organizational

psychology a psychological habit of wondering about causes of organizational existence formation and behaviour Focusing attention on two universal and culturally influential great ideas freedom and religion this volume s array of international scholars demonstrate that leading ancient and medieval philosophers did philosophy in this way Also well known philosophers scientists like Mortimer J Adler and John N Deely practiced philosophy this way Doing so is precisely what made these philosophers uniquely capable of generating great ideas as motivational principles that dramatically alter cultures In a nutshell this work offers significant support for its historically and philosophically ground breaking thesis **Old Ideas, New Practices: When Religion Is for Relationships** Bernard Lawrence Potvin,2021-03-15 This book is an upstream solution to the problems issues and questions young people struggle with downstream alienation boredom and mistrust of religion It includes over a hundred teaching strategies tactics logistics and relationship builders that teachers in homes schools and churches can use This book is a treasure chest of old ideas cast into new and proven teaching practices each to be mined for the gem in it Potvin s interest in writing this book however is not to focus on what is broken and ineffective in Christian religious education and a lot of education is broken and ineffective but on what he has learned to be proven to be effective He has drawn from his PhD studies parenting with its perturbations and insights and over forty years of teaching in universities public and faith based schools Jesus gave us our program of studies with much to think about and practice what could work to bring us to our true self friendship with the Creator love for others and justice for all And given the unprecedented trend towards home education and online teaching designed for and led by parents new practices based on old ideas may be just what the doctor ordered *A Faithful Guide to Philosophy* Peter S. Williams,2019-02-14 *A Faithful Guide to Philosophy* is the only British Christian introduction to philosophy a book that will be used as a course textbook and by church study groups and individual readers alike It covers a broad range of subjects of central importance to the Christian worldview and will be prized by many **A Radical Proposal to Reinvigorate the Teaching of the Liberal Arts** Michael Wayne Santos,2020-09-15 This book offers a clarion call in the words of Franklin Roosevelt to try something And not just any something A systematic integrated chronological multi disciplinary approach to reinvigorate the teaching of the liberal arts and put them back where they belong at the center of a student s educational experience It does not pretend to offer a cure all or a one size fits all solution to everything that is ailing American higher education or even secondary education It does however offer a place to begin a discussion to invite experimentation and to initiate reform based on solid pedagogy and 2 500 years of time tested wisdom in the human experience As such it should be of interest to many people Those in higher education serious about the crisis facing their institutions could benefit from taking up the gauntlet this volume throws down For students and parents the book raises alternatives and poses some hard questions that they should be asking not only as they consider colleges and universities but of their secondary schools In fact anyone who keeps a close eye on the state of education would be interested in what this book adds to the discussion Political Theory Scott John Hammond,2008-11-30

Liberty Justice Nature Law First formulated millennia ago by the founding philosophers of the Western tradition these basic concepts of human thought remain central to our conception of ourselves our place in the world and our relationships with others that is our politics Readers encountering such broad political concepts their practical expressions in political movements and systems of government the ideas of influential ancient and modern political thinkers or simply familiar or unfamiliar catchphrases for which they would like a succinct yet informative explanation will welcome this accessible encyclopedic guide The major political concepts themes issues movements groups and schools that have developed over time and shaped our modern world appear here in all their diversity along with biographical entries and articles on the principal works of political theorists from Plato to John Rawls Further serious students and browsers alike will delight in the numerous entries on familiar quotations and political catchphrases from the banality of evil and Big Brother to the war of all against all

Adler's Philosophical Dictionary Mortimer J. Adler,1996-08-06 Stimulating engaging and organized in an easy to use A to Z format Adler s Philosophical Dictionary is an ideal introduction to the history of the great ideas The terms and concepts that have simulated thinkers from Aristotle onward come to life in the latest work by the man TIME magazine has called America s philosopher for everyman Is the human soul immortal What does it mean to know something What is the nature of erotic love Adler examines these questions as well as many others with his trademark clarity rigor and common sense

Dictionary of Modern American Philosophers John R. Shook,2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers anda large number of female and minority thinkers whose work has been neglected It includes those intellectualsinvolved in the development of psychology pedagogy sociology anthropology education theology politicalscience and several other fields before these disciplines came to be considered

distinct from philosophy in the late nineteenth century. Each entry contains a short biography of the writer, an exposition and analysis of his or her doctrines and ideas, a bibliography of writings, and suggestions for further reading. While all the major post-Civil War philosophers are present, the most valuable feature of this dictionary is its coverage of a huge range of less well-known writers, including hundreds of presently obscure thinkers. In many cases, the *Dictionary of Modern American Philosophers* offers the first scholarly treatment of the life and work of certain writers. This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought.

Jews and the Gospel at the End of History Jim Congdon, 2009-11-01

Enlightened essays fill the pages of this tribute to Moishe Rosen. Using evangelism, ethics, and eschatology as dividing sections, *Jews and the Gospel at the End of History* produces profound insights of the best theologians, exegetes, and historians who especially understand the Jewish-Christian tensions. Many Jewish Messianic, Jew, and Christian issues are seamlessly broached in this volume and are woven together expertly and beautifully. There are no easy solutions, and this book can attest to the sensitivities of Jewish-Christian dialogue, but this book does a great service to the reader by bringing them to a greater understanding of how, what, and why of evangelism, ethics, and eschatology.
