Sturdy and Strong G. A. Henty, 2015-07-12 Excerpt from *Sturdy and Strong Or How George Andrews Made His Way* Whatever may be said as to distinction of classes in England it is certain that in no country in the world is the upward path more open to those who brace themselves to climb it than in our own The proportion of those who remain absolutely stationary is comparatively small We are all living on a hill side and we must either go up or down It is easier to descend than to ascend but he who fixes his eyes upwards nerves himself for the climb and determines with all his might and power to win his way towards the top is sure to find himself at the end of his day at a far higher level than when he started upon his journey It may be said and sometimes foolishly is said that luck is everything but in nineteen cases out of twenty what is called luck is simply a combination of opportunity and of the readiness and quickness to turn that opportunity to advantage About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important
