

Sublime Is Now

Jeremy Strick, Barnett Newman

Sublime Is Now:

The Sublime is Now Jeremy Strick, Barnett Newman, 1994 ~**THE SUBLIME IS NOW: THE EARLY WORK OF BARNETT NEWMAN.**, 1994 What Is the Present? Michael North, 2025-06-17 A provocative new look at concepts of the present their connection to ideas about time and their effect on literature art and culture The problem of the present what it is and what it means is one that has vexed generations of thinkers and artists Because modernity places so much value on the present many critics argue that people today spend far too much time in the here and now but how can we tell without first knowing what the here and now actually is What Is the Present takes a provocative new look at this moment in time that remains a mystery even though it is always with us Michael North tackles puzzles that have preoccupied philosophy neuroscience psychology history and aesthetic theory and examines the complex role of the present in painting fiction and film He engages with a range of thinkers from Aristotle and Augustine to William James and Henri Bergson He draws illuminating examples from artists such as Fra Angelico and Richard McGuire filmmakers like D W Griffith and Christopher Nolan and novelists such as Elizabeth Bowen and Willa Cather North offers a critical analysis of previous models of the present from the experiential present to the historical period we call the contemporary He argues that the present is not a cosmological or experiential fact but a metaphor a figurative relationship with the whole of time Presenting an entirely new conception of the temporal mystery Georg Lukacs called the unexplained instant What Is the Present explores how the arts have traditionally represented the present and also how artists have offered radical alternatives to that tradition

Multicultural Dialogue Randi Gressgård, 2010 As cross cultural migration increases democratic states face a particular challenge how to grant equal rights and dignity to individuals while recognizing cultural distinctiveness In response to the greater number of ethnic and religious minority groups state policies seem to focus on managing cultural differences through planned pluralism This book explores the dilemmas paradoxes and conflicts that emerge when differences are managed within this conceptual framework After a critical investigation of the perceived logic of identity indicative of Western nation states and at the root of their pluralistic intentions the author takes issue with both universalist notions of equality and cultural relativist notions of distinctiveness However without identity is it possible to participate in dialogue and form communities Is there a way out of this impasse The book argues in favor of communities based on nonidentitarian difference developed and maintained through open and critical dialogue **The Myth of Abstraction** Andrea Meyertholen, 2021 An alternative genealogy of abstract art featuring the crucial role of 19th century German literature in shaping it aesthetically culturally and socially Once upon a time or more specifically in 1911 there was an artist named Wassily Kandinsky who created the world's first abstract artwork and forever altered the course of art history or so the traditional story goes A good story but not the full story The Myth of Abstraction reveals that abstract art was envisioned long before Kandinsky in the pages of nineteenth century German literature It originated from the written word described by German writers who

portrayed in language what did not yet exist as art Yet if writers were already writing about abstract art why were painters not painting it To solve the riddle this book features the work of three canonical nineteenth century authors Heinrich von Kleist Johann Wolfgang von Goethe and Gottfried Keller who imagine theorize and describe abstract art in their literary writing sometimes warning about the revolution it will cause not just in art but in all aspects of social life Through close readings of their textual images and visual analyses of actual paintings Andrea Meyertholen shows how these writers anticipated the twentieth century birth of abstract art by establishing the necessary conditions for its production reception and consumption The first study to bring these early descriptions of abstraction together and investigate their significance The Myth of Abstraction writes an alternative genealogy featuring the crucial role of literature in shaping abstract art in aesthetic cultural and social terms mes warning about the revolution it will cause not just in art but in all aspects of social life Through close readings of their textual images and visual analyses of actual paintings Andrea Meyertholen shows how these writers anticipated the twentieth century birth of abstract art by establishing the necessary conditions for its production reception and consumption The first study to bring these early descriptions of abstraction together and investigate their significance The Myth of Abstraction writes an alternative genealogy featuring the crucial role of literature in shaping abstract art in aesthetic cultural and social terms mes warning about the revolution it will cause not just in art but in all aspects of social life Through close readings of their textual images and visual analyses of actual paintings Andrea Meyertholen shows how these writers anticipated the twentieth century birth of abstract art by establishing the necessary conditions for its production reception and consumption The first study to bring these early descriptions of abstraction together and investigate their significance The Myth of Abstraction writes an alternative genealogy featuring the crucial role of literature in shaping abstract art in aesthetic cultural and social terms e first study to bring these early descriptions of abstraction together and investigate their significance The Myth of Abstraction writes an alternative genealogy featuring the crucial role of literature in shaping abstract art in aesthetic cultural and social terms

Modernism and the Cult of Mountains: Music, Opera, Cinema Christopher Morris, 2016-04-15 Adopting and transforming the Romantic fascination with mountains modernism in the German speaking lands claimed the Alps as a space both of resistance and of escape This new cult of mountains reacted to the symptoms and alienating forces associated with modern culture defining and reinforcing models of subjectivity based on renewed wholeness and an aggressive attitude to

physical and mental health The arts were critical to this project none more so than music which occupied a similar space in Austro German culture autonomous pure sublime In Modernism and the Cult of Mountains opera serves as a nexus shedding light on the circulation of contesting ideas about politics nature technology and aesthetics Morris investigates operatic representations of the high mountains in German modernism showing how the liminal quality of the landscape forms the backdrop for opera's reflexive engagement with the identity and limits of its constituent media not least music This operatic reflexivity in which the very question of music's identity is repeatedly restaged invites consideration of musical encounters with mountains in other genres and Morris shows how these issues resonate in Strauss's Alpine Symphony and in the Bergfilm mountain film By using music and the ideology of mountains to illuminate aspects of each other Morris makes an original and valuable contribution to the critical study of modernism

The Sublime Now Luke White, Claire Pajaczkowska, 2009 The Sublime has been considered an archaic concept the relevance of which was limited to eighteenth century discourses on art literary criticism and aesthetics But it is becoming obvious that contemporary culture requires of us a response that is at once emotional critical powerful and meaningful and recently the issue of the sublime has found its way back onto the critical agenda This book asks a series of critical questions about this resurgence What is the legacy of the discourse of the sublime for us today In what ways has it acquired an added urgency in our new millennium To what extent is this concept a useful or dangerous tool for the understanding of contemporary culture and history How does the Sublime follow the Post Modern To what uses can and should it be put Why the Sublime now The editors have collected writings from many contemporary thinkers who bring the critical concept of the sublime into their discussions of contemporary cultures Spanning philosophy religion ecology politics literature avant garde art popular cinema comic books humour and digital cultures these essays consider the relevance of the sublime now The authors make provocative readings of the original writings on the sublime from Longinus Burke Kant and Nietzsche to Freud Lyotard Derrida Kristeva and others whilst bringing these writings to bear on today's cultural issues

Animated Landscapes Chris Pallant, 2015-08-27 Winner of the 2017 McLaren Lambart Award for Best Book on the Subject of Animation Studying landscape in cinema isn't quite new it'd be hard to imagine Woody Allen without New York or the French New Wave without Paris But the focus on live action cinema leaves a significant gap in studying animated films With the almost total pervasiveness of animation today this collection provides the reader with a greater sense of how the animated landscapes of the present relate to those of the past Including essays from international perspectives Animated Landscapes introduces an idea that has seemed literally to be in the background of animation studies The collection provides a timely counterpoint to the dominance of character be that either animated characters such as Mickey Mouse or real world personalities such as Walt Disney that exists within animation scholarship and film studies more generally Chapters address a wide range of topics including history case studies in national contexts including Australia Japan China and Latvia the traversal of animated landscape the animation of fantastical

landscapes and the animation of interactive landscapes Animated Landscapes promises to be an invaluable addition to the existing literature for the most overlooked aspect of animation Social Theory: Volume II Roberta Garner,Black Hawk Hancock,2014-05-29 The organization of this popular social theory reader which pairs classical articles with contemporary theoretical and empirical studies highlights the historical flow of social theory and demonstrates how disagreements and confrontations shape theory over time Written in clear down to earth language the introductions to each selection link theorists to one another illustrating how theoretical traditions are not rigidly separate but are always in conversation addressing and challenging each other Volume II From Modern To Contemporary Theory uses key transitional theorists to illustrate how contemporary theory emerged from the past New chapters on race on culture and on media as well as a significantly reworked gender chapter deepen coverage As well new contextual and biographical materials surround each reading and each chapter includes a study guide with key terms and innovative discussion questions and classroom exercises The result is a volume of readings that offers instructors flexibility in how they approach teaching and students an affordable and accessible introduction to the most important contemporary social theorists **Church Psalmist** ,1847

Unveiling the Magic of Words: A Overview of "**Sublime Is Now**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Sublime Is Now**," a mesmerizing literary masterpiece penned by a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book is central themes, examine its distinctive writing style, and assess its profound affect the souls of its readers.
