Submarine Warfare in the Pacific Charles River Charles River Editors, 2016-01-30 Includes pictures Includes accounts of submarine warfare by sailors on both sides Includes online resources and a bibliography for further reading Includes a table of contents When we went out on patrol we were on our own There was no one to give us orders how to make the approach how to attack how to follow through It was us against the enemy We were corsairs in a world that had almost forgotten the word George Grider Submarines exercised a decisive impact on the outcome of the Pacific Theater in World War II The U S submarine fleet largely though not exclusively under the overall command of Vice Admiral Charles Lockwood strangled the supply lines and shipping traffic of the Empire of Japan Their commerce raiding crippled both Japan s ability to keep its frontline units supplied and to manufacture the weapons vessels and vehicles needed to successfully carry on the struggle The United States and Japan both produced excellent high tech submarines in the context of the World War II era Japanese I boats showed excellent seakeeping capabilities and offered the versatility created by their large size including the ability to serve as motherships for midget submarines or aircraft carriers for scouting aircraft or even specialized bombers The Type 93 Long Lance and Type 95 torpedoes they carrier packed enough punch to sink capital ships like battleships and carriers at ranges of several miles American submarines though smaller could dive deeply move quickly and provide both firepower and survivability Though their Type XIV and Type XVIII torpedoes could not match the Japanese Type 93 they still gave a lethal punch particularly after improvements in late 1943 The USS Archerfish demonstrated the deadliness of American submarines to Japanese capital ships also The submariners of both fleets showed immense courage daring and skill in carrying out their duties Both groups of men exhibited aggression patriotism and fighting spirit in equal measure regardless of the different cultural lenses through which these traits manifested themselves Both navies successfully produced professional highly

capable submarine officers The Japanese however decided to use their submarines mainly to support a grand fleet action at visual ranges which never occurred Instead the submarines carried out sporadic uncoordinated attacks and the rest of the time remained on sentry duty or found their time squandered with supply runs and undersea evacuations The Japanese never corrected these problems probably due to cultural factors The rowdy democratic Americans suspicious of authority and used to asserting themselves confronted their commanders boisterously when they felt something was amiss The torpedo problem nearly caused fistfights between submarine skippers and admirals yet in the end the admirals examined and corrected the problem Though constituting only 1 6% of the total U S Navy s tonnage in the Pacific the submarine fleet inflicted massive losses on the Imperial Japanese Navy and Japan s crucial merchant marine Submarines sank 55% of the merchant shipping lost or approximately 1 300 vessels overall the Allies sank 77% of Japan s shipping The submarines also sank 214 Japanese warships including 82 of 1 000 tons or more 4 carriers 4 escort carriers one battleship 4 heavy cruisers 9 light cruisers 38 destroyers and 23 submarines or approximately 30% of the entire Imperial Japanese Navy The sleek predatory craft made in the shipyards of Virginia Wisconsin or Washington state devastated the naval and freighter assets of the Empire of the Rising Sun out of all proportion to their numbers at a cost of 42 submarines on Eternal Patrol Submarine Warfare in the Pacific The History of the Fighting Under the Waves between Japan and America during World War II analyzes the underwater fighting between the Allies and Japan across the Pacific theater *Sink 'Em All* Charles A. Lockwood,1984 **The War Below** James Scott,2013-05-14 The riveting story of the submarine force that helped win World War II by ravaging Japan s merchant fleet and destroying its economy A dramatic account of extraordinary heroism ingenuity and perseverance and the vital role American submarines played in winning the Pacific war **War Under the Pacific** Keith Wheeler,Time-Life Books Editors,Time-Life Books,1980-11-01
