Philosophical Readings of Shakespeare Margherita Pascucci,2015-12-24 This book offers a close philosophical reading of King Lear and Timon of Athens which provides insights into the groundbreaking ontological discourse on poverty and money Analysis of the discourse of poverty and the critique of money helps to read Shakespeare philosophically and opens new reflections on central questions of our own time *Grasping Shadows* William Chapman Sharpe,2017-08-04 What s in a shadow Menace seduction or salvation Immaterial but profound shadows lurk everywhere in literature and the visual arts signifying everything from the treachery of appearances to the unfathomable power of God From Plato to Picasso from Rembrandt to Welles and Warhol from Lord of the Rings to the latest video game shadows act as central players in the drama of Western culture Yet because they work silently artistic shadows often slip unnoticed past audiences and critics Conceived as an accessible introduction to this elusive phenomenon Grasping Shadows is the first book that offers a general theory of how all shadows function in texts and visual media Arguing that shadow images take shape within a common cultural field where visual and verbal meanings overlap William Sharpe ranges widely among classic and modern works revealing the key motifs that link apparently disparate works such as those by Fra Angelico and James Joyce Clementina Hawarden and Kara Walker Charles Dickens and Kumi Yamashita Showing how real world shadows have shaped the meanings of shadow imagery Grasping Shadows guides the reader through the techniques used by writers and artists to represent shadows from the Renaissance onward The last chapter traces how shadows impact the art of the modern city from Renoir and Zola to film noir and projection systems that capture the shadows of passers by on streets around the globe Extending his analysis to contemporary street art popular songs billboards and shadow theatre Sharpe demonstrates a practical way to grasp the dark side that looms all around us , *Substance and Shadow* Henry James,2018-06-29 **The Sacred Shadow** Courtney Cohen,2019-08-20 How might life look if we lived as though eternity is now Many of us have fallen into a trap thinking that God and His kingdom are up there somewhere as if He and His dwelling place are distant in reach and in time But Jesus came teaching a very different reality To every physical aspect of creation there is a spiritual counterpart When God created the world He called it very good He declared it to be sacred by placing His own image in the world through humanity He

charged humanity to fill the earth to take dominion to declare who God is So the here and now this present reality this is sacred The tangible is not evil it is a gift from God And yet it s not the end all be all It is just the beginning a glimpse a shadow of the greater reality Here we live in the sacred shadow but one day when we pass through the veil of perception which blurs our present reality when we step over the thread of time which is a boundary for now but won t be a boundary forever and certainly isn t a boundary for God we will step out of the sacred shadow and into the sacred substance In Courtney Cohen s latest book *The Sacred Shadow* explore what reality truly is encounter the near presence of God challenge your perception of eternity and discover the sacredness that exists now during our brief time spent in this shadow land What Leaders Are Saying About *The Sacred Shadow* *The Sacred Shadow* is the perfect book to read when trying to make sense of the world we live in It invites us to discover and understand that eternity is our real home and we are just passing through earth pilgrims headed to our glorious promised land I urge you to read on And if you re like me and you get excited at the thought of the supernatural heaven the spirit world and holy mysteries being revealed you will likely call *The Sacred Shadow* one of your favorites Christine D Clario International Worship Leader Award Winning Artist Author of *Prodigal Heart* How does an infinite God go about communicating eternal spiritual Truth to the limited hearts and minds of the people He loves How does a wise father teach young children his ways In *The Sacred Shadow* Courtney Cohen has put her finger on the method of God hiding every secret and each mystery like Easter Eggs in tufts of grass barely hidden in the shadows where they can be found by those who seek them Every shadow is cast by a great light shining upon a solid reality and Cohen insightfully redirects our eyes from each shadow to the solid Truth it represents and to the Great Light that shines behind each of them Prepare yourself to gather treasures because Cohen is leading us on the hunt and there is wisdom to share for those who seek it Pastor Zach Neese Worship Pastor Gateway Church Author of *How to Worship a King*
