Helen King

The Hypocritical Oath:

The Hippocratic Oath and the Ethics of Medicine Steven H. Miles, 2005-06-02 This engaging book examines what the Hippocratic Oath meant to Greek physicians 2400 years ago and reflects on its relevance to medical ethics today Drawing on the writings of ancient physicians Greek playwrights and modern scholars each chapter explores one of its passages and concludes with a modern case discussion The Oath proposes principles governing the relationship between the physician and society and patients It rules out the use of poison and a hazardous abortive technique It defines integrity and discretion in physicians speech The ancient Greek medical works written during the same period as the Oath reveal that Greek physicians understood that they had a duty to avoid medical errors and learn from bad outcomes These works showed how and why to tell patients about their diseases and dire prognoses in order to develop a partnership for healing and to build the credibility of the profession Miles uses these writings to illuminate the meaning of the Oath in its day and in so doing shows how and why it remains a valuable guide to the ethical practice of medicine This is a book for anyone who loves medicine and is concerned about the ethics and history of this profession The Hippocratic Oath Ludwig Edelstein, 1943 Institute of the History of Medicine **The Hippocratic Oath** Ludwig Edelstein, 1954 The Hippocratic Oath Hippocrates, 1943

Hippocrates Now Helen King, 2019-11-14 This book is available as open access through the Knowledge Unlatched programme and is available on www.bloomsburycollections.com We need to talk about Hippocrates Current scholarship attributes none of the works of the Hippocratic corpus to him and the ancient biographical traditions of his life are not only late but also written for their own promotional purposes Yet Hippocrates features powerfully in our assumptions about ancient medicine and our beliefs about what medicine and the physician himself should be In both orthodox and alternative medicine he continues to be a model to be emulated This book will challenge widespread assumptions about Hippocrates and in the process about the history of medicine in ancient Greece and beyond and will also explore the creation of modern myths about the ancient world Why do we continue to use Hippocrates and how are new myths constructed around his name How do news stories and the internet contribute to our picture of him And what can this tell us about wider popular engagements with the classical world today in memes quotes and online Hippocrates' Oath and Asclepius' Snake T.A.

Cavanaugh, 2017-11-01 T A Cavanaugh's Hippocrates Oath and Asclepius Snake The Birth of the Medical Profession articulates the Oath as establishing the medical profession's unique internal medical ethic in its most basic and least controvertible form this ethic mandates that physicians help and not harm the sick Relying on Greek myth drama and medical experience e.g. homeopathy the book shows how this medical ethic arose from reflection on the most vexing medical ethical problem injury caused by a physician and argues that deliberate iatrogenic harm especially the harm of a doctor choosing to kill physician assisted suicide euthanasia abortion and involvement in capital punishment amounts to an abandonment of medicine as an exclusively therapeutic profession The book argues that medicine as a profession necessarily

involves stating before others what one stands for the good one seeks and the bad one seeks to avoid on behalf of the sick and rejects the view that medicine is purely a technique lacking its own unique internal ethic It concludes noting that medical promising as found in the White Coat Ceremony through which U S medical students matriculate implicates medical autonomy which in turn merits respect including honoring professional conscientious objections **Propri** C. Richard Bell,2024-03-23 I woke up one morning sometime in 2001 and in between sleep and wakefulness I was thinking about what I had to get up and do Actually I was telling myself to get up and take care of the day s task Later that evening I started working on a manuscript that began almost two years earlier I decided quite spontaneously to revise the beginning of the first chapter with what I was saying to myself that morning I basically started using the book to talk to myself I went from writing in the first person to writing in dialogue Not only did the way the book was written change but so did the substance purpose and intent Over the next few days months and years I would often find myself writing in the present which can read throughout the book I was not writing from hindsight I was expressing thoughts for the first time as I wrote them The book is large in scope and without a particular genre Thoughts and emotions don t happen in category or chronological order Nor are the thoughts and emotions of a reader categorized in chronology The book speaks about addiction and recovery yet is not a book about addiction and recovery It speaks upon the contrast and ultimate uniting of one s intellectual facilities and those of will and desire Yet it is not a philosophical book It speaks upon the evolution from atheism to acknowledging divine reality but it is not a theological book It speaks of the vulnerability and struggles of a young black male seeking manhood but it is not a book about the black struggle I detail the endeavor to become a better person and the inevitable pitfalls but it is not a book about overcoming It is however a book about the ever changing reality of life regardless of the fallacious idea that people stay the same Since the book was more than 25 years in the making and a large part of it was written in the present the book had no choice but to change as did the author When I started writing in the Fall of 1998 I figured it would take about a year or two to finish the book By the fall of the next year I had the first 3 chapters completed and was working on the fourth On November 23 1999 two days before I was to turn 30 my mother committed suicide From there I would dive deep into alcohol addiction set myself on fire and be a hospital ride away from death after being stabbed 6 times with a 7 inch boning knife Ultimately this book is about the inverted order of life that must be turned upside down and put into order The order of love because anyone who loves desires to be loved The order of wisdom because it is the means to practice love And the order of service to others as the substance form and purpose of life itself I wrote about what I had lived while I was living it Just prior to completing the manuscript I realized that writing a book helped me survive while circling the brink of death

The Hippocratic Myth M. Gregg Bloche,2011-03-15 When we re ill we trust in doctors to put our well being first But medicine s expanding capability and soaring costs are putting this promise at risk Increasingly society is calling upon physicians to limit care and to use their skills on behalf of health plan bureaucrats public officials national security and

courts of law And doctors are answering this call They re endangering patients veiling moral choices behind the language of science and at times compromising our liberties In *The Hippocratic Myth* Dr M Gregg Bloche marshals his expertise in medicine and the law to expose how Doctors are pushed into acting both as caregivers and cost cutters compromising their fidelity to patients Politics keeps doctors from giving war veterans the help they need Insurers and hospital administrators pressure doctors to discontinue life saving treatment even when patients and family members object Medicine has become a weapon in America s battles over abortion child custody criminal responsibility and the rights of gays and lesbians The war on terror has exploited clinical psychology to inflict harm Challenging provocative and insightful *The Hippocratic Myth* breaks the code of silence and issues a powerful warning about the need for doctors to forge a new compact with patients and society

The Hypocritical Oath Frederick Lukash, MD,2025-06-14 In the heat and heart of New Orleans secrets fester like wounds Ten ambitious medical students once made a private pact if faced with a terminal illness they d take fate into their own hands The Hippocratic Oath of do no harm became do not suffer It was supposed to be hypothetical A show of defiance against death itself Decades later members of the group start turning up dead Set in the backdrop of Hurricane Katrina Where is the line between mercy and murder

Psychiatric Abuse Poetry..... Desha Blue,2014-06-17 Psychiatric Abuse Poetry is a book of primarily poems about the most heinous abuse that occurs in psychiatric facilities This is not a book of poetry about professionals suggesting medications that are not helpful and are in fact oftentimes harmful on one level or another This is not a book of poetry about professionals being somewhat blas about the welfare of their patients This is a book depicted the real life reality based verbal mental emotional physical and sexual abuse which is common in County and or State lock down facilities for those deemed DTO DTS even when those patients are forced into such a setting due to false stories made up stories or the lies of an abuser Readers are cautioned that the poetry herein is blunt disturbing and honest
