The Image of a Cross in Pagan, Christian and Anti Christian Symbolism 1894 T. Clifford O'Connor, 2014-03 This Is A New Release Of The Original 1894 Edition *The Image of a Cross* T. Clifford O'Connor, 1895 **The Archaeology of Late Antique 'Paganism'**, 2011-06-22 There is no agreement over how to name the pagan cults of late antiquity Clearly they were more diverse than this Christian label suggests but also exhibited tendencies towards monotheism and internal changes which makes it difficult to describe them as traditional cults This volume which includes two extensive bibliographic essays considers the decline of urban temples alongside the varying evolution of other focii of cult practice and identity The papers reveal great regional diversity in the development of late antique paganism and suggest that the time has come to abandon a single compelling narrative of the end of the temples based on legal sources and literary accounts Although temple destructions are attested in some regions the end of paganism was both gradual and untraumatic with more co existence with Christianity than one might have expected Contributors are Javier Arce B atrice Caseau Georgios Deligiannakis Koen Demarsin Jitse H F Dijkstra Demetrios Eliopoulos James Gerrard Penelope J Goodman David Gwynn Luke Lavan Michael Mulryan Helen G Saradi Eberhard W Sauer Gareth Sears Peter Talloen Peter Van Nuffelen and Lies Vercauteren

Between Pagan and Christian Christopher P. Jones, 2014-03-31 Who and what was pagan depended on the outlook of the observer as Christopher Jones shows in this fresh and penetrating analysis Treating paganism as a historical construct rather than a fixed entity **Between Pagan and Christian** uncovers the fluid ideas rituals and beliefs that Christians and pagans shared in Late Antiquity **The Irish Protestant Churches in the Twentieth Century** Alan Megahey, 2000-08-17 This book is unique in recording the history of all the Protestant churches in Ireland in the twentieth century though with particular focus on the two largest the Presbyterian and the Church of Ireland It examines the changes and chances in those churches during a turbulent period in Irish history relating their development to the wider social and political context Their structures and beliefs are examined and their influence both in Ireland and overseas is assessed Reference Catalogue of Current Literature, 1928 **Entangled Christianities** David Anthony, 2016-06-22 *Entangled Christianities* looks at Christianity in flux Each chapter recounts a moment of crisis and opportunity in the history of Christianity from the selection of the biblical canon to the Iconoclast struggle of the Reformation and from the religious conversions of Scandinavian Norsemen and Native Americans to the establishment of religious liberty in the US Constitution In each event Christianity engages in a dialogue with internal and external voices thereby negotiating the shape and meaning of Christianity Underlying these negotiations is an often unstated reality that there is not and never has been a single Christianity The meaning and direction of Christianity was disputed even in the days of Peter Paul and James The history of Christianity can perhaps be better understood as a history of Christianities This work is designed to capture pivotal moments wherein Christianity encountered challenges to its identity and structures Idolatry and Representation Leora

Batnitzky, 2009-07-06 Although Franz Rosenzweig is arguably the most important Jewish philosopher of the twentieth century his thought remains little understood Here Leora Batnitzky argues that Rosenzweig's redirection of German Jewish ethical monotheism anticipates and challenges contemporary trends in religious studies ethics philosophy anthropology theology and biblical studies This text which captures the hermeneutical movement of Rosenzweig's corpus is the first to consider the full import of the cultural criticism articulated in his writings on the modern meanings of art language ethics and national identity In the process the book solves significant conundrums about Rosenzweig's relation to German idealism to other major Jewish thinkers to Jewish political life and to Christianity and brings Rosenzweig into conversation with key contemporary thinkers Drawing on Rosenzweig's view that Judaism's ban on idolatry is the crucial intellectual and spiritual resource available to respond to the social implications of human finitude Batnitzky interrogates idolatry as a modern possibility Her analysis speaks not only to the question of Judaism's relationship to modernity and vice versa but also to the generic question of the present's relationship to the past a subject of great importance to anyone contemplating the modern statuses of religious tradition reason science and historical inquiry By way of Rosenzweig Batnitzky argues that contemporary philosophers and ethicists must relearn their approaches to religious traditions and texts to address today's central ethical problems
