Rebirth of M. P. Follett's Dynamic Management Thought Izumi Mitsui, 2025-08-15 The purpose of this book is to reevaluate the dynamic management thought of M. P. Follett 1868-1933 and recreate it for the construction of a new society after the COVID-19 era. Here the focus is especially on the main concept of her dynamic social process concept, interweaving and showing its current applicability. It should also be noted that the time Follett created this concept was when the 1918 pandemic Spanish flu struck Boston. Based on her academic background in political science, philosophy, history, psychology and related disciplines, Follett had many years of practical experience as a social worker in Boston and advocated a social view based on the dynamic interaction of individuals. It included rebuilding social relations, social development as a continuous process and creating a community experience through the interweaving of individual experiences. One of the important issues that COVID-19 poses is the breaking and restructuring of human relations in communities and societies. The author believes that such an issue could be easily resolved by information and communications technology (ICT) networks. While it is a powerful tool, we are now aware that it also has the effect of isolating individuals and inciting conflicts. The author applies Follett's ideas to approach such problems. In this book, her perspectives on the interweaving process of experience and its position are emphasized as important concepts for creating new communities for the post-COVID-19 era. Expressed symbolically, they correspond to interweaving experiences in the internet society.

Artistic Individuality Zivile Gimbutas, 2012-09-21 In this study of a series of artist novels, individuality is elucidated by childhood experiences, sensuality and receptivity, the urge for self-expression, relation to nature and creative work. Individuality is essentially the recognition of one's self as a unique part of a whole which is apt to be discovered in kinship with nature and expressed in aesthetics that stem from an appreciation of nature. The featured novels are Willa Cather's *The Song of the Lark*, M. Allen Cunningham's *Lost Son*, James Joyce's *A Portrait of the Artist as a Young Man*, W. Somerset Maugham's *The Moon and Sixpence*, Dodie Smith's *I Capture the Castle*, John Updike's *Seek My Face* and Virginia Woolf's *To the Lighthouse*.

The Gospel of Joy Stopford Augustus Brooke, 1898 [Shakespeare as a Dramatic Artist. A Popular Illustration of the Principles of Scientific Criticism](#) Richard G. Moulton, 2023-10-21 Richard G. Moulton's *Shakespeare as a Dramatic Artist* delves into the complex principles of scientific criticism through the lens of Shakespeare's work. Moulton carefully dissects the dramatic elements in Shakespeare's plays, illustrating how the Bard masterfully crafted his characters, plots and themes. The book provides a scholarly analysis of Shakespeare's literary style, exploring how his use of language and dramatic techniques has influenced the world of literature. Moulton's insightful commentary offers readers a deeper appreciation for Shakespeare's genius. *Shakespeare as a Dramatic Artist* is a must-read for anyone interested in Shakespearean studies and the art of literary criticism.

From Tarzan to Homer Simpson Sócrates Nolasco, 2017-06-09 Men have lower life expectancy than women; they account for 90% of the incarcerated population; they

die more often in traffic accidents from alcohol and drug consumption and they commit more suicides than women Since that information has been accessible for a long time why is it not taken into account when campaigns are created and actions are defined Violence is not an entity it is male Confronted with that reality the author sought to formulate the question orientating towards the following working hypothesis this common knowledge should be forgotten given that the involvement of men in situations of violence plays an important role in the preservation of political ideation in contemporary societies During this study it became clear that men are exposed to a more complex type of death than mere physical death but just as important which is relative to their social representation This insight led to understanding other aspects that could be associated with men s intense involvement in situations of violence Could it be that in contemporary culture a purpose is served by keeping men involved with situations of violence If so what might that be *Individuality Incorporated* Joel Pfister,2004-02-16 Explores the drive of whites to individualize Indians showing them how they should pursue happiness find the meaning of life and how they should labor
