Sir William Scott Lord Stowell Judge Of The High Court Of Admiralty 1798 1828:

Sir William Scott, Lord Stowell Henry J. Bourguignon, 2004-02-12 A biography of the judge reputed to be the greatest of civilian lawyers *The Documentary History of the Supreme Court of the United States, 1789-1800: Cases, 1798-1800*

Maeva Marcus, 1985 **Legal Foundations of Tribunals in Nineteenth Century England** Chantal Stebbings, 2007-01-18

Nineteenth century governments faced considerable challenges from the rapid novel and profound changes in social and economic conditions resulting from the industrial revolution In the context of an increasingly sophisticated and complex government from the 1830s the specialist and largely lay statutory tribunal was conceived and adopted as the principal method of both implementing the new regulatory legislation and resolving disputes The tribunal s legal nature and procedures and its place in the machinery of justice were debated and refined throughout the Victorian period In examining this process this 2007 book explains the interaction between legal constraints social and economic demand and political expediency that gave rise to this form of dispute resolution It reveals the imagination and creativity of the legislators who drew on diverse legal institutions and values to create the new tribunals and shows how the modern difficulties of legal classification were largely the result of the institution s nineteenth century development **Literary Copyright Reform in**

Early Victorian England Catherine Seville, 1999-09-20 This text was the first study of the controversial bills leading to the Copyright Act 1842 Navies in Northern Waters Rolf Hobson, TOM KRISTIANSEN, 2004-08-02 Navies in Northern Waters

is a collection of articles covering the roles played by the secondary navies of northern European powers and the United States within the maritime balance of power The contributions covering the 18th and 19th centuries focus on their relations with each other as they sought to create a counterweight to the dominant naval power of Britain The inter war years are treated from the perspectives of international disarmament efforts within the framework of collective security and the subsequent naval rivalry in the Baltic area in the years leading up to the Second World War For the post 1945 period the contributions concentrate on superpower rivalry in northern waters during the Cold War the changing aspects of security policy since the collapse of the Soviet Union and the particular challenges facing small coastal states policing extensive waters of increasing economic importance The Encyclopedia of the War of 1812 Spencer C. This is the first book covering those who abused and misused the legal system in medieval England and the initial attempts of the Anglo American legal system to deal with these forms of legal corruption Maintenance in the sense of intermeddling in another person s litigation was a source of repeated complaint in medieval England This book reveals for the first time what actually transpired in the resultant litigation Extensive study of the primary sources shows that the statutes prohibiting maintenance did not achieve their objectives because legal proceedings were rarely brought against those targeted by the statutes the great and the powerful Illegal maintenance was less extensive than frequently asserted because medieval judges recognized a number of valid justifications for intermeddling in litigation Further the book casts doubt on the effectiveness of the statutory regulation of livery This is a treasure trove for legal historians literature scholars lawyers and academic libraries The Encyclopedia of the Wars of the Early American Republic, 1783-1812 Spencer C. Tucker,2014-06-11

Relatively little attention has been paid to American military history between 1783 and 1812 arguably the most formative years of the United States This encyclopedia fills the void in existing literature and provides greater understanding of how the nation evolved during this era This encyclopedia offers a comprehensive examination of U S military history from the beginning of the republic in 1783 up to the eve of war with Great Britain in 1812 It enables a detailed study of the Early Republic during which ideological and political divisions occurred over the fledgling U S military The entries cover all the important battles key individuals weapons Indian nations and treaties as well as numerous social political cultural and economic developments during this period The contents of the work will enable readers at the high school college university and even graduate level to comprehend how political parties emerged and how ideological differences over the organization size and use of the military developed Larger global developments including Anglo American and Franco American interactions relations between Middle Eastern states and the United States and relations and warfare between the U S government and various Indian nations are also detailed The extensive and detailed bibliographies will be immensely helpful to learners at all levels **Balancing Strategy** Anna Brinkman,2024-05-02

What is the relationship between seapower law and strategy Anna Brinkman uses in depth analysis of cases brought before the Court of Prize Appeal during the Seven Years War to explore how Britain worked to shape maritime international law to its strategic advantage Within the court government officials and naval and legal minds came together to shape legal decisions from the perspectives of both legal philosophy and maritime strategic aims As a result neutrality and the negotiation of rights became critical to maritime warfare Balancing Strategy unpicks a complex web of competing priorities deals struck with the Dutch Republic and Spain imperial rivalry mercantilism colonial trade and the relationships between metropolises and colonies trade and the navy

Ultimately influencing and shaping international law of the sea allows a nation to create the norms and rules that constrain or enable the use of seapower during war **Law, Politics and the Church of England** S. M. Waddams, 1992-05-14
