Cooke, 2014-08-19 The story of Whittaker Chambers HUAC and the case that defined the McCarthy era as reported by one of the twentieth century's most respected journalists In August 1948 a former Communist Party member named Whittaker Chambers testified before the House Un American Activities Committee that a secret cell of Communists had infiltrated Franklin D Roosevelt's New Deal administration Chief among the conspirators according to Chambers was Alger Hiss a former government attorney and State Department official who had taken part in the Yalta Conference and been instrumental in the creation of the United Nations Hiss's categorical denial of the charges which led Chambers to produce evidence linking both men to Soviet espionage quickly escalated into one of the most divisive episodes in American history and ignited the widespread fear and paranoia of the McCarthy era As the US correspondent for the Manchester Guardian Alistair Cooke reported extensively on the Hiss affair In an atmosphere that he memorably compares to that of a seventeenth century religious war Cooke maintained a clear head and his signature intellectual rigor *A Generation on Trial* which begins with a brilliantly succinct summary of the case We are about to look at the trials of a man who was judged in one decade for what he was said to have done in another is both a fascinating historical document and a stirring example of journalistic integrity *The Patient Has the Floor* Alistair Cooke, 2014-08-19 Masterful essays by one of the most distinctive voices in broadcast journalism In his Letter from America reports for the BBC and as the host of PBS's Masterpiece Theatre Alistair

Cooke addressed millions of people all over the world every week The fourteen essays collected here each of which was first delivered as a speech showcase the wit charm and eloquence of Cooke's voice in more intimate but no less intimidating settings In exclusive forums as varied as the Mayo Clinic and a conference of British and American scholars investigating the state of the language Cooke eagerly challenges expert opinions and delightfully skewers the pretensions of the powerful Addressing the House of Representatives on the bicentennial of the Continental Congress he warns against the dangers of sentimentalizing history and wryly notes that practically every man who signed the Declaration of Independence is at this moment being measured for a halo or at worst a T shirt At the Royal College of Surgeons in London he compares his listeners to armed robbers and to the disreputable half of that infamous duo Dr Jekyll and Mr Hyde If I could be benevolent dictator of the United States for a year he informs the National Trust for Historic Preservation I should provide several million jobs for the wrecking industry No one played the devil's advocate with as much grace and good humor as did Alistair Cooke *The Patient Has the Floor* is an eminently quotable testament to his extraordinary talents as a journalist scholar and public speaker *H.L. Mencken* Vincent Fitzpatrick, 2004 Over a career that spanned half of a century Henry Louis Mencken published more than 10 million words More than a million were written about him many of which Mencken liked to remark were highly condemnatory He was called with good reason the most powerful private citizen in America during the 1920s

This lively introduction to Mencken's life and work begins with a concise biographical portrait before proceeding to a consideration of the five major periods of the renowned Baltimorean's career: his literary apprenticeship, the growth of his national reputation, his fame and unprecedented popularity during the 1920s when college students would flash the Paris green cover of the *American Mercury* as a badge of sophistication, the decline of his reputation during the Depression and his renewed popularity during the 1940s with the publication of his autobiographical trilogy the *Days* books. In discussing this varied career, Vincent Fitzpatrick touches upon all the roles that Mencken played: journalist, editor, redoubtable critic of literature, culture and politics, philologist and autobiographer. Drawing upon Mencken's extensive correspondence of more than 100,000 letters, the book stresses his unflagging belief in the need for free speech up to the limits of common decency. Indeed, in the end, Mencken proved a significant American civil libertarian. Iconoclast, critic, satirist, individualist, H. L. Mencken offered unique insights into American life. His lifelong celebration of the freedom to dissent marks his most enduring contribution to a nation that gave him such a wealth of material and so much delight. *Books On/by Chaplin*, 1980

Alistair Cooke Nick Cooke, 2012-02-28 One of the preeminent journalists of the twentieth century, Alistair Cooke has enjoyed a truly extraordinary career in print, radio and television. Born into a working class family and christened Alfred Cooke, he swiftly broke free of his modest origins and became the foremost commentator on American life and politics, first for the British press and eventually for the entire world. *Alistair Cooke: A Biography* is both a fascinating record of one man's determination to reinvent himself and a lively and informative journey through the highways and byways of the twentieth century. **Alistair Cooke** Nick Clarke, 2000 The first major biography of revered journalist Alistair Cooke known to millions here as the host of *Masterpiece Theatre* to the world as the author of the weekly *Letter from America*. **The Americans** Alistair Cooke, 2015-03-03 Reading Cooke is like spending an evening with him; you may have heard it all before but never told with such grace and sparkle. *The New York Times Book Review*. As the voice of the BBC's *Letter from America* for close to six decades, Alistair Cooke addressed several millions of listeners on five continents. They tuned in every Friday evening or Sunday morning to listen to his erudite and entertaining reports on life in the United States. According to Lord Hill of Luton, chairman of the BBC, Cooke had a virtuosity approaching genius in talking about America in human terms. That virtuosity is displayed to great effect in this essential collection of Cooke's letters covering a momentous decade in American history. Always entertaining, provocative and enlightening, the master broadcaster reports on an extraordinarily diverse range of topics from Vietnam, Watergate and the constitutional definition of free speech to the jogging craze and the pleasures of a family Christmas in Vermont. He eulogizes Supreme Court Chief Justice Earl Warren, pays an affectionate and moving tribute to Duke Ellington and treats readers to a night at the opera with Jimmy Carter. Alistair Cooke was one of the twentieth century's most influential reporters and, according to Pulitzer Prize-winning journalist James Reston, the best story teller in America. This captivating collection includes some of Cooke's most memorable insights into American history and culture.
