substance abuse and personality clashes all played their part in the collapse of the classic line up before a brand re launch in 1986 that enjoys continued success to the present day Status Quo The Frantic Four Years on track examines the band s groundbreaking first era with critical detail and honest opinions Richard James immersed himself in music as soon as he got his first real six string at the age of ten Previously chained to a desk for a living he managed to escape and armed with a music degree from the Open University and a Licentiate Diploma in Classical Guitar from the Royal School of Music now roams the East Midlands as a freelance guitarist and music teacher He lives with his wife in Leicestershire UK and when not involved with music he enjoys travel playing chess badly and inventing new ways to tease his cats This is his third book following UFO On Track and Tom Petty On Track both published in 2021
