Aging Through the Life Span May L. Wykle, Peter J. Whitehouse, Diana L. Morris, 2005 Print CourseSmart The Symbolism of Globalization, Development, and Aging Steven L. Arxer, John W. Murphy, 2012-09-14 This book looks at the symbolic side of globalization development and aging Many of the dimensions that are discussed represent updates of past debates but some are entirely new In particular globalization is accompanied by subtle social imagery that profoundly shapes the way institutions and identities are imagined The process of aging and persons sense of identity is no exception The underlying assumptions that pervade globalization inform how critical dimensions of aging are discussed and institutionalized The application of marketplace imagery for example may impact attempts for holism in how aging is studied and the prospects for human agency during the aging process This book offers a special look into how temporality technology normativity and empiricism structure the symbolic side of globalization and influence dominant images of the aging process Current debates about globalization and aging are expanded by helping readers see the social imagery that is both subtly behind globalization and at the forefront of shaping the aging experience *Between Successful and Unsuccessful Ageing: Selected Aspects and Contexts* Andrzej Klimczuk, Łukasz Tomczyk, 2020-01-15 We provide to readers the 11th volume of the Czech Polish Slovak Studies in Andragogy and Social Gerontology series We are delighted to announce that the presented study is the result of the work of scientists from seven countries Austria China Ghana Hungary Japan Poland and Russia This international collection of texts is part of the global discourse on the determinants of adult education and the functioning of people in late adulthood The 11th volume is a collection of research results that show both the positive and negative dimensions of ageing through the prism of research experience from various geographical and cultural areas The researchers invited to the presented volume tried to illustrate the issues assigned to the following topics ageing with dignity retirement age assumptions and conditions resulting from living in the home the relationship between challenges concerning life expectancy and needs care and ageing services and foundations and potential changes in pension systems The research results presented in this volume have a common denominator which is caring for the quality of life of the older people regardless of their place of residence Thus the study *Between Successful and Unsuccessful Ageing Selected Aspects and Contexts* brings new insights from scientists who scrupulously characterize the complexity of processes that affect the

positive and negative conditions of functioning in old age which is a mosaic of various nuances Inviting readers to familiarize themselves with the content of the monograph we would like to thank the reviewers who contributed to the improvement of the quality of the texts and open new fields for participation in further joint publishing projects **The Cambridge**

Handbook of Sociocultural Psychology Alberto Rosa, Jaan Valsiner, 2018-07-12 Sociocultural psychology is a discipline located at the crossroads between the natural and social sciences and the humanities This international overview of the field provides an antireductionist and comprehensive account of how experience and behaviour arise from human action with cultural materials in social practices The outcome is a vision of the dynamics of sociocultural and personal life in which time and developmental constructive transformations are crucial This second edition provides expanded coverage of how particular cultural artefacts and social practices shape experience and behaviour in the realms of art and aesthetics economics history religion and politics Special attention is also paid to the development of identity the self and personhood throughout the lifespan while retaining the emphasis on experience and development as key features of sociocultural psychology *Issues in Aging* Mark Novak, 2015-07-22 Opportunities and optimism in Aging Issues in Aging 3rd edition

takes an optimistic view of aging and human potential in later life This book presents the most up to date facts on aging today the issues raised by these facts and the societal and individual responses that will create a successful old age for us all Mark Novak presents the full picture of aging exhibiting both the problems and the opportunities that accompany older age The text illustrates how generations are dependent on one another and how social conditions affect both the individual and social institutions Learning Goals Upon completing this book readers will be able to Understand how large scale social issues social attitudes the study of aging and demographic issues affect individuals and social institutions Identify the political responses to aging and how individuals can create a better old age for themselves and the people they know Separate the myths from the realities of aging Recognize the human side of aging Trace the transformation of pension plans health and opportunities for personal expression and social engagement to the new ecology of aging today **Handbook of Theories**

of Aging Vern L. Bengtson, Vern L. The Evening of Life

Joseph E. Davis, Paul Scherz, 2020-09-30 Although philosophy religion and civic cultures used to help people prepare for aging and dying well this is no longer the case Today aging is frequently seen as a problem to be solved and death as a harsh reality to be masked In part our cultural confusion is rooted in an inadequate conception of the human person which is based on a notion of absolute individual autonomy that cannot but fail in the face of the dependency that comes with aging and decline at the end of life To help correct the ethical impoverishment at the root of our contemporary social confusion The Evening of Life provides an interdisciplinary examination of the challenges of aging and dying well It calls for a re envisioning of cultural concepts practices and virtues that embraces decline dependency and finitude rather than stigmatizes them Bringing together the work of sociologists anthropologists philosophers theologians and medical practitioners this collection of essays develops an interrelated set of conceptual tools to discuss the current challenges posed to aging and dying well such as flourishing temporality narrative and friendship Above all it proposes a positive understanding of thriving in old age that is rooted in our shared vulnerability as human beings It also suggests how some of these tools and concepts can be deployed to create a medical system that better responds to our contemporary needs The Evening of Life will interest bioethicists medical practitioners clinicians and others involved in the care of the aging and dying Contributors Joseph E Davis Sharon R Kaufman Paul Scherz Wilfred M McClay Kevin Aho Charles Guignon Bryan S Turner Janelle S Taylor Sarah L Szanton Janiece Taylor and Justin Mutter
