Sudden Awakening Into Direct Realization:

Sudden Awakening Eli Jaxon-Bear, 2025-09-12 Everybody wants to be happy Unfortunately relatively few achieve bliss Eli Jaxon Bear explores how it is possible to achieve lives filled with gratitude and love True happiness and meaning are achieved he asserts when we wake up stop our minds and open our hearts It is then that we discover our true selves our core identity that is part of the ultimate living intelligence of the universe our true source Like Gangaji Jaxon Bear uses a method of self investigation called self inquiry In the light of direct self inquiry limitations that once seemed to define ourselves are discovered to be more like transparent lines drawn on water They exist only on the surface of consciousness in one s imagination When these illusions of mind are clearly exposed true limitless being reveals itself This is a book that will appeal to those who are fans of Gangaji Byron Katie and Eckart Tolle It is an articulate and helpful expression of a path to fulfillment for those wrestling with questions of identity and meaning

Sudden Awakening Eli Jaxon-Bear, 2012-08 Everyone wants to be happy This is a universal component of the human condition and may seem so self evident that it does not bear noting So why is it that so few people are truly happy If it is true that our nature is happiness and bliss why has it been so rare for people to realize this Why has it been so rare for people to live their lives in gratitude and love There is a living intelligence in all people that seeks ultimately to discover its true identity and source It is a fortunate and mysterious moment when the desire for happiness leads to the investigation into personal identity also known as self inquiry In the light of direct self inquiry limitations that once seemed to define oneself are discovered to be more like transparent lines drawn on water They exist only on the surface of consciousness in one s imagination When these illusions of mind are clearly exposed true limitless being reveals itself Front flap

Numinous Awareness Is Never Dark, 2016-10-31 Numinous Awareness Is Never Dark examines the issue of whether enlightenment in Zen Buddhism is sudden or gradual that is something intrinsic to the mind that is achieved in a sudden flash of insight or something extrinsic to it that must be developed through a sequential series of practices This sudden gradual issue was one of the crucial debates that helped forge the Zen school in East Asia and the Korean Zen master Chinul s 1158 1210 magnum opus Excerpts offers one of the most thorough treatments of it in all of premodern Buddhist literature According to Chinul s analysis enlightenment is both sudden and gradual Zen practice must begin with a sudden awakening to the numinous awareness the sentience or buddha nature that is inherent in all sentient beings Such an awareness does not need to be developed but must simply be recognized or better re cognized through the unmediated experience of insight Even after this initial awakening however deeply engrained proclivities of thought and conduct may continue to disturb the practitioner these can only be removed gradually as his or her practice matures Chinul s sudden awakening gradual cultivation soteriology became emblematic of the Buddhist tradition in Korea Excerpts translated here in its entirety by the preeminent Western specialist in the Korean Buddhist tradition goes on to examine Chinul s treatments of many of the quintessential practices of Zen Buddhism including nonconceptualization or no thought and the

concurrent development of meditation and wisdom as well as for the first time in Korean Zen examining meditative topics kanhwa S n what we in the West know better as k ans after its later Japanese analogues Fitting this new technique into his preferred soteriological schema of sudden awakening gradual cultivation was no simple task for Chinul Numinous Awareness Is Never Dark offers an extensive study of the contours of the sudden gradual debate in Buddhist thought and practice and traces the influence of Chinul s analysis of this issue throughout the history of the Korean tradition Copiously annotated the work contains extensive selections from the two traditional Korean commentaries to the text In Buswell s treatment Chinul s Excerpts emerges as the single most influential work written by a Korean Buddhist author *Within the Space of the Moment* Espen Vidar,2012-06-29 Simon Mollat woke up in the dunes of Arambol Beach Goa India with an agonizing hangover The year was 2000 and the apocalypse was still a figment of collective imagination the millennium celebration had lasted Simon for four consecutive months A more enlightened soul would have enjoyed the sunrise but not Simon He was being pissed on by a stray dog and somewhere in the back of his mind Pink Floyd wandered in and around his aching head Is there anybody out there Once he had been a promising young man from the land of the midnight sun Current status Man on the lam suffering from depression and aimlessness a stray dog s pissing post His thoughts turned to the stones he d stuffed in his pocket during the night the boat he could easily borrow that could take him away far into the water He would slip out of the boat and dive downward and away from all of his suffering Something intervened and took Simon out of his suicidal head and the recurring Pink Floyd soundtrack it was something itchy and stuffed in the neck opening of his t shirt It was a balled up piece of paper with the photograph of a withered Indian man and a message that read Freedom from this me and signed by someone named Raman Kavalam It smelled of incense and made Simon think of sects robes and cultist brainwashing Simon was by no means a religious person he didn t even believe in God But something compelled him forward to seek out this Raman Kavalam something much larger than himself And so begins the odyssey of Simon Mollat s spiritual awakening *Within the Space of the Moment* takes readers on an unforgettable journey from despair and outer pleasure to inner peace and the feeling of being intensely alive If there is any formula at all to discovering the truth of who you are it lies in the distinction between an occupied mind and a still or clear one Buddhist Faith and Sudden Enlightenment Sung-bae Park,1983-01-01 Buddhist Faith and Sudden Enlightenment explains how sudden enlightenment occurs through the awakening of patriarchal faith This is the non dual affirmation that one is already Buddha as opposed to the doctrinal dualistic faith that one can become Buddha The essence of the presentation is that patriarchal faith forms the basis for sudden enlightenment in Zen meditation For the practitioner this book establishes the Zen method of mind cultivation on a higher level by introducing a new understanding of awakening right faith Included is extensive material on the history of faith in Buddhism with the main attention devoted to Ch an Zen and Hua yen There are also substantial discussions of Buddhist antecedents to these schools and of the Pure Land School This is the first book in English to examine the central role of faith in Mahayana Buddhism The

author's approach develops from his personal experiences as a son Zen monk of the Chogye order which was heavily influenced by the integration of meditation and scriptural study established by Chinul *Searching for the Self* Dalai Lama XIV Bstan-'dzin-rgya-mtsho, Dalai Lama, Thubten Chodron, 2022-05-17 The view of absolutism superimposes false ways of existence whereas the nihilistic view negates what does in fact exist Chapter 10 looks more closely at the extreme of absolutism as this is the view that we ordinary sentient beings usually cling to Chapter 11 speaks of the two extremes as presented in the P li tradition and the three characteristics of impermanence du kha and not self that counter the absolutist views Chapter 12 goes into some of the many arguments presented in the P li tradition that help to overcome clinging to a false notion of the I Although the arguments to support selflessness in the Sanskrit tradition are expounded in the next volume of the Library of Wisdom and Compassion readers who are already familiar with these will see the similarities with arguments found in the P li s tras

The Gift of Logos David Jones, Michael Schwartz, Jason M. Wirth, 2009-12-14 The Continental tradition has always placed great emphasis on the Logos The Gift of Logos Essays in Continental Philosophy celebrates and situates this emphasis in the genre of the gift and its giving The process of receiving or giving of the gift overcomes the existential alienation and separation that is so present in the human condition To ritualize giving and its gifting is to provide a syntax of solidarity that bespeaks our desire for cohesion and need for identities beyond our own To give a gift is to befriend The gift of logos is more than a gift from the gods and goddesses it is an act of giving for those friends of wisdom for those philosophers who give to each other and to their worlds and receive the blessings of logos from each other The increasing objectification of human being has mobilized a regressive narcissism that shows the ego's reassertion in the light of the meaningless quantifying forces from without By not reflecting deeply enough upon its conditions of existence in the modern world and on its ordinary moments philosophy itself has not been immune from this besotted sense of self Although not an invective against thinking nor against modern and contemporary philosophy's genuine advances The Gift of Logos portends to shed the delusion that theoretical re-description is somehow the same as transforming who we are This transformation is our greatest gift to each other To give it voice is the gift of Logos and what this collection of essays commemorates
