Richard C. Jankowsky

Sufi Fiddle:

The Sufi Fiddle Richard W. Bulliet, 1991-01-01 To relieve the tedium of jury duty recently divorced Castle Winter and a beautiful computer expert named Pansy borrow a piece of evidence a violin engraved with Arabic writing and suddenly find themselves pursued by several menacing characters **Sufi Fiddle** Professor Richard W Bulliet, Richard Bulliet, 1992-09-01

Views from the Edge Nequín Yavari, Lawrence G. Potter, Jean-Marc Ran Oppenheim, 2004-11-24 These essays were written by colleagues and former students of Richard Bulliet the preeminent Middle East scholar whose most important contribution remains his extraordinary imagination in the service of history The hallmark of the book then is innovative scholarship in all periods of Islamic history Its authors share a commitment to asking original historiographical questions with an overall orientation toward issues in social history Ambient Sufism Richard C. Jankowsky, 2021-02-17 Ambient Sufism is a study of the intertwined musical lives of several ritual communities in Tunisia that invoke the healing powers of long deceased Muslim saints through music driven trance rituals Richard C Jankowsky illuminates the virtually undocumented role of women and minorities in shaping the ritual musical landscape of the region with case studies on men's and women's Sufi orders Jewish and black Tunisian healing musical troupes and the popular music of hard drinking laborers as well as the cohorts involved in mass mediated staged spectacles of ritual that continue to inject ritual sounds into the public sphere He uses the term ambient Sufism to illuminate these adjacent ritual practices each serving as a musical social and devotional therapeutic niche while contributing to a larger shared ecology of practices surrounding and invoking the figures of saints And he argues that ritual musical form that is the large scale structuring of ritual through musical organization has agency that is form is revealing and constitutive of experience and encourages particular subjectivities Ambient Sufism promises many useful ideas for ethnomusicology anthropology Islamic and religious studies and North African studies **Sufi Heirs of the Prophet** Arthur F. Buehler, 2022-10-18 An examination of the sources and evolution of personal authority in one Islamic society Sufi Heirs of the Prophet explores the multifaceted development of personal authority in Islamic societies by tracing the transformation of one mystical sufi lineage in colonial India the Naqshbandiyya Arthur F Buehler isolates four sources of personal authority evident in the practices of the Naqshbandiyya lineage spiritual traveling status as a Prophetic exemplar and the transmission of religious knowledge to demonstrate how Muslim religious leaders have exercised charismatic leadership through their association with the most compelling of personal Islamic symbols the Prophet Muhammad Buehler clarifies the institutional structure of sufism analyzes overlapping configurations of personal sufi authority and details how and why revivalist Indian Naqshbandis abandoned spiritual practices that had sustained their predecessors for more than five centuries He looks specifically at the role of Jama al-Dīnī in 1951 to explain current Naqshbandi practices **Reflections on the Past, Visions for the Future** Harvard University. Center for Middle Eastern Studies, 2004 Area studies and especially Middle Eastern studies have been in a state of crisis since the

spread of globalization This volume focuses on one of the field's leading institutions Harvard's Center for Middle Eastern Studies CMES which was founded 50 years ago to further research and teaching about a region that remains enigmatic to the U.S. *Sufi*, 2005 The Columbia History of the 20th Century Richard W. Bulliet, 1998 In the parade of highlights with which many have tried to sum up the twentieth century the overarching patterns and fundamental transformations often fail to come into focus The Columbia History of the 20th Century however is much more than a chronicle of the previous century's front page news Instead the book is a series of twenty three linked interpretive essays on the most significant developments in modern times ranging from athletics to art the economy to the environment Rather than presenting a linear narrative each author uncovers patterns of worldwide change James Mayall for example writes on nationalism from the rise of European fascism to the rise of Asian and African nations Sheila Fitzpatrick traces the history of communism and socialism in Moscow and Havana In her chapter on women and gender Rosalind Rosenberg covers the progress of women's rights throughout the world from Middle Eastern activism to the American feminist movement Jean Marc Ran Oppenheim's history of sports traces the spread of Western sports to all corners of the globe and the West's appropriation of such activities as martial arts In each the important strands of history events ideas leading figures issues come together to offer an illuminating look at cultural connection diffusion and conflict showing in stark relief how this period has been unlike any preceding era of human history

Living Sufism in North America William Rory Dickson, 2015-09-11 In this book William Rory Dickson explores Sufism as a developing tradition in North America one that exists in diverse and beguiling forms Sufism's broad minded traditions of philosophy poetry and spiritual practice infused Islamic civilization for centuries and drew the attention of interested Westerners By the early twentieth century Sufism was being practiced in North America Today's North American Sufism can appear either explicitly Islamic or seemingly devoid of Islamic religiosity Dickson provides indispensable background on Sufism's relation to Islamic orthodoxy and to Western esoteric traditions and its historical development in North America The book goes on to chart the directions that North American Sufism is currently taking directions largely chosen by Sufi leaders The views of ten North American Sufi leaders are explored in depth and their perspectives on Islam authority gender and tradition are put in conversation with one another A more detailed picture of North American Sufism emerges challenging previous scholarly classifications of Sufi groups and highlighting Sufism's fluidity diversity and dynamism *Concise Biographical Companion to Index Islamicus* Wolfgang Behn, 2004-09-01 This first of the ultimately three volume Who's Who in Islamic Studies presents the scholarly world at long last with its own biographical encyclopaedia Taking as a starting point the inventory of authors from the renowned Index Islamicus the author Wolfgang Behn Berlin has systematically collected numerous data on the lives and works of the tens of thousands of authors listed in the Index Islamicus from 1665 to 1980 This Biographical Companion will be an indispensable reference tool for the serious student and scholar of Islamic Studies It enables the user to quickly gain knowledge on the life work and professional background of almost every major and minor

author and thus to place each author in his her proper perspective A tremendous achievement and a true must for every library
