The Hand Of God Upon Us:

The Hand of God in American History Robert Ellis Thompson, 1902 This book contains three books in one all on the same subject which is God's guiding hand in the founding and progress of the United States of America Book One THE HAND OF GOD IN AMERICAN HISTORY A Study of Divine Providence as Seen in the Life and Mission of a Nation By Wilbur Fisk Tillet D D LL D 1923 Chapter 1 God's Use of Nations Chapter 2 Christopher Columbus The Christ Bearer Chapter 3 The Faith of Our Fathers Chapter 4 The Religious Faith and Moral Character of Our Presidents Chapter 5 Our Ethical Idealism and Altruism Chapter 6 What Makes a Nation Great Book Two THE HAND OF GOD IN AMERICAN HISTORY By John F Bigelow 1861 If we look into the History of Nations we shall find that not a few of them supposed themselves to be the special favorites of Divine Providence If we inquire also into the state of national feeling as it now exists in different countries we shall find in numbers of them no lack of present evidences of the same assumption Does the story of other nations tell of remarkable events of hairbreadth escapes of wonderful deliverances of daring exploits and grand achievements The annals of the Israelites relate those the equal of which veritable history nowhere else records and which the most romantic legend has hardly surpassed In the case of the American people as in that of the Jews we believe that it is no dictate of national vanity when we claim that God has given us a history unique and peculiar when we claim that He hath not so dealt with any nation Accordingly the subject on which I propose to address you at this time is the Hand of God in American History I In the first place let me point you to some of the manifestations and developments of peculiar Providential agency in our historical career GOD'S HAND IN AMERICA By the Rev George B Cheever 1841 1 That God is governor among the nations 2 That he deals with nations on the same principles as with Individuals 3 That the responsibilities and duties of nations as individuals are commensurate with their capabilities opportunities and mercies 4 That the disregard and violation of this principle will be followed with the divine retribution and if persisted in must result in national degradation and ruin 5 That in the light of these principles an enumeration of the elements of national gratitude is an exceedingly solemn and admonitory service These propositions may occupy two or three of the following chapters and afterwards the main subject to which they are introductory will be discussed viz The opportunities and responsibilities of this country for its own and the world's evangelization Here opens that most striking aspect of providence and duty to which I have referred in the general title of this volume a title which may be pardoned for its apparent singularity and quaintness in consideration of its condensed expression of a most comprehensive and important theme **The Hand of God in American History** John Flavel Bigelow, 1861 **The Hand of God in History** Hollis Read, 1852 *The Hand of God in History.
