The Gypsy:

The Gypsy's Bride Jean Rattay, 2013-08-06 In the England of 1218 King John is dead and his young son is on the throne guided by the aging William Marshall of England All of the vast domains of John's father on the Continent have been lost and the rebellious barons are held to a fragile truce It is very much a man's world When Elise of Debouchet defies the step uncle who has laid claim to her estates and refuses to marry any of the men he chooses he gives her an ultimatum You do not need your eyes to speak the vows or get an heir You will do as I say or I will have your eyes put out Elise says she would rather marry any man than the one before her Her uncle counters with The next man through the gate will be your husband be he prince or serf Elise agrees because she doesn't want to be blinded Her uncle has taken her mother and younger sister hostage and she needs time to find some clue as to where he holds them When Louis of Kirkfield a Romani merchant walks over the bridge and through the gate of the closest castle his only thought is to buy a horse to replace his lame packhorse He is overwhelmed by four brawny men and badly beaten then forced to say vows before a priest He and his new bride are thrown into a tower room The door is barred against escape Louis does escape and comes back with an army But Elise's mother and sister cannot be located and they follow the trail to France and her grandmother The more they know the more they find out the bigger the scheme becomes and they are now searching for a double agent a money lender a lawyer and an assassin The wealthy young bride and her gypsy must follow the trails and learn to work together to make their marriage work and therein lies the tale **Journal of the Gypsy Lore Society** Gypsy Lore Society, 1892 *The Gypsy's Parson: his experiences and adventures* George Rector of Ruckland Lincolnshire Hall, 2021-05-19 In *The Gypsy's Parson* his experiences and adventures George Rector of Ruckland Lincolnshire Hall offers a rich tapestry of narratives that intertwine personal memoir with ethnographical observation Written in a semi autobiographical style this engaging work presents a multifaceted portrait of the Romani people through the eyes of an outsider who becomes an insider Blending lyrical prose with vivid descriptions Rector's exploration delves into the complex cultural practices and beliefs of the gypsy communities he encounters set against the backdrop of early 20th century England This literary work not only captures the essence of a marginalized group but also serves as a critique of the societal norms that shape perceptions of mobility and heritage George Rector's affinity for the Romani lifestyle is deeply rooted in his own unconventional background as a cleric in a remote rural setting His interactions with the various Romani groups reveal a profound curiosity and empathy elevating his observations to a critical commentary on social issues of his time Rector's unique position as both a parson and a traveler offers readers an unparalleled lens through which to view the intersection of faith freedom and cultural identity Scholars of folklore and social history will find *The Gypsy's Parson* to be an invaluable resource while general readers will be enchanted by Rector's storytelling prowess and keen insights This book invites both reflection and dialogue making it essential reading for anyone interested in understanding the complexities and richness of Romani life *The Gypsy's Parson* George Hall, 2020-08-03

George Hall, 2020-09-28 A TANGLE of sequestered streets lying around a triple towered cathedral red roofs and gables massed under the ramparts of an ancient castle a grey Roman arch lit up every spring time by the wallflower's mimic gold an old world Bailgate over whose tavern yards drifted the sleepy music of the minster chimes a crooked by lane leading down to a wide common loved by the winds of heaven these were the surroundings of my childhood's home in that hilltop portion of Lincoln which has never quite thrown off its medieval drowsiness Not far from my father's doorstep as you looked towards the common lay a narrow court lined with poor tenements and terminating in a bare yard bounded by a squat wall Every detail of this alley stands out in my memory with the sharpness of a photograph the cramped perspective of the place as you entered it from our lane the dreary looking houses with their mud floored living rooms fronting upon the roadway the paintless doors and windows the blackened chimneys showing rakish against the sky all combined to make a picture of dun coloured misery There were it is true a few redeeming features gilding the prevailing drabness of the scene The entrance to the court had a southerly outlook upon green fields stretching up to the verge of the Castle Dyking or to revive its more gruesome name Hangman's Ditch so called from the grim associations of a bygone day From these fields a clean air blew through the court rendering it a less unwholesome haunt for the strange folk who dwelt within its precincts while not half a mile distant lay the breezy common a glorious playground for the children of Upper Lincoln **The Trail of the Gypsy**
