The High Crusade:

The High Crusade Poul Anderson, 2010-09-01 In the year of grace 1345 as Sir Roger Baron de Tourneville is gathering an army to join King Edward III in the war against France a most astonishing event occurs a huge silver ship descends through the sky and lands in a pasture beside the little village of Ansby in northeastern Lincolnshire The Wersgorix whose scouting ship it is are quite expert at taking over planets and having determined from orbit that this one was suitable they initiate standard world conquering procedure Ah but this time it s no mere primitives the Wersgorix seek to enslave they ve launched their invasion against free Englishmen In the end only one alien is left alive and Sir Roger s grand vision is born He intends for the creature to fly the ship first to France to aid his King then on to the Holy Land to vanquish the infidel Unfortunately he has not allowed for the treachery of the alien pilot who instead takes the craft to his home planet where he thinks these upstart barbarians will have no choice but to surrender But that knavish alien little understands the indomitable will and clever resourcefulness of Englishmen no matter how great the odds against them At the publisher s request this title is sold without DRM Digital Rights Management
