Egypt Mona L. Russell Ph.D., 2013-01-11 This handbook provides an overview of the society culture geography history and politics of contemporary Egypt While such historic monuments as the pyramids at Giza the Karnak Temple and the Valley of the Kings draw visitors to Egypt each year the country is today a large and varied collection of some 79 million people An important political and cultural force in the Middle East and home to one of Africa's most advanced economies Egypt is rapidly becoming a major player in the 21st century world This comprehensive text examines all facets of life in Egypt including its land history politics and culture It is written in a manner that makes the subject accessible and engaging for readers with little prior knowledge about the country but also provides a critical analysis of the latest research for students and scholars familiar with Egypt and its people Special attention is given to the historical period following the rise of Islam to enable a greater understanding of Egypt's contemporary government religious practices popular culture and current events

Art and Architecture of the World's Religions Leslie D. Ross, 2009-06-04 Two abundantly illustrated volumes offer a vibrant discussion of how the divine is and has been represented in art and architecture the world over Beginning with the ancient worlds of Mesopotamia Egypt Greece and Rome and moving forward through time *Art and Architecture of the World's Religions* explores the major faiths from countries and continents around the globe helping readers better understand the creations their beliefs have inspired After tracing the history and development of a religion the book provides a general overview of its principal beliefs and key practices It then offers specific examples of how works of art architecture reflect that religion's values The focus of each chapter is on the temples churches and religious buildings statues paintings and other

works of art and architecture created by believers Each representative work of art or architecture is examined in terms of its history materials symbols colors and patterns as its significance is explained to the reader With extensive illustrations these volumes are the definitive reference work on art and architecture of the world s religions **Invented History, Fabricated Power** Barry Wood,2020-11-16 Invented History Fabricated Power begins with an examination of prehistoric beliefs in spirits souls mana orenda that provided personal explanation and power through ritual and shamanism among tribal peoples On this foundation spiritual power evolved into various kinds of divine sanction for kings and emperors Sumerian Egyptian Greek Roman Indian Chinese and Japanese As kingships expanded into empires fictional histories and millennia long genealogies developed that portrayed imperial superiority and greatness Supernatural events and miracles were attached to religious founders Hebrew Hindu Buddhist Christian Islamic A unique variation developed in the Roman Church which fabricated papal power through forgeries in the first millennium CE and the later doctrine of discovery which authorized European domination and conquest around the world during the Age of Exploration Elaborate fabrications continued with epic histories and literary cycles from the Persians Ethiopians Franks British Portuguese and Iroquois Indians Both Marxists and Nazis created doctrinal texts which passed for economic or political explanations but were in fact self aggrandizing narratives that eventually collapsed The book ends with the idealistic goals of the current liberal democratic way of life pointing to its limitations as a sustaining narrative along with numerous problems threatening its viability over the long term **Finding List of Books in the Classes of Biography, History and Travels, Belonging to the Indianapolis Public Library** Indianapolis Public Library,1904
