The Improbable Irish:

The Improbable Irish Walter Bryan, 1969 Irish Theatre in the Twenty-first Century Nicholas Grene, 2024 Irish Theatre in the Twenty First Century is the first in depth study of the subject It analyses the ways in which theatre in Ireland has developed since the 1990s with emerging playwrights Martin McDonagh Conor McPherson and Enda Walsh Companies such as Blue Raincoat the Corn Exchange and Pan Pan pioneered an avant garde dramaturgy This led to new styles of production of classic Irish works including the plays of Synge mounted by Druid There was a re imagining of past Irish history in the work of Rough Magic and ANU plays by Owen McCafferty Stacey Gregg and David Ireland dramatized the legacy of the Troubles and adaptations of Greek tragedy by Marina Carr and others reflecting the conditions of modern Ireland From 2015 the movement WakingTheFeminists led to a sharpened awareness of gender While male playwrights showed a toxic masculinity on the stage a generation of female dramatists including Carr Gregg and Nancy Harris gave voice to the long suppressed experiences of women For three separate periods 2006 2016 and 2020 2 the author served as one of the judges for the Irish Times Irish Theatre Awards attending all new productions across the island of Ireland This allowed him to provide the overviews of the state of play of Irish theatre in each of those times which punctuate the book Drawing also on interviews with Ireland s leading theatre makers Grene provides readers with a close up understanding of Irish theatre in a period when Ireland became for the first time a fully modernized secular and multi ethnic society The Fun Seeker's North America Alan S. written transmission from the earliest extant records to the present day In this book Natasha Sumner traces these stories across the centuries and throughout the Gaelic world examining the fates of Fionn and the Fianna and investigating the persistent popularity of these tales Sumner describes the development of the Fenian tradition from early seventh century texts through the medieval and early modern creation of its greatest literary achievements the controversy stirred by James Macpherson's adaptation of Fenian characters and plots in his popular eighteenth century epic Ossian and the Fianna's place in the modern Irish and Scottish nations beginning with the Celtic Revival in the 1860s Part pseudo historical fiction part proto fantasy these stories project perceptions of a bygone Gaelic heroic age through the lens of their contemporary realities The Fenian tradition Sumner argues provides ample space for imaginative engagement with the narrative past the historical present and the aspirational future

Imagining Ireland's Future, 1870-1914 Pauline Collombier, 2023-01-25 This book attempts to delve into the connection between imagination and politics and examines the many expectations and fears engendered by the Irish home rule debate More specifically it assesses the ways politicians artists and writers in Ireland Britain and its empire imagined how self government would work in Ireland after the restitution of an Irish parliament What did home rulers want What were British supporters of Irish self government willing to offer What did home rule mean not only to those who advocated it but also to those who opposed it

Body Politics in Contemporary Irish Women's Fiction Ellen Scheible, 2024-12-12 Exploring twentieth and twenty first century texts that wrestle with the Irish domestic interior as a sexualized and commodified space this book provides readings of the power and authority of the feminized body in Ireland Scheible dissects the ways that the woman as symbol remains consistent in Irish literary representations of national experience in Irish fiction and shows how this problematizes the role of women in Ireland by underscoring the oppression of sexuality and gender that characterized Irish culture during the twentieth century Examining works by Elizabeth Bowen Pamela Hinkson Emma

Donoghue Tana French Sally Rooney and James Joyce this book demonstrates that the definition of Irish nationhood in our contemporary experience of capitalism and biopolitics is dependent on the intertwining and paradoxical tropes of a traditional yet equally sexual feminine identity which has been quelled by violence and reproduction
