The Informant (audio Recording-CD).

Thomas Perry, 2010 Steven Soderbergh's The Informant like the director's one-two Oscar punch Erin Brockovich and Traffic is an energetic exposé of corporate criminal chicanery with wide-ranging implications for life in these United States Not so much like those movies it plays as hyper-caFFEinated comedy At its center is Mark Whitacre Matt Damon a biochemist and junior executive at agri-giant Archer Daniels Midland who in 1992 began feeding the FBI evidence of ADM's involvement in price

fixing Mark's motive for doing so is elusive sometimes self contradictory and subject to mutation at any moment To describe him as bipolar would be akin to finding the Marx Brothers somewhat zany His Fed handlers along with the audience start thinking of him as a hapless goofball Then they and we get blind sided with the revelation of further dimensions of Mark's life at ADM and the nature of the investigation and the movie changes That will happen again And again It's Soderbergh's ingenious strategy to make us fellow travelers on Mark's crazy ride virtually infecting us with a short term version of his dysfunctionality Props to screenwriter Scott Z Burns for boiling down Kurt Eichenwald's 600 page book *The Informant: A True Story* without sacrificing coherence And Matt Damon bulked up by 30 pounds and spluttering his manic lines from under a caterpillar mustache reconfirms his virtuosity and his willingness to dive deep into such a dodgy personality On the downside despite a small army of comedians in cameo roles *The Informant* has nothing like the rich field of subsidiary characters encountered in *Erin Brockovich* and *Traffic* That lack of vibrancy is aggravated by the dominance of prairie flat Midwest speech patterns and cadences most of the film unreels in Illinois and the razzmatazz score by veteran tunesmith Marvin Hamlisch sounds like pep rally music on an industrial film Soderbergh also photographed the movie under his pseudonym Peter Andrews and his decision to show everything through a corn mush filter turns it into a big screen YouTube experience
