The Interim King li Of Kings And Conquerors:

The Interim King J. Colman McMillan, 2003-12 THE INTERIM KING Of Kings and Conquerors is the story of history's closest parallel to John Kennedy Harold II the last Saxon King of England Being a skilled politician as well as a military hero Harold was elected to the throne upon the death of King Edward the Confessor In doing so he had to force his brother Tostig into exile He also pledged marriage to three different women and broke a solemn vow made to Duke William of Normandy After his coronation Harold consolidated his position by marrying the sister of rival earls Edwin and Morcar Aelfgarson yet in doing so he dashed any chance of making peace with either Tostig or William Just as the situation in the 1960 s was predicated upon the conclusions of World War II the situation in England in the 1060 s was greatly influenced by the conclusions of the Danish Wars of the previous generation Similar to the confrontation faced by John Kennedy over the Cuban Missile Crisis Harold confronted and bested the greatest military power of his day His victory was short lived though as barely two weeks later a second challenger landed in England to press his claim to the throne **Thomas Becket** John Guy, 2012 Drawing on the full panoply of medieval sources Guy sheds new light on the relationship between Saint Thomas Becket and England's greatest medieval king Henry II separating truth from centuries of mythmaking and casting doubt on the long held assumption that the headstrong rivals were once close friends He also provides the fullest accounting yet for Becket's seemingly radical transformation from worldly bureaucrat to devout man of God **England under the Norman and Angevin Kings** Robert Bartlett, 2002-08-08 This lively and far reaching account of the politics religion and culture of England in the century and a half after the Norman Conquest provides a vivid picture of everyday existence and increases our understanding of all aspects of medieval society This was a period in which the ruling dynasty and military aristocracy were deeply enmeshed with the politics and culture of France Professor Bartlett describes their conflicts and their preoccupations the sense of honour the role of violence and the glitter of tournament heraldry and Arthurian romance He explores the mechanics of government assesses the role of the Church at a time of radical developments in religious life and organization and investigates the peasant economy the foundation of this society and the growing urban and commercial activity There are colourful details of the everyday life of ordinary men and women with their views on the past on sexuality on animals on death the undead and the occult The result is a fascinating and comprehensive portrayal of a period which begins with conquest and ends in assimilation *The Works of the Most Reverend Father in God, John Bramhall ...* John Bramhall, 1845 **The Works of the Most Reverend Father in God, John Bramhall, D.D., Sometime Lord Archbishop of Armagh, Primate and Metropolitan of All Ireland.
