or societal factors or both How should the church think about larger cultural issues such as gay marriage gay pride and whether intolerance over LGBT amounts to racism How or if Christians should do business with LGBT persons and supportive companies Simply saying that the Bible condemns homosexuality is not accurate nor is it enough to end the debate Those holding a traditional view still struggle to reconcile the Bible s prohibition of same sex attraction with the message of radical unconditional grace This book meets that need Persecution and Genocide Gervase Phillips,2024-08-06 This volume offers an unparalleled range of comparative studies considering both persecution and genocide across two thousand years of history from Rome to Nazi Germany and spanning Europe Asia Africa and the Americas Topics covered include the persecution of religious minorities in the ancient world and late antiquity the medieval roots of modern antisemitism the early modern witch hunts the emergence of racial ideologies and their relationship to slavery colonialism Russian and Soviet mass deportations the Armenian genocide and the Holocaust It also introduces students to significant but less well known episodes such as the Albigensian Crusade and the massacres and forced expulsions suffered by the Circassians at the hands of imperial Russia in the 1860s as the world entered an age of genocide By exploring the ideological motivations of the perpetrators the book invites students to engage with the moral complexities of the past and to reflect upon our own situation today as the legatees of two thousand years of persecution Gervase Phillips s book is the ideal introduction to the subject for anyone interested in the long and complex history of human persecution **The Transformations of Magic** Frank Klaassen,2013 Explores two principal genres of illicit learned magic in late Medieval manuscripts image magic which could be interpreted and justified in scholastic terms and ritual magic which could not Provided by publisher The Hermetic Link Jacob Slavenburg,2012-04-01 Hermes is the Greek god of the Word of thought and magic the swift moving messenger of the Divine and guardian of souls in the Afterlife In Ancient Egypt he was the majestic god Thoth the Recorder the lord of measurement and science the brother husband of Isis In Rome he was of course Mercury flying through the Emyrean at the speed of idea by the aid of his winged helmet and boots In this broad survey of the Hermetic arts author Jacob Slavenburg brings an unparalleled depth of insight to the subject He examines the historical Hermetic literature and details its relevance to modern occultism from the symbolism of architecture and art to the mysteries of Freemasonry The heavenly mysteries of astrology are explored as are the healing arts which derive from the spirit of scientific inquiry embodied by Thoth Hermes Slavenburg examines the magical writings of the Greek papyri and their development into the contemporary magical practices of modern adepts He sheds light on the workings of alchemy and the esoteric philosophy to the world of modern chemistry and physics He explores the origin of evil and the realm of the afterlife and the Hermetic doctrines of reincarnation and karma In addition the author provides a wealth of biographical data on the magi of Hermeticism from Ficino to Agrippa John Dee to Giordano Bruno
