## Some Particulars Jargon 75:

*Some Particulars* Thomas A. Clark, 1971      **Shy of the Squirrel's Foot** Andy Martrich, 2024-11-12 The Jargon Society a boundary pushing publisher of poetry and experimental writing was founded by Jonathan Williams 1929 2008 in 1951 Jargon quickly gained a reputation as the home of the poetic and literary avant garde including noted midcentury poets like Charles Olson and Lorine Niedecker Williams himself looms large in this story as the publisher at Jargon until his death making this book as much about his life and work as the press he founded which today operates through the Black Mountain College Museum in Asheville North Carolina Andy Martrich authors this story in a manner befitting Jargon's ethos of literary experimentation by focusing on the books the Society cataloged but never published While it's not uncommon for a small press to plan for books that don't make it to publication Martrich argues that Jargon's incessant financial difficulties coupled with Williams's impressive network makes its trail of unfinished projects unique and an ideal way to chronicle the press itself Using archival research interviews with volunteers at Jargon and more Martrich gives readers not only an intimate look into a Southern press and publisher but also an important history of modern and experimental literature in twentieth century America *Shy of the Squirrel's Foot* includes an epilogue by Anne Midgette an afterword by Nicole Raziya Fong and Jargon's complete annotated bibliography which details every book the press published compiled in one place for the first time

*A Manual of English Literature, and of the History of the English Language, from the Norman Conquest with Numerous Specimens by George L. Craik*, 1874      **Jonathan Williams: Lord of Orchards** Jeffery Beam, Richard Owens, 2017-09-12 Jonathan Williams work of more than half a century is such that no one activity or identity takes primacy over any other he was the seminal small press publisher of The Jargon Society a poet of considerable stature book designer editor photographer legendary correspondent literary art and photography critic and collector early collector and proselytizer of visionary folk art cultural anthropologist and Juvenalian critic curmudgeon happy gardener resolute walker and keen and adroit raconteur and gourmand Williams refined decorum and speech and his

sartorial style contrasted sharply yet pleasingly with his delight in the bawdy with his incisive humor and social criticism and his confidently experimental masterful poems and prose His interests raised the common to grace while paying close attention to the earthy At the forefront of the Modernist avant garde yet possessing a deep appreciation of the traditional Williams celebrated rescued and preserved those things he described as more and more away from the High Art of the city settling for what I could unearth and respect in the tall grass Subject to much indifference despite being celebrated as publisher and poet he nurtured the nascent careers of hundreds of emerging or neglected poets writers artists and photographers Recognizing this Buckminster Fuller once called him our Johnny Appleseed Guy Davenport described him as a kind of polytechnic institute while Hugh Kenner hailed Jargon as the Custodian of Snowflakes and Williams as the truffle hound of American poetry Lesser known for his extraordinary letters and essays and his photography and art collecting he is never only a poet or photographer an essayist or publisher This book of essays images and shouts aims to bring new eyes and contexts to his influence and talent as poet and publisher but also heighten appreciation for the other facets of his life and art One might call Williams life a poetics of gathering and this book a first harvest

**A Manual of English Literature** George Lillie Craik, 1874    **The Publishers Weekly**, 1873    Publishers' Weekly, 1873    *Signs of Light* Matthew Lauzon, 2011-03-15 In *Signs of Light* Matthew Lauzon traces the development of very different French and British ideas about language over the course of the late seventeenth and eighteenth centuries and demonstrates how important these ideas were to emerging notions of national character Drawing examples from a variety of French and English language works in a wide range of areas including language theory philosophy rhetoric psychology missionary tracts and literary texts Lauzon explores how French and British thinkers of the day developed arguments that certain kinds of languages are superior to others The nature of animal language and British and French understandings of the languages of North American Indians were vigorously debated Theories of animal language juxtaposed the apparent virtues of transparency and wit considerations of savage language resulted in eloquence being regarded as an even higher accomplishment Eventually the French language came to be prized for its wit and sociability and English for its simple clarity and vigor Lauzon shows that besides concerns about establishing the clarity of introspective representations questions about the energetic communication of sincere emotion and about the sociable communication of wit were crucial to language theories during this period A richly interdisciplinary work *Signs of Light* is a compelling account of a formative period in language theory
