A New Identity of Obligation: Metaphors and Paul's Ethical Argument in Romans 6:1-14 Andrés D.

Vera,2025-06-19 In Romans 6 1 14 Paul corrects an erroneous ethical conclusion drawn from the narrative of God's grace in Romans 3 5 This innovative study employs tools from cognitive linguistics to unveil Paul's sophisticated rhetorical strategy for resolving the indicative imperative tension By moving beyond traditional theological frameworks the book shows how Paul presents believers new identity as defined by a new obligation illuminating the metaphorical narrative that undergirds Paul's logic Readers will better understand the importance of conceptual spaces like in sin and in Christ and how Paul conceptualizes the relationship between believers and their old selves who have been crucified The Paradox of the Cross

in the Thought of St Paul Anthony Hanson,1987-09-01 This book has its starting point in the paradoxical descriptions Paul often gives of his own ministry Why does he seem impelled to use paradox And why do these depictions of his ministry seem so close to his language about the atoning work of Christ In answering these questions Professor Hanson argues that Paul has largely transferred to the apostolic ministers the character of the citizens of the kingdom which he knew from his acquaintance with the teaching of Jesus In an important extension to the main argument Professor Hanson examines how the theme of the paradox of the cross fared at the hands of Paul's immediate successors up to the time of Ignatius of Antioch and asks how far Paul's depiction of the apostolic ministry can throw light on questions of ministry today **Paradoxes from A to Z** Michael Clark,2012-11-12 Paradoxes from A to Z Third edition is the essential guide to paradoxes and takes the reader on a lively tour of puzzles that have taxed thinkers from Zeno to Galileo and Lewis Carroll to Bertrand Russell Michael Clark uncovers an array of conundrums such as Achilles and the Tortoise Theseus Ship and the Prisoner's Dilemma taking in subjects as diverse as knowledge science art and politics Clark discusses each paradox in non technical terms considering its significance and looking at likely solutions This third edition is revised throughout and adds nine new paradoxes that have important bearings in areas such as law logic ethics and probability Paradoxes from A to Z Third edition is an ideal starting point for those interested not just in philosophical puzzles and conundrums but anyone seeking to hone their thinking skills

Puzzling Passages in Paul Anthony C. Thiselton,2018-10-22 Few Christian writings have had the world changing impact of St Paul s epistles to the churches and yet from the very beginning these works proved themselves to be tricky texts The Second Letter of Peter commenting about them says There are some things in them that are hard to understand 2 Pet 3 16 Indeed To this day many issues of their interpretation remain highly contested In this book Anthony Thiselton grasps the nettle and examines forty puzzling passages from Paul s epistles He considers the various scholarly proposals about their meaning and offers his own reflections in the hope of dispersing fog and shedding light and of expounding a coherent and self consistent Paul *Paradoxes for Living* N. Graham Standish,2001-01-01 To be strong we have to be weak To become mature we have to become children To live we have to die N Graham Standish challenges readers to explore these and other biblical examples of paradox With questions for reflection discussion after each chapter and helpful appendixes this book is ideal for either personal or group study *God Under Fire* Zondervan,2009-12-15 God Never ChangesOr does he God has been getting a makeover of late a reinvention that has incited debate and troubled scholars and laypeople alike Modern theological sectors as diverse as radical feminism and the new open theism movement are attacking the classical Christian view of God and vigorously promoting their own images of Divinity God Under Fire refutes the claim that major attributes of the God of historic Christianity are false and outdated This book responds to some increasingly popular alternate theologies and the ways in which they cast classical Christian theism in a negative light Featuring an impressive cast of world class biblical scholars philosophers and apologists God Under Fire begins by addressing the question Should the God of Historic Christianity Be Replaced From there it explores issues as old as time and as new as the inquest into the openness of God How

for instance does God risk relate emotive and change Does he do these things and if so why These and other questions are investigated with clarity bringing serious scholarship into popular reach Above all this collection of essays focuses on the nature of God as presented in the Scriptures and as Christians have believed for centuries God Under Fire builds a solid and appealing case for the God of classical Christian theism who in recent years as through the centuries has been the God under fire

D.H. Lawrence and the Paradoxes of Psychic Life Barbara Ann Schapiro, 1999-07-29 Contributing to the debate about D H Lawrence s relationship with and fictional portrayal of women this book discusses how the dynamic tensions of his art dramatically reenact the competing forces of psychic and relational life In her examination of *Sons and Lovers* *The Rainbow* *Women in Love* and various short stories Schapiro discusses how Lawrence s best works reveal a continual struggle to recognize and be recognized by the other as an independent subject Drawing on Jessica Benjamin s psychoanalytic theory of intersubjectivity she also demonstrates how a breakdown of balanced subject subject relations in his texts gives rise to defensive polarities of gender and of domination and submission

The Incarnation Stephen T. Davis, Daniel Kendall, Gerald O'Collins, 2004 This interdisciplinary study follows an international and ecumenical meeting of twenty four scholars held in New York at Easter 2000 the Incarnation Summit After an opening chapter which summarizes and evaluates twelve major questions concerning the Incarnation five chapters are dedicated to the biblical roots of this central Christian doctrine A patristic and medieval section corrects misinterpretations and retrieves for today the significance of the Council of Chalcedon AD 451 and its aftermath as well as clarifying Aquinas enduring metaphysical interpretation of the Incarnation The volume then moves to theological and philosophical debates three scholars take up such systematic issues as belief in the Incarnation the self emptying that it involves and its compatibility with divine timelessness The remaining four essays consider the place of the doctrine of the Incarnation in literature ethics art and preaching There is a fruitful dialogue between experts in a wide range of areas and the international reputation of the participants reflects and guarantees the high quality of this joint work The result is a well researched skilfully argued and at times provocative volume on the central Christian belief the Incarnation of the Son of God

Henri Nouwen and Spiritual Polarities Wil Hernandez, 2012 Highlights the tension filled nature of our journey and shows us via Nouwen s example how we too can

navigate our way through it in a transformative way **Paul and the Law (2nd Edition)** Heikki Raisanen, 2010-08-01

Anyone who has studied Paul knows that probably the most complex problem he develops is his view of the law and its purpose. The beauty of Raisanen's work is that he recognizes and respects this complexity without himself becoming too dense to understand. Raisanen finds that Paul's radicalized negative criticism of the law is peculiar to him, unparalleled in the NT and without precedent in Jewish thought. With careful patient examination of various contexts, Raisanen leads his readers to see that Paul has an oscillating even inconsistent view of the law. This book is well written in clear readable English. It is an important book recommended to any serious student of Paul. Its strength is in Raisanen's willingness to abandon preconceptions of what Paul's view on the law should be according to some consistent plan and in allowing Paul to speak for himself. Preaching Promise withing the Paradoxes of Life Len Hansen, 2019-01-01

Paradoxes have become characteristic of the world we live in: poverty and privilege, empire and oppression, migration and enclaves, seeking war and peace, justice and injustice, reconciliation and revenge. During the 2016 *Societas Homiletica* annual conference held in South Africa, these paradoxes served as a rediscovery of the calling of preachers to deliver the promise that lies within life's contradictions. A divine promise brought forth by the grace of God and the gospel of Christ embodied in and through us by the Spirit of Christ. This promise may take many forms and calls for discernment and often interrupts the status quos in surprising, shocking ways. It is a promise that interrupts in order to comfort.
