Somebodys Gotta Tell It A Journalists Life On The Lines:

Somebody's Gotta Tell It Jack Newfield, 2003-08-26 Jack Newfield has covered it all he has documented he unfolding drama of the 1960s followed the boxing careers of Ali and Tyson taken on city hall and kept his integrity intact in the rough world of tabloid politics Somebody's Gotta Tell It is the clear eyed memoir of a journalist whose love for his country and passion for his profession has never wavered Fast written rat a tat tat memoir Chicago Sun Times Jack Newfield is an old fashioned newspaperman skeptical passionate and brave He really tells it in Somebody's Gotta Tell It an absorbing and appealing memoir of a life committed to honest politics honest sport and honest journalism Arthur Schlesinger Jr Newfield has made it his life's mission to uncover and share significant truths about important people and events No one has done the work better nor described it as well as he has in this brilliant and engaging memoir This book is a great telling of American history music culture sports and civil rights Mario Cuomo We count our blessings in having memorable crusaders for social justice who do not let their zeal override their commitment to professional integrity In the golden company of Lincoln Steffens and Heywood Broun let's welcome Jack Newfield He writes with the sharp eye of the trained observer and the engaged heart of the humanist Budd Schulberg In a time when American journalism is getting its shares of slings and arrows Jack Newfield stands out as a national treasure I can't think of anyone among us today as this book amply demonstrates who brings a more passionate commitment to his craft Peter Maas He does not stop He is the loudest liberal voice in a time of timid whispers Always Newfield's hands plunge into the muck to pull out the truth This fine memoir shows how much Newfield has seen and been involved in of what happened in our nation And he tells it to us in the swift sentences of one who knows what he is writing about Jimmy Breslin Enthralling moving and sometimes poignant this book is a must for anyone who cares about the cutting edge of our times Richard North Patterson

A Bomb in Every Issue Peter Richardson, 2009-08-18 A Mother Jones Best Book of 2009 A Bomb in Every Issue uncovers the largely untold story of Ramparts magazine the spectacular San Francisco muckraker that captured the zeitgeist of the 60s and repeatedly scooped the New York Times changing American journalism forever Launched in 1962 as a Catholic literary quarterly Ramparts quickly transformed into a radical slick winning a George Polk Award in 1967 for its explosive revival of the great muckraking tradition According to the Los Angeles Times the magazine not only blew the cover off the biggest stories of the era it also helped set the ideological agenda for its core demographic the New Left and forced the mainstream press to follow its lead Ramparts list of contributors including Noam Chomsky Cesar Chavez Seymour Hersh Angela Davis and Susan Sontag formed a who's who of the American left Although Ramparts folded for good in 1975 former staffers founded Rolling Stone and Mother Jones and include some of the most illustrious names in journalism names like Robert Scheer Jann Wenner and Warren Hinckle and Ramparts remains an inspiration to investigative journalists today

American Prophet Peter Richardson, 2019-03-05 A fascinating portrait of activism deepened and sustained by Herculean labors of research and

investigation The Nation Historian Kevin Starr described Carey McWilliams as the finest nonfiction writer on California ever and the state's most astute political observer But as Peter Richardson argues McWilliams was also one of the nation's most versatile and productive public intellectuals of his time Richardson's absorbing and elegant biography traces McWilliams's extraordinary life and career Drawing from a wide range of sources it explores his childhood on a Colorado cattle ranch his early literary journalism in Los Angeles his remarkable legal and political activism his stint in state government the explosion of first rate books between 1939 and 1950 and his editorial leadership at The Nation Along the way it also documents McWilliams's influence on a wide range of key figures including Cesar Chavez Hunter S Thompson Mike Davis screenwriter Robert Towne playwright Luis Valdez and historian Patricia Limerick *Texas Women* Elizabeth Hayes Turner, Stephanie Cole, Rebecca Sharpless, 2015 This is a collection of biographies and composite essays of Texas women contextualized over the course of history to include subjects that reflect the enormous racial class and religious diversity of the state Offering insights into the complex ways that Texas position on the margins of the United States has shaped a particular kind of gendered experience there the volume also demonstrates how the larger questions in United States women's history are answered or reconceived in the state Beginning with Juliana Barr's essay which asserts that women marked the lines of dominion among Spanish and Indian nations in Texas and explodes the myth of Spanish domination in colonial Texas the essays examine the ways that women were able to use their borderland status to stretch the boundaries of their own lives Eric Walther demonstrates that the constant changing of governments in Texas Spanish Mexican Texan and U S gave slaves the opportunities to resist their oppression because of the differences in the laws of slavery under Spanish or English or American law Gabriela Gonzalez examines the activism of Jovita Idar on behalf of civil rights for Mexicans and Mexican Americans on both sides of the border Renee Laegreid argues that female rodeo contestants employed a unique regional interplay of masculine and feminine behaviors to shape their identities as cowgirls *Brothers* David Talbot, 2008-09-04 Robert F Kennedy was the first conspiracy theorist about his brother's murder In this astonishingly compelling and convincing new account of the Kennedy years acclaimed journalist David Talbot tells in a riveting superbly researched narrative why even on 22 November 1963 RFK had reason to believe that dark forces were at work in Dallas and reveals for the first time that he planned to open an investigation into the assassination had he become president in 1968 BROTHERS also portrays a JFK administration more besieged by internal enemies than has previously been realised from within the Pentagon the CIA the FBI and the mafia This frightening portrait of sinister elements within and without the government serves as the background for the emotionally charged journey of Robert Kennedy Reading it you can absolutely believe any number of people would have been happy for both brothers to meet a sticky end The tragedy not just for America but for the world is that since their murders no one has had the nerve to stand against the dark forces they challenged in quite the same way **Toxic Truth** Lydia Denworth, 2018-07-19 They didn't start out as environmental warriors Clair Patterson was a

geochemist focused on determining the age of the Earth Herbert Needleman was a pediatrician treating inner city children But in the chemistry lab and the hospital ward they met a common enemy lead It was literally everywhere in gasoline and paint of course but also in water pipes and food cans toothpaste tubes and toys ceramics and cosmetics jewelry and batteries Though few people worried about it at the time lead was also toxic In Toxic Truth journalist Lydia Denworth tells the little known stories of these two men who were among the first to question the wisdom of filling the world with such a harmful metal Denworth follows them from the ice and snow of Antarctica to the schoolyards of Philadelphia and Boston as they uncovered the enormity of the problem and demonstrated the irreparable harm lead was doing to children In heated conferences and courtrooms the halls of Congress and at the Environmental Protection Agency the scientist and doctor were forced to defend their careers and reputations in the face of incredible industry opposition It took courage passion and determination to prevail against entrenched corporate interests and politicized government bureaucracies But Patterson Needleman and their allies did finally get the lead out since it was removed from gasoline paint and food cans in the 1970s the level of lead in Americans bodies has dropped 90 percent Their success offers a lesson in the dangers of putting economic priorities over public health and a reminder of the way science and individuals can change the world The fundamental questions raised by this battle what constitutes disease how to measure scientific independence and how to quantify acceptable risk echo in every environmental issue of today from the plastic used to make water bottles to greenhouse gas emissions And the most basic question how much do we need to know about what we put in our environment is perhaps more relevant today than it has ever been

Forthcoming Books Rose Arny,2003 Mixed News Jay Black,2013-12-02 This volume addresses some of the central issues of journalism today the nature and needs of the individual versus the nature and needs of the broader society theories of communitarianism versus Enlightenment liberalism independence versus interdependence vs co dependency negative versus positive freedoms Constitutional mandates versus marketplace mandates universal ethical issues versus situational and or professional values traditional values versus information age values ethics of management versus ethics of worker bees commitment and compassion versus detachment and professional distance conflicts of interest versus conflicted disinterest and talking to versus talking with All of these issues are discussed within the framework of the frenetic field of daily journalism a field that operates at a pace and under a set of professional standards that all but preclude careful systematic examinations of its own rituals and practices The explorations presented here not only advance the enterprise but also help student and professional observers to work through some of the most perplexing dilemmas to have faced the news media and public in recent times This lively volume showcases the differing opinions of journalistic experts on this significant contemporary issue in public life Unlike previous books and monographs which have tended toward unbridled enthusiasm about public journalism and trade press articles which have tended toward pessimism this book offers strong voices on several sides of this complex debate To help inform the debate a series of voices journalistic

interviews with practitioners and critics of public journalism is interspersed throughout the text At the end of each essay a series of quotes from a wide variety of sources In other words augments each chapter with ideas and insights that support and contradict the points used by each chapter author
