

A dirt path leads through a forest of tall evergreen trees. At the far end of the path, a bright, glowing light emanates from a clearing, creating a strong lens flare effect. The path is unpaved and appears to be made of dirt and small stones. The trees on either side are dark and dense, framing the path and the light at the end.

There is always someone out  
there getting better than you  
by training harder than you.
