Somerville And Ross A Biography:

Somerville and Ross Maurice Collis, 1968 *The Selected Letters of Somerville and Ross* Edith CEnone
Somerville, Martin Ross, 1991 Edith Somerville 1858 1949 and Violet Martin Ross 1862 1915 are among the best known names in English Irish literature They were cousins who entered a literary partnership that produced the 19th century Irish novel *The Real Charlotte* and its series of comic stories *Some Experiences of an Irish R.M.* Somerville and Ross exchanged many hundreds of letters which were often lively and full of close observation The letters are amused intelligent and curious recording aspects of Irish life previously overlooked Their portrait of Ireland during a momentous 30 year period up to 1915 is both vivid and comprehensive The letters chronicle the last days of the big house and chart the course of a unique collection between two gifted and unusual women **The Irish Scene in Somerville and Ross** Julie Anne Stevens, 2007
Ireland's foremost female writers of the nineteenth century Edith Somerville and Martin Ross advocated the High Art of Comedy during the period of transition and turbulence in the Irish countryside This critical biography of their collaboration from 1890 to Martin Ross's death in 1915 studies the self-conscious artistry of the creators of the finest novel of the nineteenth century *The Real Charlotte* 1894 It considers the influence of both popular culture and high art in the treatment of the volatile Irish landscape and looks for the first time at the contexts of the immensely popular Irish R.M. stories and Edith Somerville's accompanying illustrations The writers sly send ups of romantic notions of Irishness are revealed while using certain expectations of a picturesque countryside to their own advantage The book recontextualizes the writers' fiction and illustrations through inter disciplinary and cross cultural methods by considering the influence of the visual arts theatrical production antiquarian study and literature derived from Irish British and European sources In addition to Somerville and Ross's interest in popular and elite art forms the book stresses the writers' all-consuming interest in land politics suffragism the Irish character and the Irish language the workings of the law in the Irish countryside and above all money and its lack in the small farms and cottages of Ireland **Somerville and Ross** John Cronin, 1972 **Somerville and Ross** Gifford Lewis, 1987 **The Irish Cousins** Violet Powell, 1970 **Somerville and Ross** Patrick Coghill, 1968 **The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950** George Watson, I. R. Willison, 1972-12-07
More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature* The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Irish Women Writers** Ann Owens Weekes, 2021-10-21
From the legendary poet Oisín to modernist masters like James Joyce William Butler Yeats and Samuel Beckett Ireland's

literary tradition has made its mark on the Western canon Despite its proud tradition the student who searches the shelves for works on Irish women s fiction is liable to feel much as Virginia Woolf did when she searched the British Museum for work on women by women Critic Nuala O Faolain when confronted with this disparity suggested that modern Irish literature is dominated by men so brilliant in their misanthropy that the self respect of Irish women is radically and paradoxically checkmated by respect for an Irish national achievement While Ann Owen Weekes does not argue with the first part of O Faolain s assertion she does with the second In *Irish Women Writers An Uncharted Tradition* she suggests that it is the critics rather than the writers who have allowed themselves to be checkmated Beginning with Maria Edgeworth s *Castle Rackrent* 1800 and ending with Jennifer Johnston s *The Railway Station* 1980 she surveys the best of the Ireland s female literature to show its artistic and historic significance and to demonstrate that it has its own themes and traditions related to yet separate from that of male Irish writers Weekes examines the work of writers like E OE Somerville and Martin Ross pen names for cousins Edith Somerville and Violet Martin Elizabeth Bowen Kate O Brien Mary Lavin and Molly Keane among others She teases out the themes that recur in these writers works including the link between domestic and political violence and re visioning of traditional stories such as Julia O Faolain s use of the Cuchulain and Diarmuid and Grainne myths to reveal the negation of women s autonomy In doing so she demonstrates that the literature of Anglo and Gaelic Irish women presents a unified tradition of subjects and techniques a unity that might become an optimistic model not only for Irish literature but also for Irish people

Somerville and Martin Ross, with a new bibliography of first editions compiled by Robert Vaughan, and a preface by Lennox Robinson. [With a portrait.] Geraldine Dorothy CUMMINS, E. OE. Women Coauthors Holly A. Laird, 2000 Until recently collaborative authorship has barely been considered by scholars when it has the focus has been on discovering who contributed what and who dominated whom in the relationship and in the writing In *Women Coauthors* Holly Laird reads coauthored texts as the realization of new kinds of relationship Through close scrutiny of literary collaborations in which women writers have played central roles *Women Coauthors* shows how partnerships in writing between two women or between a woman and a man provide a paradigm of literary creativity that complicates traditional views of both author and text and makes us revise old habits of thinking about writing Focusing on the social dynamics of literary production including the conversations that precede and surround collaborative writing *Women Coauthors* treats its coauthored texts as representations as well as acts of collaboration Holly A. Laird discusses a wide array of partial and full coauthorships to reveal how these texts blur or remap often uncanny boundaries of self status race reason and culture that of the Delany sisters and Amy Hill Hearth on *Having Our Say* lesbian couples whose lives and writings were intertwined including Katherine Bradley and Edith Cooper Michael Field and Gertrude Stein and Alice B. Toklas and the Native American wife and husband authors Louise Erdrich and Michael Dorris Framed in time by the feminist and abolitionist movements of the mid nineteenth century and the ongoing social struggles surrounding gender race and sexuality in the late twentieth century the partnerships and texts observed in *Women Coauthors* explore collaboration as a path toward equity both socioliterary and erotic For the authors here who collaborate most fully with each other two are much better than one

Modern Irish Writers Alexander G. Gonzalez, 1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940 the Irish Renaissance has continued to the present day and shows no sign of abating The period has produced some of the most important and influential figures in Irish literature some of whom are counted among the world's greatest authors The Revival saw a reestablishment of Ireland's literary connections with its Celtic heritage and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past James Joyce boldly reshaped the novel and wrote short fiction of enduring value Contemporary Irish writers continue to be leading figures and include such authors as Brian Friel Seamus Heaney and Eavan Boland

Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers including Samuel Beckett William Trevor Patrick Kavanagh Medbh McGuckian Sean O Casey J M Synge and Nuala Ni Dhomhnaill Entries are written by expert contributors and reflect a broad range of perspectives Each entry contains a brief biography that summarizes the author s career a discussion of major works and themes an overview of the author s critical reception and a bibliography of primary and secondary works An introductory essay reviews the large and growing body of scholarship on modern Irish literature while an extensive bibliography concludes the volume A New History of Ireland Theodore William Moody, Francis X. Martin, Francis John Byrne, 1976 A New History of Ireland in nine volumes provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the middleages down to the present day Back cover

Late Victorian Literary Collaboration Annachiara Cozzi, 2024-07-22 An exciting new contribution to the expanding but still largely uncharted territory of collaboration studies Late Victorian Literary Collaboration is the first book length study of the trend for collaborative writing that emerged in the last decades of the nineteenth century As a result of the rapidly growing literary market the years between 1870 and the turn of the century witnessed an unprecedented flow of collaboratively written novels In the 1890s co authorship became a craze with literary partnerships multiplying and fiction co written by twenty and more authors appearing in the pages of popular magazines By 1900 however the trend had already reversed and it quickly slipped into oblivion Late Victorian Literary Collaboration investigates the factors that made the period so conducive to collaboration tracing the reasons for its success and subsequent decline Drawing on a vast range of original sources the book discusses and compares different models of collaboration from life long exclusive partnerships to one time widely advertised collaborative ventures between best selling novelists It deals with authors such as Walter Besant Somerville and Ross Andrew Lang H R Haggard and Rhoda Broughton all favourites of the Victorian public but subsequently neglected and only recently reevaluated By unpacking the debate that developed around co authorship in the periodical press of the time the book also sheds light on how collaborative authorship was imagined by the general public and illustrates how the trend effectively if temporarily challenged Victorian assumptions about the author as a solitary genius *Routledge Library Editions: Literature and Sexuality* Various Authors, 2021-02-25 This set brings together a collection of classic out of print works that offer some surprising new takes on the theme of sexuality in literature Whether examining new spaces by unrepresented women writers of colour or looking afresh at gay writings of the early twentieth century this set presents a thought provoking take on the subject and as such is an essential reference source *Nationalism and Popular Protest in Ireland* Charles H. E. Philpin, 2002-08-08 Essays on Irish nationalism some on particular protest movement others on more general themes

Writing Double Bette London, 2002-01-01 Although Roland Barthes and Michel Foucault announced the death of the author several decades ago critics have been slow to abandon the idea of the solitary writer Bette London

maintains that this notion has blinded us to the reality that writing is seldom an individual activity and that it has led us to overlook both the frequency with which women authors have worked together and the significance of their collaborative undertakings as a form of professional activity In *Writing Double* the first full length treatment of women's literary partnerships she goes to the heart of issues surrounding authorial identity What is an author Which forms of authorship are sanctioned and which forms marginalized Which of these forms have particularly attracted women Such questions are central to London's analysis of the challenge that women's literary collaboration presents to accepted notions of authorship Focusing on British texts from the nineteenth and twentieth centuries she considers a fascinating variety of works by largely noncanonical and in some instances highly unconventional authors from the enormously popular novels composed by writing teams at the turn of the century to the Brontë juvenilia and the occult scripts of Georgie Yeats and W B Yeats to automatic writings produced by mediums purporting to be in communication with the spirit world
