Can they outrun fate and save the world, or will their desires become their undoing? **Lost Lands, Forgotten Realms** Bob Curran, 2007-11-15. A

comprehensive encyclopedia of fantastic places straddling the nebulous borderlands between fact and fantasy. Frank Joseph, author of *Opening the Ark of the Covenant*. There are places that turn up in literature or in film, mystical and legendary places whose names may be familiar but about which we know little. We nod knowingly at the reference but are often left wondering about places such as Atlantis, the lost land overwhelmed by the sea, or El Dorado, the fabulous city that vanished somewhere in the South American jungles. Other names are more evocative: Mount Olympus, the Garden of Eden, the mystic Isle of Avalon, and Davy Jones' Locker. But did such places actually exist, and if so, where were they and what really happened? What are the traditions and legends associated with them? In the fascinating book *Lost Lands, Forgotten Realms*, historian Dr. Bob Curran sets out to find the answers by journeying to the far-flung corners of the world and to the outer reaches of human imagination. In this fascinating encyclopedia of places that time forgot, Irish psychologist and historian Dr. Bob Curran brings the legends alive. *Nexus* magazine. Learned and erudite yet written in an accessible and exceptionally readable style, this book is invaluable for those interested in the mysteries of vanished civilizations. Brian Haughton, author of *Hidden History*.

Forthcoming Books Rose Army, 2003 **two glastonbury legends** Joseph Armitage Robinson, *Two Glastonbury Legends* Joseph Armitage Robinson, 1926 **Australian Books and Authors in the American Marketplace**

1840s-1940s David Carter, Roger Osborne, 2018-07-02. *Australian Books and Authors in the American Marketplace 1840s-1940s* explores how Australian writers and their works were present in the United States before the mid-twentieth century to a much greater degree than previously acknowledged. Drawing on fresh archival research and combining the approaches of literary criticism, print culture studies, and book history, David Carter and Roger Osborne demonstrate that Australian writing was transnational long before the contemporary period. In mapping Australian literature's connections to British and US markets, their research challenges established understandings of national, imperial, and world literatures. Carter and Osborne examine how Australian authors, editors, and publishers engaged productively with their American counterparts and how American readers and reviewers responded to Australian works. They consider the role played by British publishers and agents in taking Australian writing to America and how the international circulation of new literary genres created new opportunities for novelists to move between markets. Some of these writers, such as Christina Stead and Patrick White, remain household names; others, who once enjoyed international fame, such as Dale Collins and Alice Grant Rosman, have been largely forgotten. The story of their books in America reveals how culture, commerce, and copyright law interacted to create both opportunities and obstacles for Australian writers. *Complete Guide to Celtic Mythology* Bob Curran, 2000. The Celtic world

is a rich source of myth and legend and this attractive volume aims to introduce the subject to a wide audience Following a general history of Celts and druids Curran presents extracts or summaries of myths that tell the stories of saints giants and monsters sea gods earth and air spirits sacred sites and heroes Storytelling in the Celtic tradition is shown to be still alive in the far west of Britain Each section is accompanied by numerous photographs of Celtic sites and past and present artistic representations of the legends
