A Physiology of Conversion and Brain-washing ,1957 **Brainwashing** Massimo Introvigne,2022-07-21 The events of January 6 2021 gave new currency to the idea of brainwashing Some claimed that Trump s followers had been brainwashed while others insisted that a deep state had brainwashed most Americans into accepting a rigged election Scholars who explain that brainwashing theories have long been rejected by most academics and courts of law find it difficult to be heard Brainwashing nevertheless remains a convenient explanation of how seemingly normal citizens convert to unusual religious or political ideologies This Element traces its origins to the idea that conversion to deviant beliefs is due to black magic A more scientific hypnosis later replaced magic and the Cold War introduced the supposedly infallible technique of brainwashing From the 1960s new religious movements more commonly called cults were accused of using brainwashing Most scholars of religion reject the theory as pseudoscience but the controversy continues to this day **The Routledge Handbook of Language and Mind Engineering** Chris Shei,James Schnell,2024-04-16 The Routledge Handbook of Language and Mind Engineering is a comprehensive work that delves into the complex interplay between language culture politics and media in shaping the human mind The book is divided into five main sections each exploring different aspects of mind engineering I Political Mind Engineering II Commercial Mind Engineering III Media Culture and Mind Engineering IV Linguistic and Semiotic Analysis of Mind Engineering V Mind Engineering in Educational Settings The book provides a multi dimensional perspective on how language media culture and politics intersect to shape individuals thoughts and beliefs It highlights the diverse methods and contexts in which mind engineering occurs making it a valuable resource for scholars researchers and policymakers interested in understanding the complexities of contemporary discourse and manipulation of human thought The contents of this cutting edge handbook will engage all undergraduate postgraduate PhD students and scholars and researchers at all levels in fields such as languages linguistics politics communication studies media studies and psychology Chapter 15 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY International license Chapter 17 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No

Brutal Minds Stanley K. Ridgley, 2023-05-16 If you are scratching your head as to how radicals could have seized control in Washington and of American media while defaming American democracy as a white supremacist nightmare look no further than the left's transformation of American universities into ideological boot camps for Marxist treachery Brutal Minds is a model of clarity and straight talk about this national tragedy whose destructive energies have yet to run their course DAVID HOROWITZ Bestselling Author of Final Battle Much of university life is controlled by subsidized paranoiacs amateur psychotherapists neo
