The Best Of Racing Post:

UK Horse Racing Betting Systems Mark Horrocks, I graduated from University with a computer science degree many years ago when a degree meant something I was always interested in horse racing and was fascinated in solving the UK horse racing form puzzle I started my own computer business in my early 20 s where I made good money and travelled across Europe It was at this point in my life I decided to start a horse tipping business where I had weekly full page colour adverts in the Racing Post at 2K per advert and offices I left the running of this horse tipping business to staff who were responsible for all parts of the business while I concentrated on my computer business In my late 30 s around 1990 I decided to use my computer skills to computerise and model UK horse racing form using a database built with 10 years of detailed horse racing form It was over a period of 2 years that I concentrated my efforts on UK handicap races in conjunction with the betting exchange Betfair This is where I believed maximum profit could be gained The computer model allowed me to process 100 s of handicap races per day and then formulate my system tweaking a horse s weight and BHB or OR Official Rating I must confess this was a difficult puzzle to crack even with a computer program that I wrote to crunch the data I eventually found the correct weight and BHB rating for a horse based on it s last performances in handicap races This eBook outlines this system and can be manually applied easily using the Racing Post on the internet *The Best of Racing Post* John Lovesey,1992 *Picking Winners No Problem* M C Horrocks, Introduction The title of this book is a bold statement and one cannot really state this unless you put your money where your mouth is I have written many books around UK horse racing systems and this one I really enjoyed due to the simplicity of this horse racing system and how easy it is to apply The system uses the excellent free racing post website where you can obtain all the form data you need to use this system Plus you do not have to be a form expert to understand it I personally think horse racing pundits make heavy weather of horse racing form i e looking at a horse s breeding and many other factors I think this information just confuses the average punter I have added a special bonus horse laying system in this book and I think you will enjoy it This laying system is so easy to follow you will look back at all the bets you have placed in the past and wonder how did I get it so wrong Yes it will hurt knowing how much money you lost when you should have not Moving back onto the horse backing system picking winners will be very easy for you and even more you will gain confidence and control in your betting This horse racing system normally picks 2 to 3 horses per day in UK handicap horse racing markets You should aim at using Betfair to place your bets due to the better prices and in play tactic I will show you in this book Understand the system before placing bets I hope you enjoy it [Sixty Years of Jump Racing](#) Robin Oakley,2017-03-09 Robin Oakley brings alive the colourful world of those who ride and train jumping horses With elegant production and gripping images Sixty Years of Jump Racing chronicles the social and economic changes which have brought the sport s ups and downs like the development of sponsorships and syndicate ownership the near loss of the Grand National the growing domination of the Cheltenham Festival and the growth of all

weather racing to meet the bookies demands for betting shop fodder Pace and colour is provided by stories of the horses who have been taken to the heart of racing crowds like the Irish trained hurdler Istabraq and Best Mate the three times winner of the Cheltenham Gold Cup for England Famous rivalries and memorable races are re lived and key victories revisited in portraits of and interviews with the owners jockeys and trainers who have dominated the sport The emphasis will be largely on the past fifty years from Arkle to Tony McCoy but a significant introduction by Edward Gillespie encapsulates the past history of what was previously known as National Hunt Racing and sets the stories in context

The Little Book of Horse Racing Anne Holland,2014-10-06 Do you know what the oldest horse race in Britain is where the term gee gee comes from or who is credited with bringing racing to Ascot Fact packed but light hearted in style this reliable reference book and quirky guide reveals little known facts details of classic races famous riders racing records amusing anecdotes and criminal goings on A compendium of the fascinating strange and entertaining The Little Book of Horse Racing can be dipped into time and time again to reveal something new about this ancient sport

The Two Step Horse Racing System M C Horrocks, The system works for UK Handicap and Non Handicap races but I tend to favour Handicap races as the prices are larger I will concentrate only on Handicap races in this book In summary the system works on two form variables that can be obtained from the Racing Post website and a race can be assessed in 5 minues This horse racing system can find winners of a UK horse race very quickly and allows punters who have busy lives to assess horse form very quickly I wrote this horse racing system as I had many emails from punters who wanted to have a bet on Saturday or day at the races but did not want to spend hours reading horse form This system can benefit novice to professional punters

The Language of Horse Racing Gerald Hammond,2016-04-15 In dictionary form but offering much more than dictionary definitions The Language of Horse Racing presents a guide to the history development and usage of words and phrases employed on the racecourse by those who train and look after horses those who ride them and those who lose their money betting on them Here the reader will discover exactly what the distance is and why it is so called what the cap was in handicap what relation the wild goose chase had to the steeple chase what is dead about a dead heat and what the differences are between getting in getting on getting out and getting up The Language of Horse Racing also reveals the language of the racecourse including the bizarre vocabulary of betting from the betting boots that early bookies put on to the faces heads sharks and sharps who feed off the buzz and whisper that go round the ring

Racing Around Britain Stephen Cartmell,2004-01-02 As relief from his lecturing duties Stephen Cartmell set off to explore Britain using the cultural melting pot of the U K s 59 racecourses as his staging posts During his travels the author observed the frequent absurdity of the British the peculiarities of their institutions and developed a satirical critique of one of the country s favourite pastimes ability to find humour even in the face of petty officialdom this acclaimed book is not simply a travelogue of racing but a key to understanding Britain and its curiously comical inhabitants Racegoer traveler or first time visitor Stephen Cartmell s stories are sure to add colour to your journey

Racing for America James C. Nicholson, 2021-04-06 On October 20 1923 at Belmont Park in New York Kentucky Derby champion Zev toed the starting line alongside Epsom Derby winner Papyrus the top colt from England to compete for a 100 000 purse Years of Progressive reform efforts had nearly eliminated horse racing in the United States only a decade earlier But for weeks leading up to the match race that would be officially dubbed the International unprecedented levels of newspaper coverage helped accelerate American horse racing's return from the brink of extinction In this book James C Nicholson explores the convergent professional lives of the major players involved in the Horse Race of the Century including Zev's oil tycoon owner Harry Sinclair and exposes the central role of politics money and ballyhoo in the Jazz Age resurgence of the sport of kings Zev was an apt national mascot in an era marked by a humming industrial economy great coziness between government and business interests and reliance on national mythology as a bulwark against what seemed to be rapid social cultural and economic changes Reflecting some of the contradiction and incongruity of the Roaring Twenties Americans rallied around the horse that was in the words of his owner racing for America even as that owner was reported to have been engaged in a scheme to defraud the United States of millions of barrels of publicly owned oil Racing for America provides a parabolic account of a nation struggling to reconcile its traditional values with the complexity of a new era in which the US had become a global superpower trending toward oligarchy and the world's greatest consumer of commercialized spectacle

Jenny Pitman: The Autobiography Jenny Pitman, 2012-02-29 Jenny Pitman's success has been won against the odds An outsider in the privileged world of racing she has nevertheless turned herself into one of the most successful trainers in Britain today And as a woman in a male dominated profession she has been forced to work doubly hard for her achievements Jenny's love of horses has dominated her life Born on a modest Leicestershire farm without gas electricity or running water she joined a racing yard at the age of fifteen While still in her teens she married jockey Richard Pitman and together they set up a stable Before long Jenny became one of the very first women to be granted a professional licence to train horses Despite the subsequent break up of her marriage and financial hardship Jenny soon managed to establish herself in her own right as a fully fledged trainer Since then horses such as Garrison Savannah and Burrough Hill Lad have etched the Pitman name deeply in the record books Jenny has trained the winners of all five major Nationals and two Cheltenham Gold Cups With Corbiere in 1983 Jenny became the first woman trainer to win the Grand National and she is still the only one to have done so In 1993 her horse Esha Ness won the National that never was Two years later the notoriously difficult horse Royal Athlete won her this prestigious race for a second time The success of Jenny's Lambourn stables has been very much a family affair Like his father Jenny's son Mark also became a successful jockey He rode many of her horses to victory and on retiring as a jockey worked as assistant trainer to his mother before setting up on his own In 1997 after an eighteen year engagement Jenny married her long term companion David Stait In the 1998 New Year's Honours list she was awarded the OBE Her fierce will to succeed her tenacity and her courage to fight for what she believes

in both professionally and personally these are the foundations on which Jenny Pitman has built her life Her frank and lively autobiography reflects this spirit
