Scripture The starting point is Pope Benedict's affirmation that a faith-filled understanding of sacred Scripture must always refer back to the liturgy *Verbum Domini* 52 The first part of the book based on SC 24 provides significant examples to demonstrate The liturgical order of readings intertextually combines Old Testament and New Testament readings using manifold hermeneutical principles specifically how the psalms show the wide range of interpretations the liturgy employs Prayers are biblically inspired and help to appropriate Scripture personally The hymns convey Scripture in a poetic way Signs and actions such as foot washing or the Ephphetha rite enact Scripture The study considers the Mass the sacraments and the Liturgy of the Hours In the second part Benini systematically focuses on the various dimensions of liturgical hermeneutics of the Bible which emerge from the first part The study reflects the approaches the liturgy offers to Scripture and its liturgical reception It explores theological aspects such as the unity of the two Testaments in Christ's paschal mystery or the anamnesis as a central category in both Scripture and liturgy The liturgy does not understand Scripture primarily as a document of the past but celebrates it as a current and living Word of the Lord as a medium of encounter with God Scripture is sacramental Liturgical Hermeneutics of Sacred Scripture seeks to contribute not only to the comparison of the Roman Ambrosian and Byzantine Rite regarding the Word of God but most of all to the overall liturgical approach to Scripture As such it promotes an interdisciplinary dialogue of liturgical and biblical studies
