The Biblical Doctrine Of Man Trinity Paper No 7:

Dignity and Destiny John F. Kilner, 2015-01-08 Misunderstandings about what it means for humans to be created in God's image have wreaked devastation throughout history for example slavery in the U S genocide in Nazi Germany and the demeaning of women everywhere In *Dignity and Destiny* John Kilner explores what the Bible itself teaches about humanity being in God's image He discusses in detail all of the biblical references to the image of God interacts extensively with other work on the topic and documents how misunderstandings of it have been so problematic People made according to God's image Kilner says have a special connection with God and are intended to be a meaningful reflection of him Because of sin they don't actually reflect him very well but Kilner shows why the popular idea that sin has damaged the image of God is mistaken He also clarifies the biblical difference between being God's image which Christ is and being in God's image which humans are He explains how humanity's creation and renewal in God's image are central respectively to human dignity and destiny Locating Christ at the center of what God's image means Kilner charts a constructive way forward and reflects on the tremendously liberating impact that a sound understanding of the image of God can have in the world today *The Catholic Periodical and Literature Index*, 1983 *The Presbyterian Philosopher* Douglas J. Douma, 2017-01-24 This is the story of Gordon Clark 1902-85 respected philosopher and prolific writer who held that Christianity as a logically coherent system is superior to all other philosophies Clark fought no wars and conquered no kingdoms Yet he was a leading figure in many theological wars fought for the Kingdom of God These battles for the minds and souls of men were every bit as crucial as physical wars between nations In an age of increasing secularization he put up an intellectual defense of the Christian faith This faith he believed was a system All of its parts link together a luxury of no other philosophy His stance shows a Christianity that is in fact intellectual not relying on appeals to emotion or experience In propounding this view he encountered frequent opposition not from the secular world but from within his own denomination This biography helps explain why his thought was so profound why resistance mounted against him and how his struggles impacted American Presbyterianism Additionally this book calls for a reappraisal of Clark's views which have been maligned by controversy Understanding and applying his views could significantly fortify Christians combating irrational and non systematic ideas prevalent in today's churches **Books in Print**, 1994 **The Papers of Henry Laurens** Henry Laurens, 1968

Trinitarian Personhood Bill Ury, 2002-02-01 The concept of the person is a crucial yet elusive component in the development of Western thought Few concepts are as replete with definitional difficulty Equally important is the application of a proper definition to all major Christian doctrinal commonplaces This work recognizing the insufficiency of modern theology to offer a cogent concept of person proposes a thorough historical and theological evaluation of Trinitarian personhood presented in three critical paradigm shifts by which one can measure the development of the idea of true personhood presented The three watershed eras of discernment of divine personhood presented are seen here as first the

Cappadocian position of the mutual indwelling perichoresis of the divine persons is contrasted with Augustine's view of the place of relations in defining divine persons. Second, the ideas of Richard of St Victor whose *caritas consummata* and its relational implications met the nemesis of the Thomistic category of subsistent relations. And last, as an example of this important discussion in modernity, the German Heribert Mühlen's dynamic phenomenological approach to Trinitarian personhood is offered as a means of countering the implicit modalisms of Barth and Rahner. If the personhood of God is in essence Being in Another, then Christianity must apply that ontology to all sectors of reality to be fully Christian. *Forthcoming Books*
