**Identity and Democracy** O. Bedford, K. Hwang, 2006-09-02 This book examines the issues of democracy nationalism and strengthening Taiwan consciousness in the light of the campaign strategies employed in Taiwan s 2004 presidential and legislative election from the perspective of the Taiwanese people and Taiwanese culture Particular attention is paid to the mindset of the opposition party Annual Report of the American Bible Society American Bible Society, 1896 Together with a list of auxiliary and cooperating societies their officers and other data Indian National Bibliography B. S. Best Actress Stephen Tapert, 2020 Showcasing a dazzling collection of 200 photographs many of which have never before been seen this lavishly illustrated book offers a captivating historical social and political examination of the first 75 women from Janet Gaynor to Emma Stone to have won the coveted and legendary Academy Award for Best Actress t Our Racist Heart? Geoffrey Beattie, 2013-05-07 Few people today would admit to being a racist or to making Actress assumptions about individuals based on their skin colour or on their gender or social class In this book leading psychologist Geoffrev Beattie asks if prejudice more subtle than before is still a major part of our everyday lives Beattie suggests that implicit biases based around race are not just found in small sections of our society but that they also exist in the psyches of even the most liberal educated and fair minded of us More importantly the book outlines how these hidden attitudes and prejudices can be revealed and measured and how they in turn predict behaviours in a number of important social situations Our Racist Heart takes a fresh look at our racial attitudes using new technology and experimental approaches to show how unconscious biases influence our everyday actions and thinking These groundbreaking results are brought to life using the author's own experiences of class and religious prejudice in Northern Ireland and are also discussed in relation to the history of race racism and social psychological theory **Creativity, Wisdom, and Trusteeship** Anna Craft, Howard Gardner, Guy Claxton, 2007-12-13 In today s teach to the test climate do we ever need a book about wisdom and creativity Our focus as educators is enriched by this book Robert Di Giulio Professor Johnson State College Creativity wisdom and trusteeship may each sound good enough in itself but the contributors to this volume make a compelling case for how much they need one another David Perkins Professor Harvard University How do creativity wisdom and trusteeship translate into excellent and ethical educational practices This important new volume from Anna Craft Howard Gardner and Guy Claxton focuses on the need to educate for wise creativity so that students will learn to expand their perspectives and exercise their talents responsibly within their school community and in the real world The editors theories plus contributions from noted scholars Dean Keith Simonton David Henry Feldman Jonathan Rowson Helen Haste Patrick Dillon Hans Henrik Knoop Christopher Bannerman Robert J Sternberg and Dave Trotman develop a concept of teachers as trustees or respected nonpartisan role models who can exercise wise creativity in their classrooms and cultivate this quality in their students The book explores a wide range of questions such as What is the nature of creativity and wisdom and what does it mean to exercise a balance between the two What do creativity wisdom and trusteeship look like in society and in the school community How can schools educate for creativity tempered by wisdom What does it take to nurture trustee leadership in the classroom and schoolwide Thought provoking and incisive Creativity Wisdom and Trusteeship is essential reading for all members of the educational Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 Transcend Scott Barry Kaufman, PhD,2020-04-07 A bold reimagining of United States. Internal Revenue Service, 2002 Maslow's famous hierarchy of needs and new insights for realizing your full potential and living your most creative fulfilled and connected life When psychologist Scott Barry Kaufman first discovered Maslow's unfinished theory of transcendence sprinkled throughout a cache of unpublished journals lectures and essays he felt a deep resonance with his own work and life In this groundbreaking book Kaufman picks up where Maslow left off unraveling the mysteries of his unfinished theory and integrating these ideas with the latest research on attachment connection creativity love purpose and other building blocks of a life well lived Kaufman's new hierarchy of needs provides a roadmap for finding purpose and fulfillment not by striving for money success or happiness but by becoming the best version of ourselves or what Maslow called self actualization While self actualization is often thought of as a purely individual pursuit Maslow believed that the full realization of potential requires a merging between self and the world We don't have to choose either self development or self sacrifice but at the highest level of human potential we show a deep integration of both Transcend reveals this level of human potential that connects us not only to our highest creative potential but also to one another With never before published insights and new research findings along with exercises and opportunities to gain insight into your own unique personality this empowering book is a manual for self analysis and nurturing a deeper connection not only with our highest potential but also with the rest The Rise, Spread, and Decline of Brazil's Participatory Budgeting Brian Wampler, Benjamin of humanity Goldfrank, 2022-01-03 This book examines the rise spread and decline of participatory budgeting in Brazil In the last decade of the twentieth century Brazil became a model of participatory democracy for activists practitioners and scholars However some thirty years later participatory budgeting is in steep decline and on the verge of disappearing from Brazil Drawing from institutional political choice civil society and public administration literature this book generates theory that accounts for the rise and fall of an innovative democratic institution It examines what the arc of the creation spread and decline of participatory budgeting tells us about the long term viability and potential democratic impact of this innovative democratic institution as it spreads globally Will the same inverted trajectory plague other countries in the future or will they be able to sustain participatory budgeting for greater periods of time Socio-Legal Integration Agnieszka Kubal, 2016-04-01 This book examines how contemporary migrants form and transform their involvement with the law in their host countries and which factors influence this relationship It suggests a more comprehensive insight into the socio legal integration of migrants by analysing the interplay between the new legal environment and migrants existing culturally derived values attitudes behaviour and social expectations towards law and law enforcement Acknowledging the superdiversity of migration as a

global issue the book uses the case study of Polish post 2004 EU Enlargement migrants to examine values and attitudes to the rules that govern their work and residence in the UK and to the legal system in general With wider international relevance than just Poland and the UK this book makes a case for the meaningful employment of legal culture in socio legal integration research and suggests far reaching consequences for host countries and their immigrant communities

**Citizen Spies** Joshua Reeves, 2017-03-28 The history of recruiting citizens to spy on each other in the United States Ever since the revelations of whistleblower Edward Snowden we think about surveillance as the data tracking digital technologies used by the likes of Google the National Security Administration and the military But in reality the state and allied institutions have a much longer history of using everyday citizens to spy and inform on their peers Citizen Spies shows how If You See Something Say Something is more than just a new homeland security program it has been an essential civic responsibility throughout the history of the United States From the town crier of Colonial America to the recruitment of youth through junior police to the rise of Neighborhood Watch AMBER Alerts and Emergency 9 1 1 Joshua Reeves explores how ordinary citizens have been taught to carry out surveillance on their peers Emphasizing the role humans play as seeing and saying subjects he demonstrates how American society has continuously fostered cultures of vigilance suspicion meddling snooping and snitching Tracing the evolution of police crowd sourcing from Hue and Cry posters and America s Most Wanted to police affiliated social media as well as the U S s recurrent anxieties about political dissidents and ethnic minorities from the Red Scare to the War on Terror Reeves teases outhow vigilance toward neighbors has long been aligned with American ideals of patriotic and moral duty Taking the long view of the history of the citizen spy this book offers a much needed perspective for those interested in how we arrived at our current moment in surveillance culture and contextualizes contemporary trends in policing Nature-Inspired Computing Nazmul H. Siddique, Hojjat Adeli, 2017-05-19 Nature Inspired Computing Physics and Chemistry Based Algorithms provides a comprehensive introduction to the methodologies and algorithms in nature inspired computing with an emphasis on applications to real life engineering problems. The research interest for Nature inspired Computing has grown considerably exploring different phenomena observed in nature and basic principles of physics chemistry and biology The discipline has reached a mature stage and the field has been well established This endeavour is another attempt at investigation into various computational schemes inspired from nature which are presented in this book with the development of a suitable framework and industrial applications Designed for senior undergraduates postgraduates research students and professionals the book is written at a comprehensible level for students who have some basic knowledge of calculus and differential equations and some exposure to optimization theory Due to the focus on search and optimization the book is also appropriate for electrical control civil industrial and manufacturing engineering business and economics students as well as those in computer and information sciences With the mathematical and programming references and applications in each chapter the book is self contained and can also serve as a reference for researchers and scientists in the fields of system science natural computing and optimization Drunk Tank Pink Adam Alter, 2014-02-25 A New York Times bestseller A revelatory look at how our environment unconsciously yet dramatically shapes the judgments and decisions we make every day Most of us go through life believing that we are in control of the choices we make that we think and behave almost independently from the world around us But as Drunk Tank Pink illustrates the truth is our environment shapes our thoughts and actions in myriad ways without our permission or even our knowledge Armed with surprising data and endlessly fascinating examples Adam Alter addresses the subtle but substantial ways in which outside forces influence us such as color s influence on mood our bias in favor of names with which we identify and how sunny days can induce optimism as well as aggression Drunk Tank Pink proves that the truth behind our feelings and actions goes much deeper than the choices we take for granted every day Agricultural Ethics in East Asian Perspective Paul B. Thompson, Kirill O. Thompson, 2018-07-24 This book brings together agricultural ethics scholars from the US Japan and Taiwan to discuss crucial issues in agricultural ethics and sustainability ethics in comparative context Agricultural ethics and sustainability ethics are wide ranging and closely linked to environmental ethics bioethics virtue ethics animal welfare soil conservation not to mention rural traditions and lifestyles Six of the chapters cover historical traditions and values in Europe the US and East Asia Four of the chapters cover the role of virtue ethics in the analysis of agrarian and environmental ethics agricultural biotechnology food ethics and alternative agriculture respectively Finally two of the chapters cover field efforts of agricultural ethics involving preserving agricultural heritage and building consensus for sustainable farming respectively Although the papers are divided into three groups their contents are interconnected and mutually informative
