Hoppe, OFM,2023-01-15 Following the oracles of destruction that dominate the earlier portion of the book of Isaiah Part Two of our study covers Isaiah 40 66 emphasizing the majesty of God and the divine plan for Israel s restoration Leslie Hoppe s commentary continues to explore the history theology and poetry of this essential prophetic work making a case that Isaiah is not so much about divine retribution as it is about liberation and a return to God s loving embrace Commentary study and reflection questions prayers and access to online lectures are included 6 lessons *War of the Fathers - Part Two* Dan Decker,2015-05-07 Adar and Jorad flee Neberan after a devastating massacre They head to Zecarani in hopes of finding a relic from the past that might be the key to accessing the weapons of their fathers This is the second of three parts When the World was Black Part Two Supreme understanding,2013-02-02 When the World Was Black The Untold History of the World s First Civilizations Volume Two of The Science of Self series has been published in TWO parts Why two Because there are far too many stories that remain untold We had over 200 000 years of Black history to tell from the southern tip of Chile to the northernmost isles of Europe and you can t do that justice in a 300 page book So there are two parts each consisting of 360 pages of groundbreaking history digging deep into the story of all the world s original people Part One covers the Black

origins of all the world's oldest cultures and societies spanning more than 200 000 years of human history Part Two tells the stories of the Black men and women who introduced urban civilization to the world over the last 20 000 years up to the time of European contact Each part has over 100 helpful maps graphs and photos an 8 page full color insert in the center and over 300 footnotes and references for further research In this book you ll learn about the history of Black people I don't mean the history you learned in school which most likely began with slavery and ended with the Civil Rights Movement I'm talking about Black history BEFORE that Long before that In this book we ll cover over 200 000 years of Black history For many of us that sounds strange We can't even imagine what the Black past was like before the slave trade much less imagine that such a history goes back 200 000 years or more Part Two covers history from 20 000 years ago to the point of European contact This is the time that prehistoric cultures grew into ancient urban civilizations a transition known to historians as the Neolithic Revolution *The National Park System Plan, Part Two* United States.
