Abate, 1996 We all know the feeling trying to find a synonym for a word we turn to a thesaurus and find a group of words that might be right but the thesaurus doesn't provide us with definitions So we then turn to the dictionary to check the meanings for the entire list of new synonyms and after much flipping back and forth between thesaurus and dictionary finally decide upon an alternative Neither book by itself provides the full range of word choices But now The Oxford Dictionary and Thesaurus offers a thoroughly integrated blend of entries from the dictionary and the thesaurus This unified approach treating meanings and related words within the same entry makes it easy to find in one place an abundance of information about words and provides a far more thorough analysis of the variety and nuances of our language than is possible in a dictionary or thesaurus alone Oxford's American dictionary staff along with an international team of lexicographers have drawn on the unparalleled lexical resources of Oxford University Press the world's most respected authority on English language and dictionaries to make The Oxford Dictionary and Thesaurus the most wide ranging resource available It includes More than 190 000 definitions and 300 000 synonyms thoroughly integrated for ease of use Full coverage of English from around the globe braced off merry thought billabong Charles's Wain Hundreds of new words such as shareware carbon tax grunge and ram raid Valuable appendices including Selected Proverbs more than 1 000 new and old favorites such as Handsome is as handsome does A trouble shared is a trouble halved and There's many a good tune played on an old fiddle Terms for Animal Groups a gang of elk a troop of kangaroos a parliament of rooks Weights and Measures Chemical Elements Musical Notation Presidents of the U S Countries of the World Helpful points on English usage and much more No American dictionary or thesaurus offers as much as The Oxford Dictionary and Thesaurus It not only combines an up to date and thoroughly reliable dictionary of American English

with full thesaurus coverage but it also provides a unique global perspective of English the lingua franca of the late twentieth century *The Oxford Thesaurus of Current English* ,1998 **Oxford Thesaurus** Oxford University Press,1992 The Oxford Desk Thesaurus Laurence Urdang,1995 A desk edition of the acclaimed thesaurus offers features that ensure fast precise word selection a unique cross referencing system labels identifying words that are not standard English and grouping of synonyms if an entry has more than one sense UP
