The Paintings of J.M.W. Turner Martin Butlin,1984 **John Ruskin, J.M.W. Turner and the Art of Water** Carmen Casaloggi,2022-12-20 This book assesses Ruskin's and Turner's mutual interest in the theme of water with particular reference to *The Harbours of England* 1856 Ruskin's book on ships and marine art to which are appended Turner's 12 illustrations of the English ports By considering existing scholarly works on Ruskin and Turner the book begins by demonstrating that the two despite their widely acknowledged relations have rarely been examined in conjunction It raises the question as to how the subject of water inspired the intellectual aesthetic philosophical and scientific climate of the nineteenth century both in Britain and abroad and acknowledges the significance of the relationship between Ruskin and Turner in the context of aquatic studies Ruskin's childhood fascination with water is examined in detail while the scientific and spiritual importance of the subject in *Modern Painters* and *The Stones of Venice* is also emphasised and read in parallel with *The Harbours of England* a detailed account of which is given referring to both text and illustrations Turner's role in Ruskin's understanding of specific water pictures is also reconstructed The book demonstrates that water is important as a multifaceted compendium of contemporary themes for tradition progress nationalism and patriotism find their iconography in its depiction Considering the literary and painterly implications of wateriness the text concludes with a reflection upon the significance of the study of water for Ruskin and Turner and for their age **J.M.W. Turner and the Subject of History** Leo Costello,2017-07-05 J M W Turner and the Subject of History is an in depth consideration of the artist's complex response to the challenge of creating history paintings in the early nineteenth century Structured around the linked themes of making and unmaking of creation and destruction this book examines how Turner's history paintings reveal changing notions of individual and collective identity at a time when the British Empire was simultaneously developing and fragmenting Turner similarly emerges as a conflicted subject one whose artistic modernism emerged out of a desire to both continue and exceed his eighteenth century aesthetic background by responding to the altered political and historical circumstances of the nineteenth century **An Outline of 19th Century European Painting: Text** Lorenz Eitner,1987 The 418 plates illustrate the main movements of the period Neoclassicism Romanticism Realism Academics and Salon Painters and Impressionism Back cover Classified Catalogue of the Carnegie Library of Pittsburgh. 1907-1911 Carnegie Library of Pittsburgh,1913 Classified Catalogue of the Carnegie Library of Pittsburgh Carnegie Library of Pittsburgh,1914 *Cultivating Picturacy* James A. New York, 30 October 1989 - 21 January 1990] Katharine Baetjer, J. G. Links, Metropolitan Museum of Art (New York, N.Y.), 1989 **The American Bookseller**, 1879 Reading Cy Twombly Mary Jacobus, 2016-08-16 The first book on the central importance of literary sources in the paintings of Cy Twombly. Many of Cy Twombly's paintings and drawings include handwritten words and phrases naming or quoting poets ranging from Sappho, Homer and Virgil to Mallarmé, Rilke and Cavafy. Enigmatic and sometimes hard to decipher, these inscriptions are a distinctive feature of his work. Reading Cy Twombly poses both literary and art historical questions: How does poetic reference in largely abstract works affect their interpretation? Reading Cy Twombly is the first book to focus specifically on the artist's use of poetry. Twombly's library formed an extension of his studio and he sometimes painted with a book open in front of him. Drawing on original research in an archive that includes his paint-stained and annotated books, Mary Jacobus's account is richly illustrated with more than 125 color and black and white images. It unlocks an important aspect of Twombly's practice. Jacobus shows that poetry was an indispensable source of reference throughout Twombly's career as he said he never really separated painting and literature. Among much else, she explores the influence of Ezra Pound and Charles Olson; Twombly's fondness for Greek pastoral poetry and Virgil's *Eclogues*; the inspiration of the *Iliad* and Ovid's *Metamorphoses*; and Twombly's love of Keats and his collaboration with Octavio Paz. Twombly's art reveals both his distinctive relationship to poetry and his use of quotation to solve formal problems. A modern painter, he belongs in a critical tradition that goes back by way of Roland Barthes to Baudelaire. Reading Cy Twombly opens up fascinating new readings of some of the most important paintings and drawings of the twentieth century. *Landscape and Vision in Nineteenth-Century Britain and France* Michael Charlesworth, 2017-07-05 A study of the ways landscape was perceived in nineteenth-century Britain and France. This book draws on evidence from poetry, landscape gardens, spectacular public entertainments, novels and scientific works as well as paintings in order to develop its basic premise: that landscape and the processes of perceiving it cannot be separated. Vision embraces panoramic seeing from high places but also the seeing of ghosts and spectres when madness and hallucination impinge upon landscape. The rise of geology and the spread of empires upset the existing comfortable orders of comprehension of landscape. Reverie and imagination produced powerful interpretive actions while landscape in French culture proved central to the rejection of conservative classicism in favour of perceptual questioning of experience. The experience of subjectivity proved central to the perception of landscape while the visual culture of landscape became of paramount importance to modernity during the period in question. **Literary Gazette and Journal of Belles Lettres, Arts, Sciences, &c**, 1859 **Catalogue of the Reference Library** Birmingham Public Libraries, John Davies Mullins, 1890 *"The" Athenaeum*, 1859 *Athenaeum and Literary Chronicle*, 1859 *The Publishers Weekly*, 1879 Birmingham free libraries.
