The Age of the Moguls Stewart Holbrook, 2017-07-12 Vanderbilt Carnegie Rockefeller Ford Drew Fisk Harriman Du Pont Morgan Mellon Insull Gould Frick Schwab Swift Guggenheim Hearst these are only a few of the foundation giants that have changed the face of America They gave living reality to that great golden legend The American Dream Most were self made in the Horatio Alger tradition Those whose beginnings were blessed with wealth parlayed their inheritances many times through the same methods as their rags to riches compatriots shrewdness

ruthlessness determination or a combination of all three The Age of the Moguls is not overly concerned with the comparative business ethics of these men of money The best of them made deals purchased immunity and did other things which in 1860 1880 or even 1900 were considered no more than smart by their fellow Americans but which today would give pause to the most conscientiously dishonest promoter Holbrook does not pass judgments on matters that have baffled moralists economists and historians He is less concerned with how these men achieved their fortune as much as how they disbursed the funds Stewart Holbrook has written a brilliant and wholly captivating study of the days when America's great fortunes were built when futures were unlimited when tycoons trampled across the land Few writers today could range backwards and forwards in American history through the last century and a half and could take their readers to a dozen different sections of the country or combine the lives of over fifty famous men in such a way as to produce a continuous and exciting narrative of sponsored growth Leslie Lenkowsky's new introduction adds dimension to this classic study **Restless**

Travellers Antonio José Miralles Pérez, 2011-08-08 The first part of this book deals with Britain's imperial age its militants and its critics The selection of works generates a large field of debate explored using traditional or innovative approaches The 19th century is presented as a time for writers J E Aylmer E Marryat Norris G A Henty Conan Doyle who tell stories of Europeans venturing forth into uncivilised regions of the world where they meet other races But writers of a different outlook are also considered Before the twilight of Empire women were born in England Virginia Woolf and in Ireland Elizabeth Bowen who would use the ductile means of literature to narrate journeys into the female self instead of masculine tales set in distant lands The imperial experience is a subject of concern and reflection with special interest when authored by natives of former colonies such as Michael Ondaatje's Hindu Sirk hero in The English Patient and the Nigerian girls in some of Patience Agbabi's poems The idea of travelling into or out of the culture to which one apparently belongs and the contradictory feelings such an experience causes pervades the writer's mind and the ensuing narrative The second part can be regarded as a North American miscellany mostly devoted to the African culture although also dealing with European heritage In order to recognise Asian and South American influences as well authors such as Fred Wah Ariel Dorfman and Julia Alvarez have been included Black literature is represented by two 19th century writers Mary Ann Shadd and Martin R Delany who remind us of the fight against slavery and segregation and the path to equality Various 20th century writers Toni Morrison Ernest Gaines Harryette Mullen August Wilson address the African Americans quest for identity presented by some as a journey southwards away from the place of birth or an unsatisfactory life and in search of self knowledge in the land of their forefathers These journeys provide materials for different genres and tones enabling readers to examine the aspirations and fears of a community whose contribution to the history and literature of America has stimulated continuous study The two parts of the book are connected by the underlying discussion of essential conflicts that have occupied travellers traversing imperial spaces or experiencing foreign lands as well as travellers who instead of exotic adventures or romantic sojourns want to

settle in a new country be accepted by a nation their ancestors did not know or exercise rights they were denied on their native soil
