Portals of Power Lori M. Campbell, 2010-03-08 Fantasy writing like literature in general provides a powerful vehicle for challenging the status quo Via symbolism imagery and supernaturalism fantasy constructs secondary world narratives that both mirror and critique the political paradigms of our own world This critical work explores the role of the portal in fantasy investigating the ways in which magical nexus points and movement between worlds are used to illustrate real world power dynamics especially those impacting women and children Through an examination of high and low fantasy fairy tales children s literature the Gothic and science fiction the portal is identified as a living being place or magical object of profound metaphorical and cultural significance

Celtic Myth in Contemporary Children's Fantasy Dimitra Fimi, 2017-03-06 Runner up of the Katherine Briggs Folklore Award 2017 Winner of the Mythopoeic Scholarship Award for Myth Fantasy Studies 2019 This book examines the creative uses of Celtic myth in contemporary fantasy written for children or young adults from the 1960s to the 2000s Its scope ranges from classic children s fantasies such as Lloyd Alexander s *The Chronicles of Prydain* and Alan Garner s *The Owl Service* to some of the most recent award winning fantasy authors of the last decade such as Kate Thompson *The New Policeman* and Catherine Fisher *Darkhenge* The book focuses on the ways these fantasy works have appropriated and adapted Irish and Welsh medieval literature in order to highlight different perceptions of Celticity The term Celtic itself is interrogated in light of recent debates in Celtic studies in order to explore a fictional representation of a national past that is often romanticized and political

Four British Fantasists Charles Butler, 2006-04-25 *Four British Fantasists* explores the work of four of the most successful and influential fantasy writers of the generation who rose to prominence in the second Golden Age of children s literature in Britain Susan Cooper Alan Garner Diana Wynne Jones and Penelope Lively Drawing on history archeology social geography anthropology and postcolonial theory as well as literary criticism Butler provides a series of new perspectives through which to view these writers achievements He begins by highlighting some points of biographic coincidence e g all four authors were children during WWII all were born within a year or two of each other and all attended Oxford University in the early 1950s when C S Lewis and J R R Tolkien were publishing their seminal fantasies and questions if these factors play any significant role in the development of these fantasy writers The author then uses this question as the springboard for a case study in the assessment of biographical and literary influence The book also considers the role played by Britain itself in determining the shape and preoccupations of these writers fiction Britain is a land with a long history in which contemporary life is constantly juxtaposed with evidence of the past in the form of ancient buildings historic sites and archeological remains By placing the work of Cooper Garner Jones and Lively in the context of British culture and of their own time Butler provides a key to their fascination with history mythology and magic and to the ways in which that fascination has found expression in their fiction

Students of children s literature and of fantasy literature as well as readers who are interested in the lives of these four subject authors will find this an insightful read *Annual Report* Nebraska. State Railway Commission,1927
