The Red Army's Do-It-Yourself, Nazi-Bashing Guerrilla Warfare Manual Lester Grau, Michael Gress, 2020-01-10
The WWII Soviet guerilla training manual that became an essential text for freedom fighters across the globe complete with illustrations When Germany invaded the Soviet Union during World War II the Red Army began recruiting local partisans to help mount a resistance This edition of The Partisan s Companion is the last and best Red Army manual used to train these men to fight Nazi invaders Besides field craft it covers partisan tactics German counter guerrilla tactics demolitions German and Soviet weapons scouting camouflage anti tank warfare and anti aircraft defense for squad and platoon level instruction It contains the Soviet lessons of two bitter years of war and provides a good look at the tactics and training of a mature partisan force While this handbook was a vital part of Soviet victory over the Nazis its usefulness outlived the Second World War It was later used to train guerrilla groups in the developing world during their wars of national liberation in the 1950s 70s Even the fedayeen guerrillas who fought US and coalition forces in Iraq relied on this manual for training tactics and general approach to combat A selection of the Military Book Club

The Red Army Guerrilla Warfare Pocket Manual, 1943 Lester Grau, Michael Gress, 2019-11-19 The indispensable guerilla warfare manual first developed by the Russian military during WWII with a thorough introduction on its legendary history During the Second World War the Red Army developed The Partisan s Companion to train Soviet guerillas to fight Nazi invaders It contains the Soviet lessons of two bitter years of war covering field craft guerilla tactics German counter guerrilla tactics demolitions German and Soviet weapons scouting camouflage anti tank warfare and anti aircraft defense for squad and platoon level instruction It proved so effective that it was later used to train Third World guerrillas in their wars of national liberation during the 1950s 70s and even the Fedayeen guerrillas who fought US and coalition forces in Iraq The Soviet partisans moved and lived clandestinely harassed the enemy and supported the Red Army through reconnaissance and attacks on German supply lines They clearly frustrated German logistics and forced the Germans to periodically sideline divisions for rear area security The partisans and their handbook were a vital part of the eventual Soviet victory over Germany This pocket manual puts The Partisan s Companion in context explaining its importance

Handbook on German Military Forces United States. War Department, 1970

Handbook on German Military Forces Bob Carruthers, 2013-05-15 The Handbook On German Military Forces is an indispensable primary reference source for historians and enthusiasts In 1945 the Allies were still engaged in bitter fighting against stiff resistance from the German armies in the west The US War Department was determined to do its best to equip the US forces fighting the Germans in the field with as much knowledge as possible March 1945 saw the issue of an astonishing document entitled the Handbook On German Military Forces This was a truly remarkable work of intelligence gathering which formed a vast compendium of all the relevant knowledge amassed on the German Wehrmacht Amazingly accurate and comprehensive the Handbook ran to

over six hundred pages and was designed to equip commanders in the field with everything they were likely to need to know about the German forces The Handbook remained classified until 1953 and then slipped into obscurity This new paperback reprint rescues this great work from obscurity covering the psychology organisation tactics and operational aspects of the German forces The weapons machines aircraft and uniforms of the German forces are also documented within the Handbook The Handbook On German Military Forces is a fascinating primary reference source for historians and enthusiasts alike providing an invaluable insight into the detail of the German Army which is still an unrivaled source of information today
